00:10:45.582 --> 00:10:48.480 to expert clinical care and research.  
NOTE Confidence: 0.8658487000000001

00:10:48.480 --> 00:10:50.898 Next, next step side in 2016,  
NOTE Confidence: 0.8658487000000001

00:10:50.900 --> 00:10:53.910 we opened the state of the Art  
NOTE Confidence: 0.8658487000000001

00:10:53.910 --> 00:10:55.607 Experimental Therapeutics unit next  
NOTE Confidence: 0.8658487000000001

00:10:55.607 --> 00:10:58.255 door to Smilow so that we have the  
NOTE Confidence: 0.8658487000000001

00:10:58.255 --> 00:11:00.568 ability for delivering to patients,  
NOTE Confidence: 0.8658487000000001

00:11:00.570 --> 00:11:02.600 really cutting edge new therapies  
NOTE Confidence: 0.8658487000000001

00:11:02.600 --> 00:11:05.409 that we think are moving the field.  
NOTE Confidence: 0.8658487000000001

00:11:05.410 --> 00:11:07.822 Today we have more than 450  
NOTE Confidence: 0.8658487000000001

00:11:07.822 --> 00:11:09.028 physicians and scientists.  
NOTE Confidence: 0.8658487000000001

00:11:09.030 --> 00:11:11.648 We now have care centers where our  
NOTE Confidence: 0.8658487000000001

00:11:11.648 --> 00:11:13.709 faculty and outstanding staff work  
NOTE Confidence: 0.8658487000000001

00:11:13.709 --> 00:11:15.874 across Connecticut and Rhode Island,  
NOTE Confidence: 0.8658487000000001

00:11:15.880 --> 00:11:18.694 where each of them is dedicated to  
NOTE Confidence: 0.8658487000000001

00:11:18.694 --> 00:11:21.019 being a destination expert center.  
NOTE Confidence: 0.8658487000000001

00:11:21.020 --> 00:11:23.030 Next slide.

NOTE Confidence: 0.8658487000000001  
00:11:23.030 --> 00:11:24.414 And by the way,  
NOTE Confidence: 0.8658487000000001  
00:11:24.414 --> 00:11:26.490 we have to renew that designation.  
NOTE Confidence: 0.8658487000000001  
00:11:26.490 --> 00:11:28.566 We have to compete for it.  
NOTE Confidence: 0.8658487000000001  
00:11:28.570 --> 00:11:30.640 Every five years we've been successful.  
NOTE Confidence: 0.8658487000000001  
00:11:30.640 --> 00:11:33.408 And frankly, in this last review in 2018,  
NOTE Confidence: 0.8658487000000001  
00:11:33.410 --> 00:11:35.702 we were praised by the National  
NOTE Confidence: 0.8658487000000001  
00:11:35.702 --> 00:11:38.163 Cancer Institute for being one of  
NOTE Confidence: 0.8658487000000001  
00:11:38.163 --> 00:11:39.879 their truly outstanding centers.  
NOTE Confidence: 0.8658487000000001  
00:11:39.880 --> 00:11:42.300 Next slide.  
NOTE Confidence: 0.8658487000000001  
00:11:42.300 --> 00:11:44.666 And you know this is our network,  
NOTE Confidence: 0.8658487000000001  
00:11:44.670 --> 00:11:45.684 as I say,  
NOTE Confidence: 0.8658487000000001  
00:11:45.684 --> 00:11:47.712 beyond our center in New Haven,  
NOTE Confidence: 0.8658487000000001  
00:11:47.720 --> 00:11:50.030 where I'm sitting moment at the moment  
NOTE Confidence: 0.8658487000000001  
00:11:50.030 --> 00:11:51.989 we have centers really across the  
NOTE Confidence: 0.8658487000000001  
00:11:51.989 --> 00:11:54.549 region and many of the folks on the  
NOTE Confidence: 0.8658487000000001

00:11:54.549 --> 00:11:56.539 call today represent those centers.  
NOTE Confidence: 0.8658487000000001

00:11:56.540 --> 00:11:58.622 And it really is our commitment  
NOTE Confidence: 0.8658487000000001

00:11:58.622 --> 00:12:00.428 to providing world class expert  
NOTE Confidence: 0.8658487000000001

00:12:00.428 --> 00:12:02.546 care to every community so that  
NOTE Confidence: 0.8658487000000001

00:12:02.546 --> 00:12:04.580 no patient ideally should have to  
NOTE Confidence: 0.8658487000000001

00:12:04.580 --> 00:12:06.398 travel more than 30 minutes to  
NOTE Confidence: 0.8658487000000001

00:12:06.398 --> 00:12:08.400 get access to world class care.  
NOTE Confidence: 0.8658487000000001

00:12:08.400 --> 00:12:10.392 Important access to novel therapies in  
NOTE Confidence: 0.8658487000000001

00:12:10.392 --> 00:12:12.130 clinical trials among other things.  
NOTE Confidence: 0.8658487000000001

00:12:12.130 --> 00:12:14.740 Next slide.  
NOTE Confidence: 0.8658487000000001

00:12:14.740 --> 00:12:16.896 You know the other key element of  
NOTE Confidence: 0.8658487000000001

00:12:16.896 --> 00:12:19.422 this is when you're when a patient  
NOTE Confidence: 0.8658487000000001

00:12:19.422 --> 00:12:21.714 and family are dealing with cancer,  
NOTE Confidence: 0.8658487000000001

00:12:21.720 --> 00:12:23.808 they want to see the expert,  
NOTE Confidence: 0.8658487000000001

00:12:23.810 --> 00:12:26.127 and that's one of the great things  
NOTE Confidence: 0.8658487000000001

00:12:26.127 --> 00:12:28.263 about our center we have expertise

NOTE Confidence: 0.8658487000000001

00:12:28.263 --> 00:12:30.405 across this range of cancer types

NOTE Confidence: 0.8658487000000001

00:12:30.405 --> 00:12:32.897 and we are continuing to expand our

NOTE Confidence: 0.8658487000000001

00:12:32.897 --> 00:12:35.231 pool of talent beyond what we have.

NOTE Confidence: 0.8658487000000001

00:12:35.231 --> 00:12:37.450 And I think many of our faculty

NOTE Confidence: 0.8658487000000001

00:12:37.520 --> 00:12:39.935 here in our our staff nurses here

NOTE Confidence: 0.8658487000000001

00:12:39.935 --> 00:12:42.308 today can speak to that expertise.

NOTE Confidence: 0.8658487000000001

00:12:42.310 --> 00:12:44.630 Next slide.

NOTE Confidence: 0.8658487000000001

00:12:44.630 --> 00:12:46.786 You know the other aspect is because

NOTE Confidence: 0.8658487000000001

00:12:46.786 --> 00:12:48.509 we are National Cancer Institute

NOTE Confidence: 0.8658487000000001

00:12:48.509 --> 00:12:50.711 Designated Center where we have labs

NOTE Confidence: 0.8658487000000001

00:12:50.711 --> 00:12:53.650 that are focused on discovery of new targets,

NOTE Confidence: 0.8658487000000001

00:12:53.650 --> 00:12:54.504 new therapies.

NOTE Confidence: 0.8658487000000001

00:12:54.504 --> 00:12:57.493 We are committed to moving those discoveries

NOTE Confidence: 0.8658487000000001

00:12:57.493 --> 00:13:00.535 in the lab to the clinic and next slide.

NOTE Confidence: 0.8658487000000001

00:13:00.540 --> 00:13:03.000 We really had a very productive

NOTE Confidence: 0.8658487000000001

00:13:03.000 --> 00:13:04.601 year this year, 2020,  
NOTE Confidence: 0.8658487000000001

00:13:04.601 --> 00:13:07.198 which is a cutting edge studies that  
NOTE Confidence: 0.8658487000000001

00:13:07.198 --> 00:13:09.970 define new treatments for colon cancer,  
NOTE Confidence: 0.8658487000000001

00:13:09.970 --> 00:13:12.020 head neck cancer, bladder cancer,  
NOTE Confidence: 0.8658487000000001

00:13:12.020 --> 00:13:14.070 genito, urinary cancer, prostate cancer,  
NOTE Confidence: 0.8658487000000001

00:13:14.070 --> 00:13:16.940 lung cancer among others, and next slide.  
NOTE Confidence: 0.8658487000000001

00:13:16.940 --> 00:13:18.990 What is really incredible is  
NOTE Confidence: 0.8658487000000001

00:13:18.990 --> 00:13:20.630 that an unprecedented feat.  
NOTE Confidence: 0.8658487000000001

00:13:20.630 --> 00:13:21.934 Which is this year?  
NOTE Confidence: 0.8658487000000001

00:13:21.934 --> 00:13:24.281 Studies by the Yale Cancer Center and  
NOTE Confidence: 0.8658487000000001

00:13:24.281 --> 00:13:26.521 Smilow Cancer Hospital will have led to  
NOTE Confidence: 0.8658487000000001

00:13:26.521 --> 00:13:29.050 four new drug approvals with the Food  
NOTE Confidence: 0.8658487000000001

00:13:29.050 --> 00:13:31.470 and Drug Administration in any any Goodyear.  
NOTE Confidence: 0.8658487000000001

00:13:31.470 --> 00:13:33.870 If you're lucky if you have one or  
NOTE Confidence: 0.8658487000000001

00:13:33.933 --> 00:13:35.767 zero for a Cancer Center to have  
NOTE Confidence: 0.8658487000000001

00:13:35.767 --> 00:13:37.894 four in a year is just reflective

NOTE Confidence: 0.865848700000001  
00:13:37.894 --> 00:13:40.680 of the sheer talent we have here.  
NOTE Confidence: 0.865848700000001  
00:13:40.680 --> 00:13:42.420 Next slide.  
NOTE Confidence: 0.865848700000001  
00:13:42.420 --> 00:13:45.244 So we can overlook the fact that we're  
NOTE Confidence: 0.865848700000001  
00:13:45.244 --> 00:13:47.149 obviously dealing with the pandemic,  
NOTE Confidence: 0.865848700000001  
00:13:47.150 --> 00:13:49.684 and I'm so proud of the leaders  
NOTE Confidence: 0.865848700000001  
00:13:49.684 --> 00:13:50.770 on this call  
NOTE Confidence: 0.88701975  
00:13:50.860 --> 00:13:54.096 with me, who have taken charge of making sure  
NOTE Confidence: 0.88701975  
00:13:54.096 --> 00:13:56.979 that our patients got the care they needed,  
NOTE Confidence: 0.88701975  
00:13:56.980 --> 00:14:00.256 that it was safe that our staff are safe,  
NOTE Confidence: 0.88701975  
00:14:00.260 --> 00:14:02.378 that we always could expand the  
NOTE Confidence: 0.88701975  
00:14:02.378 --> 00:14:04.620 capacity to provide care to patients,  
NOTE Confidence: 0.88701975  
00:14:04.620 --> 00:14:06.732 and most importantly our researchers not  
NOTE Confidence: 0.88701975  
00:14:06.732 --> 00:14:09.312 only continued their work in Cancer Research  
NOTE Confidence: 0.88701975  
00:14:09.312 --> 00:14:11.177 and developing new cancer treatments.  
NOTE Confidence: 0.88701975  
00:14:11.180 --> 00:14:13.766 They actually led the charge on.  
NOTE Confidence: 0.88701975

00:14:13.770 --> 00:14:16.374 As for Covid, which have been sort  
NOTE Confidence: 0.88701975

00:14:16.374 --> 00:14:18.189 of landmark publications this year,  
NOTE Confidence: 0.88701975

00:14:18.190 --> 00:14:21.312 that I think the field is is  
NOTE Confidence: 0.88701975

00:14:21.312 --> 00:14:23.680 greatly benefiting from next slide.  
NOTE Confidence: 0.88701975

00:14:23.680 --> 00:14:25.984 So it's been a tough haul and I'm not  
NOTE Confidence: 0.88701975

00:14:25.984 --> 00:14:28.447 going to deny the fact for all of us living  
NOTE Confidence: 0.88701975

00:14:28.447 --> 00:14:30.900 in these circumstances been challenged,  
NOTE Confidence: 0.88701975

00:14:30.900 --> 00:14:32.706 including doing this event by zoom,  
NOTE Confidence: 0.88701975

00:14:32.710 --> 00:14:35.660 but hope and vaccines are now on the way that  
NOTE Confidence: 0.88701975

00:14:35.734 --> 00:14:38.425 the news is full of the stories of these,  
NOTE Confidence: 0.88701975

00:14:38.430 --> 00:14:40.644 and I wanted to spend 'cause a lot of  
NOTE Confidence: 0.88701975

00:14:40.644 --> 00:14:42.936 the questions related to the vaccine.  
NOTE Confidence: 0.88701975

00:14:42.940 --> 00:14:45.300 I did want to share some some brief  
NOTE Confidence: 0.88701975

00:14:45.300 --> 00:14:47.055 background on this, so next slide.  
NOTE Confidence: 0.88701975

00:14:47.055 --> 00:14:48.910 So there are a number of vaccines  
NOTE Confidence: 0.88701975

00:14:48.974 --> 00:14:50.470 that are under development.

