NOTE duration: "00:01:18.703"

NOTE Confidence: 0.9818911

00:00:00.080 --> 00:00:01.199 So most of the patients

NOTE Confidence: 0.9818911

00:00:01.199 --> 00:00:02.240 we see are patients who

NOTE Confidence: 0.9818911

00:00:02.240 --> 00:00:03.780 are diagnosed with breast cancer,

NOTE Confidence: 0.9818911

00:00:04.080 --> 00:00:05.120 who need some sort of

NOTE Confidence: 0.9818911

00:00:05.120 --> 00:00:06.640 a surgery for treatment, but

NOTE Confidence: 0.9818911

00:00:06.640 --> 00:00:08.160 we also do full scope

NOTE Confidence: 0.9818911

00:00:08.160 --> 00:00:09.760 of benign care. That means

NOTE Confidence: 0.9818911

00:00:09.760 --> 00:00:10.719 if you have a benign

NOTE Confidence: 0.9818911

00:00:10.719 --> 00:00:12.580 mass that's growing or uncomfortable,

NOTE Confidence: 0.9949619

00:00:13.485 --> 00:00:14.844 or need it removed for

NOTE Confidence: 0.9949619

00:00:14.844 --> 00:00:15.745 additional information,

NOTE Confidence: 0.97922134

00:00:16.045 --> 00:00:16.765 I am one of the

NOTE Confidence: 0.97922134

00:00:16.765 --> 00:00:17.805 kinds of surgeons that would

NOTE Confidence: 0.97922134

00:00:17.805 --> 00:00:18.945 help take care of you.

NOTE Confidence: 0.97922134

00:00:19.005 --> 00:00:20.364 Beyond that, we work with
NOTE Confidence: 0.97922134
00:00:20.364 --> 00:00:21.005 our partners,
NOTE Confidence: 0.9796583
00:00:21.404 --> 00:00:22.605 across the network to take
NOTE Confidence: 0.9796583
00:00:22.605 --> 00:00:23.404 care of people who are
NOTE Confidence: 0.9796583
00:00:23.404 --> 00:00:24.685 at high risk for developing
NOTE Confidence: 0.9796583
00:00:24.685 --> 00:00:26.445 breast cancer and help take
NOTE Confidence: 0.9796583
00:00:26.445 --> 00:00:27.325 care of them and get
NOTE Confidence: 0.9796583
00:00:27.325 --> 00:00:28.125 them set up with the
NOTE Confidence: 0.9796583
00:00:28.125 --> 00:00:29.970 kind of screening they need.
NOTE Confidence: 0.9796583
00:00:29.970 --> 00:00:31.650 I hope that patients can
NOTE Confidence: 0.9796583
00:00:31.650 --> 00:00:33.010 see the passion that I
NOTE Confidence: 0.9796583
00:00:33.010 --> 00:00:34.450 have for this job. I
NOTE Confidence: 0.9796583
00:00:34.450 --> 00:00:36.130 hope that the patients that
NOTE Confidence: 0.9796583
00:00:36.130 --> 00:00:37.489 come to see me know
NOTE Confidence: 0.9796583
00:00:37.489 --> 00:00:38.530 I'm here to listen to
NOTE Confidence: 0.9796583
00:00:38.530 --> 00:00:40.210 them and provide the kind

NOTE Confidence: 0.9796583
00:00:40.210 --> 00:00:41.809 of care that is best
NOTE Confidence: 0.9796583
00:00:41.809 --> 00:00:43.110 for them in their individualized
NOTE Confidence: 0.9796583
00:00:43.170 --> 00:00:44.575 situation. Situation. But it's also
NOTE Confidence: 0.9796583
00:00:44.575 --> 00:00:46.515 such a sacred and intimate
NOTE Confidence: 0.9796583
00:00:46.575 --> 00:00:48.355 thing to allow someone
NOTE Confidence: 0.97834015
00:00:49.135 --> 00:00:50.975 to care for you when
NOTE Confidence: 0.97834015
00:00:50.975 --> 00:00:52.255 you can't participate in the
NOTE Confidence: 0.97834015
00:00:52.255 --> 00:00:53.855 decision making. And so every
NOTE Confidence: 0.97834015
00:00:53.855 --> 00:00:55.295 time we go into the
NOTE Confidence: 0.97834015
00:00:55.295 --> 00:00:56.735 operating room, you know, I
NOTE Confidence: 0.97834015
00:00:56.735 --> 00:00:58.095 love holding my patient's hand
NOTE Confidence: 0.97834015
00:00:58.095 --> 00:00:58.890 as they go off to
NOTE Confidence: 0.97834015
00:00:58.890 --> 00:01:00.170 sleep, reminding them we're gonna
NOTE Confidence: 0.97834015
00:01:00.170 --> 00:01:01.050 take the best care of
NOTE Confidence: 0.97834015
00:01:01.050 --> 00:01:01.790 them possible,
NOTE Confidence: 0.98193717

00:01:02.170 --> 00:01:03.370 and then reminding everyone in
NOTE Confidence: 0.98193717

00:01:03.370 --> 00:01:04.990 the room what are, like,
NOTE Confidence: 0.98193717

00:01:05.050 --> 00:01:06.730 respectful and honorable thing we
NOTE Confidence: 0.98193717

00:01:06.730 --> 00:01:07.850 get to do by caring
NOTE Confidence: 0.98193717

00:01:07.850 --> 00:01:08.890 for them while they're asleep
NOTE Confidence: 0.98193717

00:01:08.890 --> 00:01:10.490 under anesthesia. It's really a
NOTE Confidence: 0.98193717

00:01:10.490 --> 00:01:11.530 privilege to do the job
NOTE Confidence: 0.98193717

00:01:11.530 --> 00:01:12.650 that we do, and my
NOTE Confidence: 0.98193717

00:01:12.650 --> 00:01:13.998 patients are what make the
NOTE Confidence: 0.98193717

00:01:13.998 --> 00:01:15.058 hard work worthwhile.
