NOTE duration: "00:01:18.703" NOTE Confidence: 0.9818911

 $00:00:00.080 \longrightarrow 00:00:01.199$ So most of the patients

NOTE Confidence: 0.9818911

 $00:00:01.199 \longrightarrow 00:00:02.240$ we see are patients who

NOTE Confidence: 0.9818911

 $00{:}00{:}02.240 \dashrightarrow 00{:}00{:}03.780$ are diagnosed with breast cancer,

NOTE Confidence: 0.9818911

 $00:00:04.080 \longrightarrow 00:00:05.120$ who need some sort of

NOTE Confidence: 0.9818911

 $00:00:05.120 \longrightarrow 00:00:06.640$ a surgery for treatment, but

NOTE Confidence: 0.9818911

 $00:00:06.640 \longrightarrow 00:00:08.160$ we also do full scope

NOTE Confidence: 0.9818911

 $00:00:08.160 \longrightarrow 00:00:09.760$ of benign care. That means

NOTE Confidence: 0.9818911

 $00:00:09.760 \longrightarrow 00:00:10.719$ if you have a benign

NOTE Confidence: 0.9818911

 $00:00:10.719 \longrightarrow 00:00:12.580$ mass that's growing or uncomfortable,

NOTE Confidence: 0.9949619

 $00:00:13.485 \longrightarrow 00:00:14.844$ or need it removed for

NOTE Confidence: 0.9949619

 $00:00:14.844 \longrightarrow 00:00:15.745$ additional information,

NOTE Confidence: 0.97922134

 $00{:}00{:}16.045 \dashrightarrow 00{:}00{:}16.765$ I am one of the

NOTE Confidence: 0.97922134

 $00{:}00{:}16.765 \dashrightarrow 00{:}00{:}17.805$ kinds of surgeons that would

NOTE Confidence: 0.97922134

 $00:00:17.805 \longrightarrow 00:00:18.945$ help take care of you.

NOTE Confidence: 0.97922134

 $00:00:19.005 \longrightarrow 00:00:20.364$ Beyond that, we work with

NOTE Confidence: 0.97922134

 $00:00:20.364 \longrightarrow 00:00:21.005$ our partners,

NOTE Confidence: 0.9796583

 $00:00:21.404 \longrightarrow 00:00:22.605$ across the network to take

NOTE Confidence: 0.9796583

 $00:00:22.605 \longrightarrow 00:00:23.404$ care of people who are

NOTE Confidence: 0.9796583

 $00:00:23.404 \longrightarrow 00:00:24.685$ at high risk for developing

NOTE Confidence: 0.9796583

 $00:00:24.685 \longrightarrow 00:00:26.445$ breast cancer and help take

NOTE Confidence: 0.9796583

 $00:00:26.445 \longrightarrow 00:00:27.325$ care of them and get

NOTE Confidence: 0.9796583

 $00:00:27.325 \longrightarrow 00:00:28.125$ them set up with the

NOTE Confidence: 0.9796583

 $00{:}00{:}28.125 \dashrightarrow 00{:}00{:}29.970$ kind of screening they need.

NOTE Confidence: 0.9796583

 $00:00:29.970 \longrightarrow 00:00:31.650$ I hope that patients can

NOTE Confidence: 0.9796583

00:00:31.650 --> 00:00:33.010 see the passion that I

NOTE Confidence: 0.9796583

 $00:00:33.010 \longrightarrow 00:00:34.450$ have for this job. I

NOTE Confidence: 0.9796583

 $00:00:34.450 \longrightarrow 00:00:36.130$ hope that the patients that

NOTE Confidence: 0.9796583

 $00:00:36.130 \longrightarrow 00:00:37.489$ come to see me know

NOTE Confidence: 0.9796583

 $00:00:37.489 \longrightarrow 00:00:38.530$ I'm here to listen to

NOTE Confidence: 0.9796583

 $00:00:38.530 \longrightarrow 00:00:40.210$ them and provide the kind

NOTE Confidence: 0.9796583

 $00:00:40.210 \longrightarrow 00:00:41.809$ of care that is best

NOTE Confidence: 0.9796583

 $00:00:41.809 \longrightarrow 00:00:43.110$ for them in their individualized

NOTE Confidence: 0.9796583

00:00:43.170 --> 00:00:44.575 situation. Situation. But it's also

NOTE Confidence: 0.9796583

 $00{:}00{:}44.575 --> 00{:}00{:}46.515$ such a sacred and intimate

NOTE Confidence: 0.9796583

00:00:46.575 --> 00:00:48.355 thing to allow someone

NOTE Confidence: 0.97834015

 $00:00:49.135 \longrightarrow 00:00:50.975$ to care for you when

NOTE Confidence: 0.97834015

 $00:00:50.975 \longrightarrow 00:00:52.255$ you can't participate in the

NOTE Confidence: 0.97834015

 $00:00:52.255 \longrightarrow 00:00:53.855$ decision making. And so every

NOTE Confidence: 0.97834015

 $00:00:53.855 \longrightarrow 00:00:55.295$ time we go into the

NOTE Confidence: 0.97834015

00:00:55.295 --> 00:00:56.735 operating room, you know, I

NOTE Confidence: 0.97834015

00:00:56.735 --> 00:00:58.095 love holding my patient's hand

NOTE Confidence: 0.97834015

 $00:00:58.095 \longrightarrow 00:00:58.890$ as they go off to

NOTE Confidence: 0.97834015

 $00{:}00{:}58.890 \dashrightarrow 00{:}01{:}00.170$ sleep, reminding them we're gonna

NOTE Confidence: 0.97834015

 $00:01:00.170 \longrightarrow 00:01:01.050$ take the best care of

NOTE Confidence: 0.97834015

 $00:01:01.050 \longrightarrow 00:01:01.790$ them possible,

NOTE Confidence: 0.98193717

 $00{:}01{:}02.170 \dashrightarrow 00{:}01{:}03.370$ and then reminding everyone in

NOTE Confidence: 0.98193717

 $00:01:03.370 \longrightarrow 00:01:04.990$ the room what are, like,

NOTE Confidence: 0.98193717

 $00{:}01{:}05.050 \dashrightarrow 00{:}01{:}06.730$ respectful and honorable thing we

NOTE Confidence: 0.98193717

 $00:01:06.730 \longrightarrow 00:01:07.850$ get to do by caring

NOTE Confidence: 0.98193717

 $00:01:07.850 \longrightarrow 00:01:08.890$ for them while they're as leep

NOTE Confidence: 0.98193717

 $00{:}01{:}08.890 \dashrightarrow 00{:}01{:}10.490$ under an esthesia. It's really a

NOTE Confidence: 0.98193717

 $00:01:10.490 \longrightarrow 00:01:11.530$ privilege to do the job

NOTE Confidence: 0.98193717

 $00:01:11.530 \longrightarrow 00:01:12.650$ that we do, and my

NOTE Confidence: 0.98193717

 $00:01:12.650 \longrightarrow 00:01:13.998$ patients are what make the

NOTE Confidence: 0.98193717

 $00:01:13.998 \longrightarrow 00:01:15.058$ hard work worthwhile.