NOTE Confidence: 0.88701975

00:14:50.470 --> 00:14:52.472 The two that are farthest along which

NOTE Confidence: 0.88701975

00:14:52.472 --> 00:14:55.012 are likely to be approved by the food

NOTE Confidence: 0.88701975

00:14:55.012 --> 00:14:56.637 and drink and Drug Administration.

NOTE Confidence: 0.88701975

00:14:56.640 --> 00:14:57.980 This week or next,

NOTE Confidence: 0.88701975

00:14:57.980 --> 00:15:00.519 or the ones by Pfizer and Moderna

NOTE Confidence: 0.88701975

00:15:00.519 --> 00:15:03.195 which are so called RNA vaccines.

NOTE Confidence: 0.88701975

00:15:03.200 --> 00:15:07.718 I had to RNA vaccines work so next slide.

NOTE Confidence: 0.88701975

00:15:07.720 --> 00:15:10.698 What RNA is a a piece of genetic

NOTE Confidence: 0.88701975

00:15:10.698 --> 00:15:12.558 code that encodes a protein,

NOTE Confidence: 0.88701975

00:15:12.560 --> 00:15:15.038 and So what these vaccines do is

NOTE Confidence: 0.88701975

00:15:15.038 --> 00:15:17.595 they take this little piece of code

NOTE Confidence: 0.88701975

00:15:17.595 --> 00:15:20.191 which codes a piece of the chobit

NOTE Confidence: 0.88701975

00:15:20.191 --> 00:15:22.543 19 virus called the spike protein

NOTE Confidence: 0.88701975

00:15:22.543 --> 00:15:25.580 and puts it in a lipid or not,

NOTE Confidence: 0.88701975

00:15:25.580 --> 00:15:29.310 or a fat particle and then that code is in

NOTE Confidence: 0.88701975

00:15:29.400 --> 00:15:33.215 packaged into the vaccine which next slide.  
NOTE Confidence: 0.88701975

00:15:33.220 --> 00:15:36.754 Isn't next slide running is injected  
NOTE Confidence: 0.88701975

00:15:36.754 --> 00:15:40.930 into your arm such that next slide?  
NOTE Confidence: 0.88701975

00:15:40.930 --> 00:15:42.885 That little coding particle is  
NOTE Confidence: 0.88701975

00:15:42.885 --> 00:15:45.820 goes into into a cell in your arm,  
NOTE Confidence: 0.88701975

00:15:45.820 --> 00:15:48.375 where it then produces that spike protein  
NOTE Confidence: 0.88701975

00:15:48.375 --> 00:15:51.077 that protein that the virus normally makes,  
NOTE Confidence: 0.88701975

00:15:51.080 --> 00:15:53.705 but you don't have the virus in,  
NOTE Confidence: 0.88701975

00:15:53.710 --> 00:15:56.664 you just have that little protein and  
NOTE Confidence: 0.88701975

00:15:56.664 --> 00:15:59.238 what that protein does next slide.  
NOTE Confidence: 0.88701975

00:15:59.240 --> 00:16:01.550 Is it elicits an immune response,  
NOTE Confidence: 0.88701975

00:16:01.550 --> 00:16:03.475 so antibodies and immune cells  
NOTE Confidence: 0.88701975

00:16:03.475 --> 00:16:05.015 now recognize the protein,  
NOTE Confidence: 0.88701975

00:16:05.020 --> 00:16:07.654 even though you never got infected  
NOTE Confidence: 0.88701975

00:16:07.654 --> 00:16:10.799 with the virus such that next slide?  
NOTE Confidence: 0.88701975

00:16:10.800 --> 00:16:14.056 When you actually are exposed to the virus,

NOTE Confidence: 0.88701975

00:16:14.060 --> 00:16:16.892 your immune system already recognizes it

NOTE Confidence: 0.88701975

00:16:16.892 --> 00:16:20.787 and destroys it so that you don't get sick.

NOTE Confidence: 0.88701975

00:16:20.790 --> 00:16:23.078 And I want to be clear that this

NOTE Confidence: 0.88701975

00:16:23.078 --> 00:16:25.279 little piece of RNA gets destroyed

NOTE Confidence: 0.88701975

00:16:25.279 --> 00:16:27.224 almost immediately in your cells,

NOTE Confidence: 0.88701975

00:16:27.230 --> 00:16:29.252 so there's no lingering effect of

NOTE Confidence: 0.88701975

00:16:29.252 --> 00:16:31.300 the genetic code in your body.

NOTE Confidence: 0.88701975

00:16:31.300 --> 00:16:32.197 It's perfectly safe.

NOTE Confidence: 0.88701975

00:16:32.197 --> 00:16:34.290 And what do we know about these

NOTE Confidence: 0.88701975

00:16:34.350 --> 00:16:36.636 two vaccines with studies of over

NOTE Confidence: 0.88701975

00:16:36.636 --> 00:16:37.398 70,000 individuals?

NOTE Confidence: 0.88701975

00:16:37.400 --> 00:16:39.766 Is there safe and they appear to

NOTE Confidence: 0.88701975

00:16:39.766 --> 00:16:40.779 be 95% effective?

NOTE Confidence: 0.88701975

00:16:40.779 --> 00:16:41.437 And this,

NOTE Confidence: 0.88701975

00:16:41.437 --> 00:16:43.740 I think is a game changer into

NOTE Confidence: 0.88701975

00:16:43.807 --> 00:16:45.928 what our lives will be the next  
NOTE Confidence: 0.88701975

00:16:45.928 --> 00:16:48.043 of vaccine that you'll hear about  
NOTE Confidence: 0.88701975

00:16:48.043 --> 00:16:49.938 is 1 by AstraZeneca knoxford,  
NOTE Confidence: 0.88701975

00:16:49.940 --> 00:16:51.488 which essentially is.  
NOTE Confidence: 0.88701975

00:16:51.488 --> 00:16:53.036 In this case.  
NOTE Confidence: 0.88701975

00:16:53.040 --> 00:16:55.035 A modified virus that also  
NOTE Confidence: 0.88701975

00:16:55.035 --> 00:16:56.631 contains this capsid protein  
NOTE Confidence: 0.88701975

00:16:56.631 --> 00:16:58.999 and when given with the vaccine,  
NOTE Confidence: 0.8369293

00:16:59.000 --> 00:17:00.980 the virus, the capsid protein  
NOTE Confidence: 0.8369293

00:17:00.980 --> 00:17:02.564 from the modified virus,  
NOTE Confidence: 0.8369293

00:17:02.570 --> 00:17:04.550 which is a inert virus,  
NOTE Confidence: 0.8369293

00:17:04.550 --> 00:17:06.345 elicits an immune response and  
NOTE Confidence: 0.8369293

00:17:06.345 --> 00:17:08.920 that too seems to be affective,  
NOTE Confidence: 0.8369293

00:17:08.920 --> 00:17:11.976 although not quite as far along as the  
NOTE Confidence: 0.8369293

00:17:11.976 --> 00:17:14.480 current vaccines from Pfizer and Majorna.  
NOTE Confidence: 0.8369293

00:17:14.480 --> 00:17:17.400 What we suspect is that we will

NOTE Confidence: 0.8369293

00:17:17.400 --> 00:17:20.220 start to get shipments of this

NOTE Confidence: 0.8369293

00:17:20.220 --> 00:17:23.120 vaccine within the next week or two.

NOTE Confidence: 0.8369293

00:17:23.120 --> 00:17:25.856 The first phase of the vaccine will be

NOTE Confidence: 0.8369293

00:17:25.856 --> 00:17:27.869 administered to health care workers.

NOTE Confidence: 0.8369293

00:17:27.870 --> 00:17:30.481 Those people working on the frontline and

NOTE Confidence: 0.8369293

00:17:30.481 --> 00:17:32.638 what we anticipate happening after that

NOTE Confidence: 0.8369293

00:17:32.638 --> 00:17:35.530 is that it will be available to patients.

NOTE Confidence: 0.8369293

00:17:35.530 --> 00:17:38.211 How that will happen and when that

NOTE Confidence: 0.8369293

00:17:38.211 --> 00:17:40.687 happened and there's a lot of questions

NOTE Confidence: 0.8369293

00:17:40.687 --> 00:17:43.200 that came in about that is unclear.

NOTE Confidence: 0.8369293

00:17:43.200 --> 00:17:45.601 We think that as these systems or

NOTE Confidence: 0.8369293

00:17:45.601 --> 00:17:47.474 work through that cancer patients

NOTE Confidence: 0.8369293

00:17:47.474 --> 00:17:49.399 because of who they are,

NOTE Confidence: 0.8369293

00:17:49.400 --> 00:17:51.370 because the vulnerabilities will be

NOTE Confidence: 0.8369293

00:17:51.370 --> 00:17:53.340 a priority and we're optimistic.

NOTE Confidence: 0.8369293

00:17:53.340 --> 00:17:55.818 That in by the spring that cancer  
NOTE Confidence: 0.8369293

00:17:55.818 --> 00:17:58.287 patients will start to get access to it.  
NOTE Confidence: 0.8369293

00:17:58.290 --> 00:18:00.270 Alright evidence is that it's safe.  
NOTE Confidence: 0.8369293

00:18:00.270 --> 00:18:02.580 The latest data as recently as today,  
NOTE Confidence: 0.8369293

00:18:02.580 --> 00:18:03.570 is that matter.  
NOTE Confidence: 0.8369293

00:18:03.570 --> 00:18:04.890 How old you are,  
NOTE Confidence: 0.8369293

00:18:04.890 --> 00:18:06.655 no matter what the circumstances  
NOTE Confidence: 0.8369293

00:18:06.655 --> 00:18:08.761 you are that two injections of  
NOTE Confidence: 0.8369293

00:18:08.761 --> 00:18:10.453 the Pfizer or Moderna vaccine seem  
NOTE Confidence: 0.8369293

00:18:10.453 --> 00:18:12.478 to be very safe and effective,  
NOTE Confidence: 0.8369293

00:18:12.480 --> 00:18:14.712 and we have every reason to be that  
NOTE Confidence: 0.8369293

00:18:14.712 --> 00:18:16.832 it would be effective for patients  
NOTE Confidence: 0.8369293

00:18:16.832 --> 00:18:19.076 who have been treated for cancer.  
NOTE Confidence: 0.8369293

00:18:19.080 --> 00:18:21.649 And we we certainly are going to  
NOTE Confidence: 0.8369293

00:18:21.649 --> 00:18:23.669 encourage our staff to get this.  
NOTE Confidence: 0.8369293

00:18:23.670 --> 00:18:25.335 And we're going to encourage

NOTE Confidence: 0.8369293

00:18:25.335 --> 00:18:27.000 our patients to do it,

NOTE Confidence: 0.8369293

00:18:27.000 --> 00:18:29.296 and we think it's going to obviously

NOTE Confidence: 0.8369293

00:18:29.296 --> 00:18:32.000 change all of our lives for the better.

