- Meditations last 10 minutes.
- Please be prompt, just listen and enjoy!

Taking a brief pause for yourself during a busy day can help to reset and refresh!

Tips:
- Be in a quiet place where you won’t be disturbed.
- Mute your phone if you can or listen in a private place to lessen background noise.
- Mark your calendars to remind yourself and call in when you can!

Studies show that mindfulness meditation can help improve focus and concentration, promote relaxation, connect better with others and reduce stress and feelings of burnout!