NOTE Confidence: 0.8369293

00:18:32.000 --> 00:18:34.536 In 2021 will get to questions on this,

NOTE Confidence: 0.8369293

00:18:34.536 --> 00:18:37.140 but let me now turn it over to Kim

NOTE Confidence: 0.8369293

00:18:37.140 --> 00:18:39.240 and Kevin to share their updates

NOTE Confidence: 0.8369293

00:18:39.240 --> 00:18:40.990 on our cancer services.

NOTE Confidence: 0.8154374

00:18:45.950 --> 00:18:49.918 See can I have the next slide please?

NOTE Confidence: 0.8154374

00:18:49.920 --> 00:18:53.630 So. Charlie, thank you Ann.

NOTE Confidence: 0.8154374

00:18:53.630 --> 00:18:55.355 I really appreciate.

NOTE Confidence: 0.8154374

00:18:55.355 --> 00:18:58.805 The this you're sharing the vaccine

NOTE Confidence: 0.8154374

00:18:58.805 --> 00:19:01.292 information because I think that this

NOTE Confidence: 0.8154374

00:19:01.292 --> 00:19:04.889 is the the Ray of optimism that is so

NOTE Confidence: 0.8154374

00:19:04.889 --> 00:19:08.276 important for all of us during this time,

NOTE Confidence: 0.8154374

00:19:08.276 --> 00:19:11.361 which continues to be quite challenging. No,

NOTE Confidence: 0.8154374

00:19:11.361 --> 00:19:17.140 I think is is everyone can see in this slide.

NOTE Confidence: 0.8154374

00:19:17.140 --> 00:19:20.380 We dealt with the initial surge of this

NOTE Confidence: 0.8154374

00:19:20.380 --> 00:19:23.517 pandemic back in the spring when we had

NOTE Confidence: 0.8154374

00:19:23.517 --> 00:19:26.400 a significant number of hospitalizations.

NOTE Confidence: 0.8154374

00:19:26.400 --> 00:19:29.487 This data from the state of Connecticut,

NOTE Confidence: 0.8154374

00:19:29.490 --> 00:19:32.130 where we had about 1700 patients,

NOTE Confidence: 0.8154374

00:19:32.130 --> 00:19:33.894 1800 patients in the

NOTE Confidence: 0.8154374

00:19:33.894 --> 00:19:35.658 hospital during late April.

NOTE Confidence: 0.8154374

00:19:35.660 --> 00:19:38.586 We had about 450 here in the

NOTE Confidence: 0.8154374

00:19:38.586 --> 00:19:40.510 hospital in New Haven,

NOTE Confidence: 0.8154374

00:19:40.510 --> 00:19:43.918 and much more across the system.

NOTE Confidence: 0.8154374

00:19:43.920 --> 00:19:46.363 We had kind of a brief RESP

NOTE Confidence: 0.8154374

00:19:46.363 --> 00:19:48.720 ITE over the summer months,

NOTE Confidence: 0.8154374

00:19:48.720 --> 00:19:52.446 but the tough reality is that we are back

NOTE Confidence: 0.8154374

00:19:52.446 --> 00:19:56.715 in the in the middle of a of a second wave.

NOTE Confidence: 0.8154374

00:19:56.720 --> 00:20:00.350 Another surge of the pandemic and.

NOTE Confidence: 0.8154374

00:20:00.350 --> 00:20:02.912 The difference now here at Smilow is

NOTE Confidence: 0.8154374

00:20:02.912 --> 00:20:06.097 that unlike the spring where we really

NOTE Confidence: 0.8154374

00:20:06.097 --> 00:20:08.105 suspended our clinical operations,

NOTE Confidence: 0.8154374

00:20:08.110 --> 00:20:10.534 we are continuing to provide ongoing

NOTE Confidence: 0.8154374

00:20:10.534 --> 00:20:13.279 access and treatment for cancer patients,

NOTE Confidence: 0.8154374

00:20:13.280 --> 00:20:16.297 both here in New Haven at the

NOTE Confidence: 0.8154374

00:20:16.297 --> 00:20:17.159 Smilow hospital,

NOTE Confidence: 0.8154374

00:20:17.160 --> 00:20:20.331 as well as all of our care

NOTE Confidence: 0.8154374

00:20:20.331 --> 00:20:22.919 delivery sites across our network.

NOTE Confidence: 0.8154374

00:20:22.920 --> 00:20:25.456 So all of our teams are managing to

NOTE Confidence: 0.8154374

00:20:25.456 --> 00:20:27.823 care for covid patients in selected

NOTE Confidence: 0.8154374

00:20:27.823 --> 00:20:30.313 limited areas of the hospital as

NOTE Confidence: 0.8154374

00:20:30.392 --> 00:20:32.930 well as provide ongoing cancer care.

NOTE Confidence: 0.8154374

00:20:32.930 --> 00:20:37.277 And to do that in the safest possible way.

NOTE Confidence: 0.8154374

00:20:37.280 --> 00:20:38.288 Next slide, please.

NOTE Confidence: 0.86121356

00:20:40.320 --> 00:20:44.656 So I think these this volume data is  
NOTE Confidence: 0.86121356

00:20:44.656 --> 00:20:49.267 really tells the tale of of what our teams  
NOTE Confidence: 0.86121356

00:20:49.267 --> 00:20:53.498 have done over the past several months.  
NOTE Confidence: 0.86121356

00:20:53.500 --> 00:20:56.377 The Orange Line is the year 2020.  
NOTE Confidence: 0.86121356

00:20:56.380 --> 00:20:59.420 The blue line is the the previous year  
NOTE Confidence: 0.86121356

00:20:59.420 --> 00:21:03.048 and you can tell during the midst of the  
NOTE Confidence: 0.86121356

00:21:03.048 --> 00:21:06.514 original of the early phase of the pandemic  
NOTE Confidence: 0.86121356

00:21:06.514 --> 00:21:09.746 we had a significant drop in visit,  
NOTE Confidence: 0.86121356

00:21:09.746 --> 00:21:12.854 visit volume where patients were staying  
NOTE Confidence: 0.86121356

00:21:12.854 --> 00:21:16.227 away from care for a period of time.  
NOTE Confidence: 0.86121356

00:21:16.230 --> 00:21:18.890 But we have recovered to full capacity  
NOTE Confidence: 0.86121356

00:21:18.890 --> 00:21:21.966 at all again at all of our care sites,  
NOTE Confidence: 0.86121356

00:21:21.970 --> 00:21:24.686 and we are now continuing to operate  
NOTE Confidence: 0.86121356

00:21:24.686 --> 00:21:27.129 at full capacity even through the  
NOTE Confidence: 0.86121356

00:21:27.129 --> 00:21:29.943 midst of this second wave of pandemic.  
NOTE Confidence: 0.86121356

00:21:29.950 --> 00:21:33.134 And I'm really pleased to say that that

NOTE Confidence: 0.86121356

00:21:33.134 --> 00:21:36.087 that full capacity operation is across

NOTE Confidence: 0.86121356

00:21:36.087 --> 00:21:39.201 all of our modalities of treatment,

NOTE Confidence: 0.86121356

00:21:39.210 --> 00:21:41.318 including our diagnostic services.

NOTE Confidence: 0.86121356

00:21:41.318 --> 00:21:44.480 Our evaluation services are in Fusion

NOTE Confidence: 0.86121356

00:21:44.561 --> 00:21:46.757 surgery and radiation therapy,

NOTE Confidence: 0.86121356

00:21:46.760 --> 00:21:50.280 and it is really a testament to the

NOTE Confidence: 0.86121356

00:21:50.280 --> 00:21:53.331 resilience in the flexibility of our

NOTE Confidence: 0.86121356

00:21:53.331 --> 00:21:56.451 teams who have adapted to providing

NOTE Confidence: 0.86121356

00:21:56.550 --> 00:21:59.020 clinical care in alternative spaces

NOTE Confidence: 0.86121356

00:21:59.020 --> 00:22:02.831 in a way that we're able to keep.

NOTE Confidence: 0.86121356

00:22:02.831 --> 00:22:05.066 Our patience is absolutely safe

NOTE Confidence: 0.86121356

00:22:05.066 --> 00:22:07.379 during this challenging time.

NOTE Confidence: 0.88262004

00:22:09.730 --> 00:22:11.773 Kim, I think I'll turn it over to you.

NOTE Confidence: 0.88262004

00:22:11.780 --> 00:22:13.148 I think for the next slide.

NOTE Confidence: 0.8865959

00:22:13.910 --> 00:22:17.137 Alright, thank you Kevin and I really

NOTE Confidence: 0.8865959

00:22:17.137 --> 00:22:19.785 appreciate the opportunity to talk to  
NOTE Confidence: 0.8865959

00:22:19.785 --> 00:22:22.161 everyone this evening about the many  
NOTE Confidence: 0.8865959

00:22:22.161 --> 00:22:24.579 actions our teams are taking to ensure  
NOTE Confidence: 0.8865959

00:22:24.579 --> 00:22:27.328 we are able to continue that safe high  
NOTE Confidence: 0.8865959

00:22:27.328 --> 00:22:29.138 quality care that Kevin mentioned  
NOTE Confidence: 0.8865959

00:22:29.138 --> 00:22:31.467 and maintain the safest environment.  
NOTE Confidence: 0.8865959

00:22:31.470 --> 00:22:34.089 So I wanted to make sure that all of  
NOTE Confidence: 0.8865959

00:22:34.089 --> 00:22:36.402 our patients and community understood  
NOTE Confidence: 0.8865959

00:22:36.402 --> 00:22:39.324 that we are still continuing with  
NOTE Confidence: 0.8865959

00:22:39.402 --> 00:22:41.437 all of our covid operations,  
NOTE Confidence: 0.8865959

00:22:41.440 --> 00:22:43.495 meaning that we are still  
NOTE Confidence: 0.8865959

00:22:43.495 --> 00:22:44.728 performing pre screening.  
NOTE Confidence: 0.8865959

00:22:44.730 --> 00:22:46.555 Phone calls prior to your  
NOTE Confidence: 0.8865959

00:22:46.555 --> 00:22:48.380 visit and at and then.  
NOTE Confidence: 0.8865959

00:22:48.380 --> 00:22:49.194 In addition,  
NOTE Confidence: 0.8865959

00:22:49.194 --> 00:22:52.043 when you arrive at the front door

NOTE Confidence: 0.8865959

00:22:52.043 --> 00:22:55.092 so that we make sure that if you

NOTE Confidence: 0.8865959

00:22:55.092 --> 00:22:57.939 are having any symptoms that could.

NOTE Confidence: 0.8865959

00:22:57.940 --> 00:22:59.830 Warrant a covid test that we make

NOTE Confidence: 0.8865959

00:22:59.830 --> 00:23:01.863 sure that we make those appropriate

NOTE Confidence: 0.8865959

00:23:01.863 --> 00:23:04.185 arrangements and that the same happens

NOTE Confidence: 0.8865959

00:23:04.185 --> 00:23:06.519 when you arrive for your appointment.

NOTE Confidence: 0.8865959

00:23:06.520 --> 00:23:08.613 We also make sure that we have

NOTE Confidence: 0.8865959

00:23:08.613 --> 00:23:10.290 all the appropriate precautions,

NOTE Confidence: 0.8865959

00:23:10.290 --> 00:23:11.730 including our visitor restrictions.

NOTE Confidence: 0.8865959

00:23:11.730 --> 00:23:14.750 We I think for our patients and our teams,

NOTE Confidence: 0.8865959

00:23:14.750 --> 00:23:16.843 this is probably been one of the

NOTE Confidence: 0.8865959

00:23:16.843 --> 00:23:19.097 most one of the hardest things we've

NOTE Confidence: 0.8865959

00:23:19.097 --> 00:23:21.483 had to do is limit our visitors

NOTE Confidence: 0.8865959

00:23:21.483 --> 00:23:23.853 both on our inpatient units and

NOTE Confidence: 0.8865959

00:23:23.853 --> 00:23:25.466 in our ambulatory settings,

NOTE Confidence: 0.8865959

00:23:25.466 --> 00:23:28.448 so we do have exceptions when patients  
NOTE Confidence: 0.8865959

00:23:28.448 --> 00:23:31.505 really need to have a loved one with them.  
NOTE Confidence: 0.8865959

00:23:31.510 --> 00:23:34.678 For various reasons we we are allowing that,  
NOTE Confidence: 0.8865959

00:23:34.680 --> 00:23:37.445 but we really do need a limit.  
NOTE Confidence: 0.8865959

00:23:37.450 --> 00:23:39.790 Visitors as much as absolutely possible  
NOTE Confidence: 0.8865959

00:23:39.790 --> 00:23:42.199 to ensure the safety of everyone.  
NOTE Confidence: 0.8865959

00:23:42.200 --> 00:23:44.965 And we know that is very difficult.  
NOTE Confidence: 0.8865959

00:23:44.970 --> 00:23:47.686 We are trying to use technology to  
NOTE Confidence: 0.8865959

00:23:47.686 --> 00:23:50.118 stay connected and to make sure  
NOTE Confidence: 0.8865959

00:23:50.118 --> 00:23:52.494 that our patients families and loved  
NOTE Confidence: 0.8865959

00:23:52.494 --> 00:23:54.903 ones have the ability to participate  
NOTE Confidence: 0.8865959

00:23:54.903 --> 00:23:57.630 in their care as much as possible.  
NOTE Confidence: 0.8865959

00:23:57.630 --> 00:24:00.360 And so if those options are not  
NOTE Confidence: 0.8865959

00:24:00.360 --> 00:24:02.640 being offered to you, I would.  
NOTE Confidence: 0.8865959

00:24:02.640 --> 00:24:04.880 Encourage you to talk to your clinical  
NOTE Confidence: 0.8865959

00:24:04.880 --> 00:24:07.153 teams about how we can use technology

NOTE Confidence: 0.8865959

00:24:07.153 --> 00:24:09.870 to bring your family members into your care,

NOTE Confidence: 0.8865959

00:24:09.870 --> 00:24:12.282 but we should also be offering

NOTE Confidence: 0.8865959

00:24:12.282 --> 00:24:14.610 that to to all of you.

NOTE Confidence: 0.8865959

00:24:14.610 --> 00:24:17.370 We do also for our cancer patients that

NOTE Confidence: 0.8865959

00:24:17.370 --> 00:24:19.270 are unfortunately experiencing covid.

NOTE Confidence: 0.8865959

00:24:19.270 --> 00:24:21.934 We do have a program where we are

NOTE Confidence: 0.8865959

00:24:21.934 --> 00:24:24.160 calling all of our kovid positive

NOTE Confidence: 0.8865959

00:24:24.160 --> 00:24:26.906 patients daily to do what we would

NOTE Confidence: 0.8865959

00:24:26.906 --> 00:24:29.570 call Wellness assessments on them and

NOTE Confidence: 0.8865959

00:24:29.570 --> 00:24:32.398 making sure that they are feeling OK,

NOTE Confidence: 0.8865959

00:24:32.398 --> 00:24:35.113 that they can stay at home and

NOTE Confidence: 0.8865959

00:24:35.113 --> 00:24:37.885 recover at home as much as possible,

NOTE Confidence: 0.8865959

00:24:37.890 --> 00:24:40.476 But then intervening if needed and

NOTE Confidence: 0.8865959

00:24:40.476 --> 00:24:43.020 making sure they get the access

NOTE Confidence: 0.8865959

00:24:43.020 --> 00:24:44.865 to the care they need.

NOTE Confidence: 0.8865959

00:24:44.870 --> 00:24:46.378 In a timely manner,  
NOTE Confidence: 0.8865959

00:24:46.378 --> 00:24:48.640 so we are still performing that.  
NOTE Confidence: 0.8865959

00:24:48.640 --> 00:24:49.364 In addition,  
NOTE Confidence: 0.8865959

00:24:49.364 --> 00:24:51.898 we have we still have remained to  
NOTE Confidence: 0.8865959

00:24:51.898 --> 00:24:54.103 have clinical workflows for cancer  
NOTE Confidence: 0.8865959

00:24:54.103 --> 00:24:56.749 patients with covid if they need  
NOTE Confidence: 0.8865959

00:24:56.820 --> 00:24:59.324 care or if they need to be tested  
NOTE Confidence: 0.8865959

00:24:59.324 --> 00:25:00.347 and having symptoms.  
NOTE Confidence: 0.8865959

00:25:00.347 --> 00:25:03.126 So we still have our rapid evaluation  
NOTE Confidence: 0.8865959

00:25:03.126 --> 00:25:05.608 clinic here at the New Haven campus,  
NOTE Confidence: 0.8865959

00:25:05.610 --> 00:25:07.692 and we also have regional designated  
NOTE Confidence: 0.8865959

00:25:07.692 --> 00:25:10.380 sites where we can care for cancer  
NOTE Confidence: 0.8865959

00:25:10.380 --> 00:25:12.430 patients who may be experiencing  
NOTE Confidence: 0.8865959

00:25:12.430 --> 00:25:14.488 symptoms related to covid and  
NOTE Confidence: 0.8865959

00:25:14.488 --> 00:25:15.655 get appropriate testing.  
NOTE Confidence: 0.8865959

00:25:15.660 --> 00:25:18.168 And then also for our cancer

NOTE Confidence: 0.8865959

00:25:18.168 --> 00:25:20.670 patients who are covid positive.

NOTE Confidence: 0.8865959

00:25:20.670 --> 00:25:23.190 Who needs supportive care or may

NOTE Confidence: 0.8865959

00:25:23.190 --> 00:25:25.670 still be receiving cancer treatment?

NOTE Confidence: 0.8865959

00:25:25.670 --> 00:25:28.484 And we have actually in our

NOTE Confidence: 0.8865959

00:25:28.484 --> 00:25:30.360 rapid evaluation clinic since

NOTE Confidence: 0.86356515

00:25:30.443 --> 00:25:32.498 it opened in early April,

NOTE Confidence: 0.86356515

00:25:32.500 --> 00:25:35.908 we have had 971 appointments through

NOTE Confidence: 0.86356515

00:25:35.908 --> 00:25:39.748 that clinic and we're very proud of

NOTE Confidence: 0.86356515

00:25:39.748 --> 00:25:43.171 of of offering that to our patients.

NOTE Confidence: 0.86356515

00:25:43.180 --> 00:25:46.127 During this time, but as Kevin mentioned,

NOTE Confidence: 0.86356515

00:25:46.130 --> 00:25:48.518 in addition to doing all of

NOTE Confidence: 0.86356515

00:25:48.518 --> 00:25:51.087 those things to keep our patients

NOTE Confidence: 0.86356515

00:25:51.087 --> 00:25:53.964 and our staff safe, we are we.

NOTE Confidence: 0.86356515

00:25:53.964 --> 00:25:56.172 We really are continuing our cancer

NOTE Confidence: 0.86356515

00:25:56.172 --> 00:25:59.253 care and we have put together for

NOTE Confidence: 0.86356515

00:25:59.253 --> 00:26:01.528 transformation teams that really focus

NOTE Confidence: 0.86356515

00:26:01.528 --> 00:26:03.728 on everything we've learned through

NOTE Confidence: 0.86356515

00:26:03.728 --> 00:26:06.759 the pandemic on how we're going to

NOTE Confidence: 0.86356515

00:26:06.759 --> 00:26:08.451 leverage innovation to continue

NOTE Confidence: 0.86356515

00:26:08.451 --> 00:26:10.549 to provide excellent cancer care.

NOTE Confidence: 0.86356515

00:26:10.550 --> 00:26:13.388 So we have an inpatient team

NOTE Confidence: 0.86356515

00:26:13.388 --> 00:26:14.807 and ambulatory team.

NOTE Confidence: 0.86356515

00:26:14.810 --> 00:26:17.316 Port of Care team and a clinical

NOTE Confidence: 0.86356515

00:26:17.316 --> 00:26:20.071 research team and not only are these

NOTE Confidence: 0.86356515

00:26:20.071 --> 00:26:22.477 teams working on how we're delivering

NOTE Confidence: 0.86356515

00:26:22.554 --> 00:26:24.918 our Care now during the pandemic,

NOTE Confidence: 0.86356515

00:26:24.920 --> 00:26:26.548 but like I said,

NOTE Confidence: 0.86356515

00:26:26.548 --> 00:26:28.583 really innovating on how we're

NOTE Confidence: 0.86356515

00:26:28.583 --> 00:26:30.759 going to care in the future.

NOTE Confidence: 0.86356515

00:26:30.760 --> 00:26:32.312 Also, during this time,

NOTE Confidence: 0.86356515

00:26:32.312 --> 00:26:33.476 as Kevin mentioned,

NOTE Confidence: 0.86356515

00:26:33.480 --> 00:26:36.175 we are seeing our second wave of

NOTE Confidence: 0.86356515

00:26:36.175 --> 00:26:39.035 covid in the state of Connecticut

NOTE Confidence: 0.86356515

00:26:39.035 --> 00:26:41.187 and we are encouraging.

NOTE Confidence: 0.86356515

00:26:41.190 --> 00:26:43.774 That when we can use Tele health we

NOTE Confidence: 0.86356515

00:26:43.774 --> 00:26:46.576 are using Tele health for our patients.

NOTE Confidence: 0.86356515

00:26:46.580 --> 00:26:48.370 So in cancer care delivery.

NOTE Confidence: 0.86356515

00:26:48.370 --> 00:26:50.631 I know everyone on this forum knows

NOTE Confidence: 0.86356515

00:26:50.631 --> 00:26:53.010 that you need to physically be seen

NOTE Confidence: 0.86356515

00:26:53.010 --> 00:26:55.517 from at certain times in your journey

NOTE Confidence: 0.86356515

00:26:55.517 --> 00:26:58.055 and your treatments need to continue.

NOTE Confidence: 0.86356515

00:26:58.060 --> 00:27:00.720 But there are opportunities where we can

NOTE Confidence: 0.86356515

00:27:00.720 --> 00:27:03.448 provide Tele health services to you at home.

NOTE Confidence: 0.86356515

00:27:03.450 --> 00:27:06.334 We are even starting to do some

NOTE Confidence: 0.86356515

00:27:06.334 --> 00:27:08.269 nursing education televisit so that

NOTE Confidence: 0.86356515

00:27:08.269 --> 00:27:10.467 this used to be education that we

NOTE Confidence: 0.86356515

00:27:10.467 --> 00:27:12.739 had to provide to our patients.

NOTE Confidence: 0.86356515

00:27:12.740 --> 00:27:15.012 In the clinic that we are now piloting

NOTE Confidence: 0.86356515

00:27:15.012 --> 00:27:16.652 and trying through Tele Health

NOTE Confidence: 0.86356515

00:27:16.652 --> 00:27:18.662 as well as your provider visits,

NOTE Confidence: 0.86356515

00:27:18.670 --> 00:27:22.366 then go on to the next slide.

NOTE Confidence: 0.86356515

00:27:22.370 --> 00:27:25.290 I want to make sure that everyone on

NOTE Confidence: 0.86356515

00:27:25.290 --> 00:27:28.211 this forum knows that while we are

NOTE Confidence: 0.86356515

00:27:28.211 --> 00:27:30.135 limiting certain on-site activities,

NOTE Confidence: 0.86356515

00:27:30.140 --> 00:27:32.528 that we have continued to provide

NOTE Confidence: 0.86356515

00:27:32.528 --> 00:27:34.120 integrative medicine and supportive

NOTE Confidence: 0.86356515

00:27:34.184 --> 00:27:35.050 care virtually.

NOTE Confidence: 0.86356515

00:27:35.050 --> 00:27:38.234 You can go into the Yale Cancer Center

NOTE Confidence: 0.86356515

00:27:38.234 --> 00:27:41.102 website an you can find our weekly

NOTE Confidence: 0.86356515

00:27:41.102 --> 00:27:44.418 calendar and you can sign up for all

NOTE Confidence: 0.86356515

00:27:44.418 --> 00:27:46.908 of these virtual offerings we have.

NOTE Confidence: 0.86356515

00:27:46.910 --> 00:27:50.374 We still have meditation and yoga an our

NOTE Confidence: 0.86356515

00:27:50.374 --> 00:27:53.525 support groups led by our social work team.

NOTE Confidence: 0.86356515

00:27:53.530 --> 00:27:56.185 So I just want to make sure that our

NOTE Confidence: 0.86356515

00:27:56.185 --> 00:27:58.069 cancer patients and their families

NOTE Confidence: 0.86356515

00:27:58.069 --> 00:28:01.098 and loved ones know that we still are

NOTE Confidence: 0.86356515

00:28:01.098 --> 00:28:03.506 trying to ensure that you have access

NOTE Confidence: 0.86356515

00:28:03.506 --> 00:28:05.913 to all the supportive care that you

NOTE Confidence: 0.86356515

00:28:05.913 --> 00:28:09.480 would have had prior to the pandemic.

NOTE Confidence: 0.86356515

00:28:09.480 --> 00:28:11.041 And with that I will turn it

NOTE Confidence: 0.86356515

00:28:11.041 --> 00:28:12.200 back over to Charlie.

NOTE Confidence: 0.8377919

00:28:13.120 --> 00:28:15.208 Or Kevin and Kim, thank you.

NOTE Confidence: 0.8377919

00:28:15.210 --> 00:28:16.965 Our next speaker is Harvey

NOTE Confidence: 0.8377919

00:28:16.965 --> 00:28:19.128 Alvarado who is the leader of

NOTE Confidence: 0.8377919

00:28:19.128 --> 00:28:21.120 social work for a health system.

NOTE Confidence: 0.8377919

00:28:21.120 --> 00:28:23.514 And you know, I think it was

NOTE Confidence: 0.8377919

00:28:23.514 --> 00:28:25.317 so pleased that hobby could

NOTE Confidence: 0.8377919

00:28:25.317 --> 00:28:27.739 make the time to to join us,  
NOTE Confidence: 0.8377919

00:28:27.740 --> 00:28:28.848 because obviously we're all.  
NOTE Confidence: 0.8377919

00:28:28.848 --> 00:28:31.737 I think all of us are dealing with some  
NOTE Confidence: 0.8377919

00:28:31.737 --> 00:28:33.677 very challenging times and getting  
NOTE Confidence: 0.8377919

00:28:33.677 --> 00:28:35.739 perspectives from somebody like hobbies.  
NOTE Confidence: 0.8377919

00:28:35.740 --> 00:28:37.828 I think vitally important, so happy.  
NOTE Confidence: 0.8377919

00:28:37.830 --> 00:28:39.570 Thank you for joining us.  
NOTE Confidence: 0.80953294

00:28:40.740 --> 00:28:43.764 I thank you Doctor Fuchs and I'm so happy  
NOTE Confidence: 0.80953294

00:28:43.764 --> 00:28:46.625 to be here with all of you tonight.  
NOTE Confidence: 0.80953294

00:28:46.630 --> 00:28:50.104 But it's fair to say that we are living  
NOTE Confidence: 0.80953294

00:28:50.104 --> 00:28:53.218 with a lot of fear and uncertainty,  
NOTE Confidence: 0.80953294

00:28:53.220 --> 00:28:55.873 and many of us are sheltering in  
NOTE Confidence: 0.80953294

00:28:55.873 --> 00:28:58.990 place to slow the spread of COVID-19.  
NOTE Confidence: 0.80953294

00:28:58.990 --> 00:29:02.446 This can make it tough for any one person  
NOTE Confidence: 0.80953294

00:29:02.446 --> 00:29:05.986 and family, and now we have a plan.  
NOTE Confidence: 0.80953294

00:29:05.990 --> 00:29:08.699 As the holiday season which could add

NOTE Confidence: 0.80953294

00:29:08.699 --> 00:29:11.758 to the stress we are all experiencing.

NOTE Confidence: 0.80953294

00:29:11.760 --> 00:29:14.644 Doctor Fuchs mentioned a few reasons for

NOTE Confidence: 0.80953294

00:29:14.644 --> 00:29:16.704 optimism, vaccine and cancer treatments.

NOTE Confidence: 0.80953294

00:29:16.704 --> 00:29:20.624 And I'm going to talk a little bit about

NOTE Confidence: 0.80953294

00:29:20.624 --> 00:29:23.366 resilience and ways to be optimistic,

NOTE Confidence: 0.80953294

00:29:23.370 --> 00:29:25.860 optimistic to help us get through

NOTE Confidence: 0.80953294

00:29:25.860 --> 00:29:27.520 some of these challenges.

NOTE Confidence: 0.80953294

00:29:27.520 --> 00:29:30.004 So when we are first diagnosed

NOTE Confidence: 0.80953294

00:29:30.004 --> 00:29:31.246 with an illness,

NOTE Confidence: 0.80953294

00:29:31.250 --> 00:29:33.740 we may experience many emotional reactions.

NOTE Confidence: 0.80953294

00:29:33.740 --> 00:29:36.428 A wide range of feelings that we

NOTE Confidence: 0.80953294

00:29:36.428 --> 00:29:39.549 may not be used to dealing with.

NOTE Confidence: 0.80953294

00:29:39.550 --> 00:29:40.380 Feeling overwhelmed.

NOTE Confidence: 0.80953294

00:29:40.380 --> 00:29:42.504 Denial feelings of anger, fear,

NOTE Confidence: 0.80953294

00:29:42.504 --> 00:29:43.896 worry, sadness, depression.

NOTE Confidence: 0.80953294

00:29:43.896 --> 00:29:47.540 And sometimes we even feel like we have to.

NOTE Confidence: 0.80953294

00:29:47.540 --> 00:29:50.347 Be strong to protect our friends and

NOTE Confidence: 0.80953294

00:29:50.347 --> 00:29:52.999 families and all of this is normal.

NOTE Confidence: 0.80953294

00:29:53.000 --> 00:29:54.950 It's important to know, however,

NOTE Confidence: 0.80953294

00:29:54.950 --> 00:29:58.460 that there is a lot that we can control.

NOTE Confidence: 0.80953294

00:29:58.460 --> 00:30:00.480 Resilience is a skill.

NOTE Confidence: 0.80953294

00:30:00.480 --> 00:30:04.659 We can all learn resilience is the mental,

NOTE Confidence: 0.80953294

00:30:04.660 --> 00:30:05.924 physical, emotional,

NOTE Confidence: 0.80953294

00:30:05.924 --> 00:30:10.348 and behavioral ability to face and cope

NOTE Confidence: 0.80953294

00:30:10.348 --> 00:30:14.575 with adversity to be to be able to adapt,

NOTE Confidence: 0.80953294

00:30:14.580 --> 00:30:18.430 to change, to recover, and an learning,

NOTE Confidence: 0.80953294

00:30:18.430 --> 00:30:22.390 grow from from our setbacks.

NOTE Confidence: 0.80953294

00:30:22.390 --> 00:30:24.745 One of the most important

NOTE Confidence: 0.80953294

00:30:24.745 --> 00:30:27.100 resilience skills is our attitude,

NOTE Confidence: 0.80953294

00:30:27.100 --> 00:30:28.708 a positive attitude.

NOTE Confidence: 0.80953294

00:30:28.708 --> 00:30:31.388 It's important to our overall

NOTE Confidence: 0.80953294

00:30:31.388 --> 00:30:33.720 emotional health and it really

NOTE Confidence: 0.80953294

00:30:33.720 --> 00:30:36.464 attitude is really the way we think

NOTE Confidence: 0.80953294

00:30:36.548 --> 00:30:39.350 or feel about someone or something.

NOTE Confidence: 0.80953294

00:30:39.350 --> 00:30:42.703 You will find that in many behavioral

NOTE Confidence: 0.80953294

00:30:42.703 --> 00:30:45.118 health or therapy approaches there

NOTE Confidence: 0.80953294

00:30:45.118 --> 00:30:48.226 is a focus on our thoughts and

NOTE Confidence: 0.80953294

00:30:48.226 --> 00:30:51.326 how our thoughts lead to emotions

NOTE Confidence: 0.80953294

00:30:51.326 --> 00:30:53.378 and how those emotions.

NOTE Confidence: 0.80953294

00:30:53.380 --> 00:30:56.920 Often leads to our behaviors.

NOTE Confidence: 0.80953294

00:30:56.920 --> 00:30:59.848 Now it's it's easy to adopt A positive

NOTE Confidence: 0.80953294

00:30:59.848 --> 00:31:02.037 attitude when life circumstances are

NOTE Confidence: 0.80953294

00:31:02.037 --> 00:31:04.803 generally good and problems are few.

NOTE Confidence: 0.80953294

00:31:04.810 --> 00:31:06.466 But when circumstances drastically

NOTE Confidence: 0.80953294

00:31:06.466 --> 00:31:08.536 change in a negative way,

NOTE Confidence: 0.80953294

00:31:08.540 --> 00:31:10.615 it's not always easy to

NOTE Confidence: 0.80953294

00:31:10.615 --> 00:31:12.275 keep a positive outlook.  
NOTE Confidence: 0.80953294

00:31:12.280 --> 00:31:14.295 I understand that especially when  
NOTE Confidence: 0.80953294

00:31:14.295 --> 00:31:16.840 those changes in involve ill health.  
NOTE Confidence: 0.80953294

00:31:16.840 --> 00:31:19.458 So what are some of the things  
NOTE Confidence: 0.80953294

00:31:19.458 --> 00:31:22.908 that we can do so we all have  
NOTE Confidence: 0.80953294

00:31:22.908 --> 00:31:25.138 these conversations in our head?  
NOTE Confidence: 0.80953294

00:31:25.140 --> 00:31:26.176 I might be thinking.  
NOTE Confidence: 0.80953294

00:31:26.176 --> 00:31:28.356 How am I going to do during  
NOTE Confidence: 0.80953294

00:31:28.356 --> 00:31:30.018 this evening's presentation?  
NOTE Confidence: 0.80953294

00:31:30.020 --> 00:31:31.868 I'm not going to do well,  
NOTE Confidence: 0.80953294

00:31:31.870 --> 00:31:33.820 it's important to listen to those  
NOTE Confidence: 0.80953294

00:31:33.820 --> 00:31:35.456 conversations that we have an  
NOTE Confidence: 0.80953294

00:31:35.456 --> 00:31:37.124 when you have a negative thought,  
NOTE Confidence: 0.80953294

00:31:37.130 --> 00:31:39.290 turn and try to turn it around and  
NOTE Confidence: 0.80953294

00:31:39.290 --> 00:31:41.447 make it into a positive thought.  
NOTE Confidence: 0.80953294

00:31:41.450 --> 00:31:42.990 We're really talking about is

NOTE Confidence: 0.80953294

00:31:42.990 --> 00:31:44.222 being practicing self compassion.

NOTE Confidence: 0.80953294

00:31:44.230 --> 00:31:46.090 Telling yourself you were doing well,

NOTE Confidence: 0.80953294

00:31:46.090 --> 00:31:48.246 you are doing the best you can.

NOTE Confidence: 0.80953294

00:31:48.250 --> 00:31:49.486 No one is perfect.

NOTE Confidence: 0.80953294

00:31:49.486 --> 00:31:51.340 Telling yourself that you are smart,

NOTE Confidence: 0.80953294

00:31:51.340 --> 00:31:52.852 but you're beautiful that

NOTE Confidence: 0.80953294

00:31:52.852 --> 00:31:54.742 you're funny that you're kind.

NOTE Confidence: 0.80953294

00:31:54.750 --> 00:31:55.135 Also,

NOTE Confidence: 0.80953294

00:31:55.135 --> 00:31:57.830 it's important I found it very important

NOTE Confidence: 0.80953294

00:31:57.830 --> 00:32:00.068 to interact with positive people.

NOTE Confidence: 0.80953294

00:32:00.070 --> 00:32:02.524 Now we all have negative friends

NOTE Confidence: 0.80953294

00:32:02.524 --> 00:32:04.160 or perhaps family members,

NOTE Confidence: 0.80953294

00:32:04.160 --> 00:32:06.608 and I'm not saying that we

NOTE Confidence: 0.80953294

00:32:06.608 --> 00:32:07.832 should disown them,

NOTE Confidence: 0.80953294

00:32:07.840 --> 00:32:10.264 but do your best to surround

NOTE Confidence: 0.80953294

00:32:10.264 --> 00:32:11.880 yourself with positivity and  
NOTE Confidence: 0.8491174

00:32:11.958 --> 00:32:14.172 can mention some of the support  
NOTE Confidence: 0.8491174

00:32:14.172 --> 00:32:16.430 groups that might be available.  
NOTE Confidence: 0.8491174

00:32:16.430 --> 00:32:19.125 So some of these health related support  
NOTE Confidence: 0.8491174

00:32:19.125 --> 00:32:22.558 groups would be an opportunity for us to  
NOTE Confidence: 0.8491174

00:32:22.560 --> 00:32:25.582 share personal experiences and feelings, Ann.  
NOTE Confidence: 0.8491174

00:32:25.582 --> 00:32:28.498 And coping strategies.  
NOTE Confidence: 0.8491174

00:32:28.500 --> 00:32:30.188 Getting pleasure on the  
NOTE Confidence: 0.8491174

00:32:30.188 --> 00:32:31.876 simple things in life.  
NOTE Confidence: 0.8491174

00:32:31.880 --> 00:32:34.412 Whether it's a walk or time  
NOTE Confidence: 0.8491174

00:32:34.412 --> 00:32:36.100 with family or friends.  
NOTE Confidence: 0.8491174

00:32:36.100 --> 00:32:37.606 Now mostly virtual.  
NOTE Confidence: 0.8491174

00:32:37.606 --> 00:32:41.120 Slowing down to enjoy these precious moments.  
NOTE Confidence: 0.8491174

00:32:41.120 --> 00:32:44.600 Optimism seems to be the theme this evening,  
NOTE Confidence: 0.8491174

00:32:44.600 --> 00:32:47.526 so hunting for the good stuff that  
NOTE Confidence: 0.8491174

00:32:47.526 --> 00:32:51.130 gets us through each day is also important.

NOTE Confidence: 0.8491174

00:32:51.130 --> 00:32:54.482 It's a skill that helps us create positive

NOTE Confidence: 0.8491174

00:32:54.482 --> 00:32:58.089 emotion by noticing what's good in our lives.

NOTE Confidence: 0.8491174

00:32:58.090 --> 00:33:00.115 This is important because we

NOTE Confidence: 0.8491174

00:33:00.115 --> 00:33:03.152 often tend to focus on what isn't

NOTE Confidence: 0.8491174

00:33:03.152 --> 00:33:05.477 good in in behavioral science,

NOTE Confidence: 0.8491174

00:33:05.480 --> 00:33:08.876 this is called negative negativity bias.

NOTE Confidence: 0.8491174

00:33:08.880 --> 00:33:11.000 So praise yourself when you

NOTE Confidence: 0.8491174

00:33:11.000 --> 00:33:12.696 have done something well.

NOTE Confidence: 0.8491174

00:33:12.700 --> 00:33:15.385 Seeding praise makes people feel

NOTE Confidence: 0.8491174

00:33:15.385 --> 00:33:18.775 good practices every day and again

NOTE Confidence: 0.8491174

00:33:18.775 --> 00:33:21.239 really about self compassion.

NOTE Confidence: 0.852538326666667

00:33:23.810 --> 00:33:27.114 They are. Mindfulness if if you have ever

NOTE Confidence: 0.852538326666667

00:33:27.114 --> 00:33:30.790 if you've never heard of mindfulness before,

NOTE Confidence: 0.852538326666667

00:33:30.790 --> 00:33:33.154 it's the practice of being present

NOTE Confidence: 0.852538326666667

00:33:33.154 --> 00:33:35.483 in the moment. In my experience,

NOTE Confidence: 0.852538326666667

00:33:35.483 --> 00:33:37.007 present moment awareness helps  
NOTE Confidence: 0.852538326666667

00:33:37.007 --> 00:33:38.670 reduce symptoms of anxiety.  
NOTE Confidence: 0.852538326666667

00:33:38.670 --> 00:33:41.028 Depression when you focus on the  
NOTE Confidence: 0.852538326666667

00:33:41.028 --> 00:33:42.528 present moment, your painting,  
NOTE Confidence: 0.852538326666667

00:33:42.528 --> 00:33:44.298 you're paying attention to those  
NOTE Confidence: 0.852538326666667

00:33:44.298 --> 00:33:46.550 things that are currently happening.  
NOTE Confidence: 0.852538326666667

00:33:46.550 --> 00:33:50.096 We can take control of our day or each  
NOTE Confidence: 0.852538326666667

00:33:50.096 --> 00:33:53.528 of our day in our outlook rather than  
NOTE Confidence: 0.852538326666667

00:33:53.528 --> 00:33:56.568 focusing on the future in this way.  
NOTE Confidence: 0.852538326666667

00:33:56.570 --> 00:33:58.664 Those who live in the moment  
NOTE Confidence: 0.852538326666667

00:33:58.664 --> 00:34:00.410 tend to be happier, calmer,  
NOTE Confidence: 0.852538326666667

00:34:00.410 --> 00:34:01.810 more relaxed and appreciative.  
NOTE Confidence: 0.852538326666667

00:34:01.810 --> 00:34:03.550 Sometimes their mind will steal  
NOTE Confidence: 0.852538326666667

00:34:03.550 --> 00:34:04.942 away these precious moments,  
NOTE Confidence: 0.852538326666667

00:34:04.950 --> 00:34:06.690 so don't rush through it.  
NOTE Confidence: 0.852538326666667

00:34:06.690 --> 00:34:08.154 Don't wish it away.

NOTE Confidence: 0.852538326666667  
00:34:08.154 --> 00:34:09.984 Each day we could start  
NOTE Confidence: 0.852538326666667  
00:34:09.984 --> 00:34:11.577 positively when you wake up,  
NOTE Confidence: 0.852538326666667  
00:34:11.580 --> 00:34:14.016 decide what your day will look like.  
NOTE Confidence: 0.852538326666667  
00:34:14.020 --> 00:34:17.510 What can I do today to take care of myself?  
NOTE Confidence: 0.852538326666667  
00:34:17.510 --> 00:34:19.598 How will I practice self compassion?  
NOTE Confidence: 0.852538326666667  
00:34:19.600 --> 00:34:22.498 What can I do to feel more  
NOTE Confidence: 0.852538326666667  
00:34:22.498 --> 00:34:24.320 connected and fulfilled today?  
NOTE Confidence: 0.852538326666667  
00:34:24.320 --> 00:34:25.915 Now I I've taken meditation  
NOTE Confidence: 0.852538326666667  
00:34:25.915 --> 00:34:27.926 courses before and I remember my  
NOTE Confidence: 0.852538326666667  
00:34:27.926 --> 00:34:29.358 very first meditation course.  
NOTE Confidence: 0.852538326666667  
00:34:29.360 --> 00:34:31.383 I was told by the instructor that  
NOTE Confidence: 0.852538326666667  
00:34:31.383 --> 00:34:33.526 I was not breathing correctly which  
NOTE Confidence: 0.852538326666667  
00:34:33.526 --> 00:34:35.944 I found hard to believe because  
NOTE Confidence: 0.852538326666667  
00:34:35.944 --> 00:34:38.530 up to that point I was still alive  
NOTE Confidence: 0.852538326666667  
00:34:38.530 --> 00:34:41.240 and I thought I was breathing well.  
NOTE Confidence: 0.852538326666667

00:34:41.240 --> 00:34:43.940 The purpose of mindful breathing is  
NOTE Confidence: 0.852538326666667

00:34:44.024 --> 00:34:46.484 to anchor yourself in the present  
NOTE Confidence: 0.852538326666667

00:34:46.484 --> 00:34:50.027 moment so that you can let go of worrying.  
NOTE Confidence: 0.852538326666667

00:34:50.030 --> 00:34:52.508 Just taking those moments to focus  
NOTE Confidence: 0.852538326666667

00:34:52.508 --> 00:34:55.062 on your breath becomes it involves  
NOTE Confidence: 0.852538326666667

00:34:55.062 --> 00:34:57.540 becoming aware of your breath and  
NOTE Confidence: 0.852538326666667

00:34:57.540 --> 00:34:58.660 focusing on it.  
NOTE Confidence: 0.852538326666667

00:34:58.660 --> 00:35:01.120 Just the act again of focusing  
NOTE Confidence: 0.852538326666667

00:35:01.120 --> 00:35:03.180 usually slows your breathing down,  
NOTE Confidence: 0.852538326666667

00:35:03.180 --> 00:35:05.240 makes you feel more relaxed,  
NOTE Confidence: 0.852538326666667

00:35:05.240 --> 00:35:08.714 so as you focus on how air moves in  
NOTE Confidence: 0.852538326666667

00:35:08.714 --> 00:35:12.212 and out of your lungs, mouth, nose.  
NOTE Confidence: 0.852538326666667

00:35:12.212 --> 00:35:16.489 It becomes a form of calming meditation.  
NOTE Confidence: 0.852538326666667

00:35:16.490 --> 00:35:18.350 Uh, and while doing breathing,  
NOTE Confidence: 0.852538326666667

00:35:18.350 --> 00:35:21.326 you can also do mine should be breathing,  
NOTE Confidence: 0.852538326666667

00:35:21.330 --> 00:35:23.857 which is the technique of that helps

NOTE Confidence: 0.852538326666667  
00:35:23.857 --> 00:35:26.317 you focus on your breath and mantra  
NOTE Confidence: 0.852538326666667  
00:35:26.317 --> 00:35:29.616 is just a phrase or a word that you  
NOTE Confidence: 0.852538326666667  
00:35:29.616 --> 00:35:31.736 repeat yourself to create focus.  
NOTE Confidence: 0.852538326666667  
00:35:31.740 --> 00:35:33.600 And as you repeat it,  
NOTE Confidence: 0.852538326666667  
00:35:33.600 --> 00:35:36.204 you become able to relax and meditate.  
NOTE Confidence: 0.852538326666667  
00:35:36.210 --> 00:35:38.436 Imantra such as I deserve happiness.  
NOTE Confidence: 0.852538326666667  
00:35:38.440 --> 00:35:39.754 I deserve peace,  
NOTE Confidence: 0.852538326666667  
00:35:39.754 --> 00:35:42.382 repeating that over and over again  
NOTE Confidence: 0.852538326666667  
00:35:42.382 --> 00:35:45.668 as you breathe again helps you focus.  
NOTE Confidence: 0.852538326666667  
00:35:45.670 --> 00:35:47.538 Connection is another important  
NOTE Confidence: 0.852538326666667  
00:35:47.538 --> 00:35:49.873 factor that affects us all,  
NOTE Confidence: 0.852538326666667  
00:35:49.880 --> 00:35:53.020 particularly when we are going  
NOTE Confidence: 0.852538326666667  
00:35:53.020 --> 00:35:54.904 through tough times.  
NOTE Confidence: 0.852538326666667  
00:35:54.910 --> 00:35:58.410 Actions are in our relationships with family,  
NOTE Confidence: 0.852538326666667  
00:35:58.410 --> 00:36:00.410 friends, other loved ones,  
NOTE Confidence: 0.852538326666667

00:36:00.410 --> 00:36:01.910 even community connections.  
NOTE Confidence: 0.852538326666667

00:36:01.910 --> 00:36:03.620 Seek them out,  
NOTE Confidence: 0.852538326666667

00:36:03.620 --> 00:36:05.900 spend time around positive  
NOTE Confidence: 0.852538326666667

00:36:05.900 --> 00:36:07.610 and supportive people.  
NOTE Confidence: 0.852538326666667

00:36:07.610 --> 00:36:10.136 Um and so so, you know,  
NOTE Confidence: 0.852538326666667

00:36:10.140 --> 00:36:12.672 these are some of the tips  
NOTE Confidence: 0.852538326666667

00:36:12.672 --> 00:36:14.360 that help build resilience.  
NOTE Confidence: 0.852538326666667

00:36:14.360 --> 00:36:17.314 And while we can't always be upbeat,  
NOTE Confidence: 0.852538326666667

00:36:17.320 --> 00:36:19.846 and that's perfectly fine, it's it's.  
NOTE Confidence: 0.852538326666667

00:36:19.850 --> 00:36:21.945 It's again about self compassion  
NOTE Confidence: 0.852538326666667

00:36:21.945 --> 00:36:24.490 when you don't have good days,  
NOTE Confidence: 0.852538326666667

00:36:24.490 --> 00:36:28.042 it's fine to accept that and  
NOTE Confidence: 0.852538326666667

00:36:28.042 --> 00:36:29.818 have those moments.  
NOTE Confidence: 0.852538326666667

00:36:29.820 --> 00:36:32.515 Another item I wanted to talk about  
NOTE Confidence: 0.852538326666667

00:36:32.515 --> 00:36:35.530 was the Holidays and this all begins  
NOTE Confidence: 0.852538326666667

00:36:35.530 --> 00:36:37.755 by acknowledging that the holiday

NOTE Confidence: 0.852538326666667

00:36:37.755 --> 00:36:40.349 season will be different this year,

NOTE Confidence: 0.852538326666667

00:36:40.350 --> 00:36:41.688 but that's different.

NOTE Confidence: 0.852538326666667

00:36:41.688 --> 00:36:43.918 That difference can have positive

NOTE Confidence: 0.852538326666667

00:36:43.918 --> 00:36:45.819 qualities I think as well.

NOTE Confidence: 0.852538326666667

00:36:45.820 --> 00:36:47.860 While many of our gatherings

NOTE Confidence: 0.852538326666667

00:36:47.860 --> 00:36:50.409 with family and friends will look

NOTE Confidence: 0.852538326666667

00:36:50.409 --> 00:36:52.129 very different this year,

NOTE Confidence: 0.8444529

00:36:52.130 --> 00:36:55.770 we may be able to create new

NOTE Confidence: 0.8444529

00:36:55.770 --> 00:36:58.130 traditions this holiday season.

NOTE Confidence: 0.8444529

00:36:58.130 --> 00:37:01.567 For many of us that will include,

NOTE Confidence: 0.8444529

00:37:01.570 --> 00:37:03.538 you know this technology

NOTE Confidence: 0.8444529

00:37:03.538 --> 00:37:05.014 and virtual gatherings.

NOTE Confidence: 0.8444529

00:37:05.020 --> 00:37:07.996 Others include things like making an

NOTE Confidence: 0.8444529

00:37:07.996 --> 00:37:11.490 online gift or shopping or very small

NOTE Confidence: 0.8444529

00:37:11.490 --> 00:37:13.865 events with your nuclear family,

NOTE Confidence: 0.8444529

00:37:13.870 --> 00:37:17.454 or maybe even thoughts about making digital

NOTE Confidence: 0.8444529

00:37:17.454 --> 00:37:20.540 photo Chronicles of previous Holidays.

NOTE Confidence: 0.8444529

00:37:20.540 --> 00:37:24.122 It allows for us to be creative this year.

NOTE Confidence: 0.8444529

00:37:24.130 --> 00:37:26.909 It forces us away from what we

NOTE Confidence: 0.8444529

00:37:26.909 --> 00:37:29.320 usually do this time of year,

NOTE Confidence: 0.8444529

00:37:29.320 --> 00:37:32.704 which is the the running around to all the

NOTE Confidence: 0.8444529

00:37:32.704 --> 00:37:35.695 stores and looking for the perfect gift.

NOTE Confidence: 0.8444529

00:37:35.700 --> 00:37:41.540 In many ways this is going to be a much more.

NOTE Confidence: 0.8444529

00:37:41.540 --> 00:37:43.860 Personal much more real holiday

NOTE Confidence: 0.8444529

00:37:43.860 --> 00:37:47.398 then that in the past so you know

NOTE Confidence: 0.8444529

00:37:47.398 --> 00:37:50.030 all of these changes are are in

NOTE Confidence: 0.8444529

00:37:50.123 --> 00:37:52.799 the name of preserving our health

NOTE Confidence: 0.8444529

00:37:52.799 --> 00:37:55.949 and our health of our loved ones.

NOTE Confidence: 0.8444529

00:37:55.949 --> 00:37:58.667 Let's not underestimate the value of

NOTE Confidence: 0.8444529

00:37:58.667 --> 00:38:01.343 old fashioned cards and letters that

NOTE Confidence: 0.8444529

00:38:01.343 --> 00:38:05.029 we used to send each other in the past.

NOTE Confidence: 0.8444529

00:38:05.030 --> 00:38:07.400 Remembering why we celebrate during

NOTE Confidence: 0.8444529

00:38:07.400 --> 00:38:10.274 this season with things we ought

NOTE Confidence: 0.8444529

00:38:10.274 --> 00:38:12.842 to be placing importance on like

NOTE Confidence: 0.8444529

00:38:12.842 --> 00:38:14.510 health and warmth and.

NOTE Confidence: 0.8444529

00:38:14.510 --> 00:38:17.024 Intimacy are all important all of

NOTE Confidence: 0.8444529

00:38:17.024 --> 00:38:19.181 very important and again focusing

NOTE Confidence: 0.8444529

00:38:19.181 --> 00:38:21.599 on our self care is important.

NOTE Confidence: 0.8444529

00:38:21.600 --> 00:38:23.680 Doing things that we enjoy,

NOTE Confidence: 0.8444529

00:38:23.680 --> 00:38:25.770 whether it's taking a walk,

NOTE Confidence: 0.8444529

00:38:25.770 --> 00:38:27.018 virtual exercise class,

NOTE Confidence: 0.8444529

00:38:27.018 --> 00:38:28.266 cooking a meal,

NOTE Confidence: 0.8444529

00:38:28.270 --> 00:38:30.888 spending time with our family for those

NOTE Confidence: 0.8444529

00:38:30.888 --> 00:38:33.946 of our our patients and families that

NOTE Confidence: 0.8444529

00:38:33.946 --> 00:38:36.730 are burdened by illness this season

NOTE Confidence: 0.86336607

00:39:36.790 --> 00:39:39.940 I think we're going to turn that a question.

00:39:39.940 --> 00:39:42.390 And as I say, we've gotten many.

00:39:46.590 --> 00:39:47.998 and then I'll start,

NOTE Confidence: 0.86336607

00:39:47.998 --> 00:39:51.488 you know and and and I'll start with a few.

00:39:51.490 --> 00:39:53.482 So let me actually open first

NOTE Confidence: 0.86336607

00:39:53.482 --> 00:39:56.039 and then turn to Nancy and Nancy.

NOTE Confidence: 0.86336607

00:39:56.040 --> 00:39:57.648 You know somebody?

NOTE Confidence: 0.86336607

NOTE Confidence: 0.86336607

00:40:00.330 --> 00:40:02.058 Lot of patients in your capacity  
NOTE Confidence: 0.86336607

00:40:02.058 --> 00:40:04.398 as a nurse in the Melanoma unit.  
NOTE Confidence: 0.86336607

00:40:04.400 --> 00:40:06.633 I wondered if you could share with  
NOTE Confidence: 0.86336607

00:40:06.633 --> 00:40:08.469 us your perspectives from you know,  
NOTE Confidence: 0.86336607

00:40:08.470 --> 00:40:09.958 as you know from nursing really  
NOTE Confidence: 0.86336607

00:40:09.958 --> 00:40:11.866 in the care of patients during  
NOTE Confidence: 0.86336607

00:40:11.866 --> 00:40:13.159 these challenging times.  
NOTE Confidence: 0.86336607

00:40:13.160 --> 00:40:15.435 What you have encountered some of the

00:40:20.360 --> 00:40:21.552 on the line now.  
NOTE Confidence: 0.88423264

00:40:21.552 --> 00:40:23.989 I think it's most important for me to  
NOTE Confidence: 0.88423264

00:40:23.989 --> 00:40:26.033 tell everyone how much we care about  
NOTE Confidence: 0.88423264

00:40:26.033 --> 00:40:28.188 each and everyone of our patients.  
NOTE Confidence: 0.88423264

00:40:28.190 --> 00:40:30.486 We have gone to great lengths to.

NOTE Confidence: 0.88423264

00:40:30.490 --> 00:40:32.989 Make sure the environment is clean and

NOTE Confidence: 0.88423264

00:40:32.989 --> 00:40:35.718 is safe during the height of the kovid

NOTE Confidence: 0.88423264

00:40:35.718 --> 00:40:38.686 pandemic we were out of the Smile Cancer

NOTE Confidence: 0.88423264

00:40:38.686 --> 00:40:40.876 hospital and relocated to Guilford.

NOTE Confidence: 0.88423264

00:40:40.880 --> 00:40:43.162 We had a young man who parents

NOTE Confidence: 0.88423264

00:40:43.162 --> 00:40:45.863 did not want him to come into

NOTE Confidence: 0.88423264

00:40:45.863 --> 00:40:47.923 the building and Doctor Cloonan.

NOTE Confidence: 0.88423264

00:40:47.930 --> 00:40:51.224 I went out and took stitches out of his

NOTE Confidence: 0.88423264

00:40:51.224 --> 00:40:54.226 person in the back of his mother's car.

NOTE Confidence: 0.88423264

00:40:54.230 --> 00:40:57.569 We are here to do anything we need to.

NOTE Confidence: 0.88423264

00:40:57.570 --> 00:41:00.755 Our team wants to meet every patient.

NOTE Confidence: 0.88423264

00:41:00.760 --> 00:41:03.420 At the space they need us to,

NOTE Confidence: 0.88423264

00:41:03.420 --> 00:41:07.032 we're willing to to do anything to

NOTE Confidence: 0.88423264

00:41:07.032 --> 00:41:09.440 make everyone comfortable and safe.

NOTE Confidence: 0.88423264

00:41:09.440 --> 00:41:12.718 Um, I think that it's also something that

NOTE Confidence: 0.88423264

00:41:12.718 --> 00:41:15.456 we pride ourselves in here in the cancer

NOTE Confidence: 0.88423264

00:41:15.456 --> 00:41:17.710 hospital that we put patients first.

NOTE Confidence: 0.85538787

00:41:19.310 --> 00:41:21.160 Or dance you thank you.

NOTE Confidence: 0.85538787

00:41:21.160 --> 00:41:23.400 And that's a great story and it

NOTE Confidence: 0.85538787

00:41:23.400 --> 00:41:25.284 really speaks to your commitment

NOTE Confidence: 0.85538787

00:41:25.284 --> 00:41:27.424 and those of your colleagues.

NOTE Confidence: 0.85538787

00:41:27.430 --> 00:41:29.505 Paula, as somebody who leads

NOTE Confidence: 0.85538787

00:41:29.505 --> 00:41:30.750 administratively the operations

NOTE Confidence: 0.85538787

00:41:30.750 --> 00:41:33.192 for a number of our care centers

NOTE Confidence: 0.85538787

00:41:33.192 --> 00:41:35.180 that is outside of New Haven.

NOTE Confidence: 0.85538787

00:41:35.180 --> 00:41:37.424 One question that's come in is

NOTE Confidence: 0.85538787

00:41:37.424 --> 00:41:40.100 are we applying the same rules of

NOTE Confidence: 0.85538787

00:41:40.100 --> 00:41:42.669 safety in those centers that we are

NOTE Confidence: 0.85538787

00:41:42.744 --> 00:41:45.138 in the main campus in New Haven,

NOTE Confidence: 0.85538787

00:41:45.140 --> 00:41:48.830 and you know how is that going and you know,

NOTE Confidence: 0.85538787

00:41:48.830 --> 00:41:52.520 tell us about that approach.

NOTE Confidence: 0.85538787

00:41:52.520 --> 00:41:52.910 Thank

NOTE Confidence: 0.8494461

00:41:52.910 --> 00:41:54.152 you, Charlie. Absolutely,

NOTE Confidence: 0.8494461

00:41:54.152 --> 00:41:57.050 we are employing the same standard for

NOTE Confidence: 0.8494461

00:41:57.124 --> 00:41:59.530 covid precautions and all our smile

NOTE Confidence: 0.8494461

00:41:59.530 --> 00:42:02.060 locate Smiler locations as well as

NOTE Confidence: 0.8494461

00:42:02.060 --> 00:42:04.190 throughout the entire hospital system.

NOTE Confidence: 0.8494461

00:42:04.190 --> 00:42:05.873 We work very hard.

NOTE Confidence: 0.8494461

00:42:05.873 --> 00:42:09.394 We prescreen all our patients 24 to 48

NOTE Confidence: 0.8494461

00:42:09.394 --> 00:42:12.298 hours in advance of their appointment.

NOTE Confidence: 0.8494461

00:42:12.300 --> 00:42:15.096 We also have the unfortunate job

NOTE Confidence: 0.8494461

00:42:15.096 --> 00:42:18.128 of telling our patients about our

NOTE Confidence: 0.8494461

00:42:18.128 --> 00:42:20.292 visitor restrictions because our

NOTE Confidence: 0.8494461

00:42:20.292 --> 00:42:23.290 staff totally miss our visitors.

NOTE Confidence: 0.8494461

00:42:23.290 --> 00:42:25.714 It's not just the patients who sits in

NOTE Confidence: 0.8494461

00:42:25.714 --> 00:42:28.090 our infusion share or in the exam room

NOTE Confidence: 0.8494461

00:42:28.090 --> 00:42:30.419 that we have developed relationships with,  
NOTE Confidence: 0.8494461

00:42:30.420 --> 00:42:33.180 but it certainly is that caregiver that has  
NOTE Confidence: 0.8494461

00:42:33.180 --> 00:42:35.709 providing the care outside of our walls to  
NOTE Confidence: 0.8494461

00:42:35.709 --> 00:42:38.310 that patient that we miss just as much.  
NOTE Confidence: 0.8494461

00:42:38.310 --> 00:42:40.510 We also are using the  
NOTE Confidence: 0.8494461

00:42:40.510 --> 00:42:41.830 standard protective equipment,  
NOTE Confidence: 0.8494461

00:42:41.830 --> 00:42:44.336 so we are masking gowning hand hygiene.  
NOTE Confidence: 0.8494461

00:42:44.340 --> 00:42:46.488 We talk about this every single  
NOTE Confidence: 0.8494461

00:42:46.488 --> 00:42:47.920 day in our huddles.  
NOTE Confidence: 0.8494461

00:42:47.920 --> 00:42:50.068 Every single one of our locations,  
NOTE Confidence: 0.8494461

00:42:50.070 --> 00:42:52.387 whether we are at main campus at  
NOTE Confidence: 0.8494461

00:42:52.387 --> 00:42:54.718 20 York Street at North Pavilion,  
NOTE Confidence: 0.8494461

00:42:54.720 --> 00:42:57.226 or in one of the network sites,  
NOTE Confidence: 0.8494461

00:42:57.230 --> 00:43:00.454 has a daily morning huddle that we are  
NOTE Confidence: 0.8494461

00:43:00.454 --> 00:43:03.092 discussing any of the new things that  
NOTE Confidence: 0.8494461

00:43:03.092 --> 00:43:05.910 we are doing to protect our patients.

NOTE Confidence: 0.8494461

00:43:05.910 --> 00:43:08.073 Our patients arrive at any of our

NOTE Confidence: 0.8494461

00:43:08.073 --> 00:43:09.606 locations are against screened at

NOTE Confidence: 0.8494461

00:43:09.606 --> 00:43:11.806 the door and we apologize that we are

NOTE Confidence: 0.8494461

00:43:11.865 --> 00:43:13.851 asking the same questions about your

NOTE Confidence: 0.8494461

00:43:13.851 --> 00:43:15.744 cough and sneezing and runny noses.

NOTE Confidence: 0.8494461

00:43:15.744 --> 00:43:18.000 But we do want to go through every

NOTE Confidence: 0.8494461

00:43:18.069 --> 00:43:19.947 single one of those symptoms because

NOTE Confidence: 0.8494461

00:43:19.947 --> 00:43:22.536 we want to make sure that we are

NOTE Confidence: 0.8494461

00:43:22.536 --> 00:43:24.131 identifying anyone that might have

NOTE Confidence: 0.8494461

00:43:24.131 --> 00:43:26.065 a covid symptom and rest assured

NOTE Confidence: 0.8494461

00:43:26.065 --> 00:43:28.024 your treatment will not be suspended

NOTE Confidence: 0.8494461

00:43:28.024 --> 00:43:30.005 if you do have a covid system,

NOTE Confidence: 0.8494461

00:43:30.010 --> 00:43:32.306 a symptom that is what I rapid

NOTE Confidence: 0.8494461

00:43:32.306 --> 00:43:34.231 evaluation clinic is all about and

NOTE Confidence: 0.8494461

00:43:34.231 --> 00:43:36.261 just this week we had a patient

NOTE Confidence: 0.8494461

00:43:36.326 --> 00:43:38.126 to present it to the clinic.  
NOTE Confidence: 0.8494461

00:43:38.130 --> 00:43:40.570 We had one of the covid symptoms and  
NOTE Confidence: 0.8494461

00:43:40.570 --> 00:43:42.433 didn't think that it had anything  
NOTE Confidence: 0.8494461

00:43:42.433 --> 00:43:43.617 to do with Kovid,  
NOTE Confidence: 0.8494461

00:43:43.620 --> 00:43:45.420 but were able to get a ride over  
NOTE Confidence: 0.8494461

00:43:45.420 --> 00:43:46.955 to the rapid evaluation clinical  
NOTE Confidence: 0.8494461

00:43:46.955 --> 00:43:49.342 Lisa Barbara to help us make sure  
NOTE Confidence: 0.8494461

00:43:49.400 --> 00:43:51.250 that that happened very quickly.  
NOTE Confidence: 0.8494461

00:43:51.250 --> 00:43:53.500 And in fact she did not have covid at  
NOTE Confidence: 0.8494461

00:43:53.500 --> 00:43:56.128 all and continued on with their treatment.  
NOTE Confidence: 0.8494461

00:43:56.130 --> 00:43:57.960 We just want to make sure  
NOTE Confidence: 0.8494461

00:43:57.960 --> 00:43:58.875 the safe environment.  
NOTE Confidence: 0.8494461

00:43:58.875 --> 00:44:00.663 We've also stepped up our environmental  
NOTE Confidence: 0.8494461

00:44:00.663 --> 00:44:02.700 services so we have a team walking  
NOTE Confidence: 0.8494461

00:44:02.753 --> 00:44:04.313 around with the cleaning supplies  
NOTE Confidence: 0.8494461

00:44:04.313 --> 00:44:06.224 that we need our cleaning extra

NOTE Confidence: 0.8494461

00:44:06.224 --> 00:44:07.408 every single door nob,

NOTE Confidence: 0.8494461

00:44:07.410 --> 00:44:09.090 an elevator button that you might

NOTE Confidence: 0.8494461

00:44:09.090 --> 00:44:10.925 press so we are doing everything

NOTE Confidence: 0.8494461

00:44:10.925 --> 00:44:12.893 we can to keep everyone safe.

NOTE Confidence: 0.8220079

00:44:13.960 --> 00:44:16.438 And Paul, thank you and I actually

NOTE Confidence: 0.8220079

00:44:16.438 --> 00:44:18.877 when when you've given me the privilege

NOTE Confidence: 0.8220079

00:44:18.877 --> 00:44:21.936 of a tour, I I have to tell you,

NOTE Confidence: 0.8220079

00:44:21.940 --> 00:44:24.919 I I walk through with you and I don't

NOTE Confidence: 0.8220079

00:44:24.919 --> 00:44:27.486 think there's a safer place to be.

NOTE Confidence: 0.8220079

00:44:27.490 --> 00:44:30.613 And on the planet so and I know the

NOTE Confidence: 0.8220079

00:44:30.613 --> 00:44:33.044 patients feel the same when they're there.

NOTE Confidence: 0.8220079

00:44:33.044 --> 00:44:35.131 So thank you. Thank you, Charlie.

NOTE Confidence: 0.8220079

00:44:35.131 --> 00:44:36.519 So Doctor Kelsey Martin,

NOTE Confidence: 0.8220079

00:44:36.520 --> 00:44:38.946 who works in Orange Kelsey, you know.

NOTE Confidence: 0.8220079

00:44:38.946 --> 00:44:39.990 Obviously two questions.

NOTE Confidence: 0.8220079

00:44:39.990 --> 00:44:41.374 One given your expertise,  
NOTE Confidence: 0.8220079

00:44:41.374 --> 00:44:43.104 and hematology and hematologic legacies,  
NOTE Confidence: 0.8220079

00:44:43.110 --> 00:44:45.805 we actually have a number of patients.  
NOTE Confidence: 0.8220079

00:44:45.810 --> 00:44:48.512 Who have the gamut of of Lincoln  
NOTE Confidence: 0.8220079

00:44:48.512 --> 00:44:49.678 season hematology, lymphoma,  
NOTE Confidence: 0.8220079

00:44:49.678 --> 00:44:50.842 chronic myelogenous leukemia,  
NOTE Confidence: 0.8220079

00:44:50.842 --> 00:44:53.290 myeloma, all of whom were asking  
NOTE Confidence: 0.8220079

00:44:53.290 --> 00:44:55.350 when the vaccine becomes available  
NOTE Confidence: 0.8220079

00:44:55.428 --> 00:44:57.420 for covid should they do it?  
NOTE Confidence: 0.8220079

00:44:57.420 --> 00:44:58.578 Is it safe?  
NOTE Confidence: 0.8220079

00:44:58.578 --> 00:44:59.736 Will they respond?  
NOTE Confidence: 0.8220079

00:44:59.740 --> 00:45:02.629 You know and then wanted to ask you that  
NOTE Confidence: 0.8220079

00:45:02.629 --> 00:45:05.928 and then also any thoughts you have from  
NOTE Confidence: 0.8220079

00:45:05.928 --> 00:45:08.640 your experience from your vantage point,  
NOTE Confidence: 0.8220079

00:45:08.640 --> 00:45:10.750 your practice.  
NOTE Confidence: 0.8220079

00:45:10.750 --> 00:45:11.110 Alright,

NOTE Confidence: 0.83262116

00:45:11.110 --> 00:45:11.774 thanks, Charlie.

NOTE Confidence: 0.83262116

00:45:11.774 --> 00:45:13.434 Thank you to everyone that's

NOTE Confidence: 0.83262116

00:45:13.434 --> 00:45:14.892 really interesting to hear

NOTE Confidence: 0.83262116

00:45:14.892 --> 00:45:16.119 everyone's thoughts tonight.

NOTE Confidence: 0.83262116

00:45:16.120 --> 00:45:17.910 I think that's a really,

NOTE Confidence: 0.83262116

00:45:17.910 --> 00:45:19.700 really important question and I

NOTE Confidence: 0.83262116

00:45:19.700 --> 00:45:22.306 think we all have the same question.

NOTE Confidence: 0.83262116

00:45:22.306 --> 00:45:24.610 And Doctor Anthony found she actually

NOTE Confidence: 0.83262116

00:45:24.681 --> 00:45:26.536 just spoke a couple of days ago

NOTE Confidence: 0.83262116

00:45:26.536 --> 00:45:29.094 at our ash meeting at our American

NOTE Confidence: 0.83262116

00:45:29.094 --> 00:45:30.794 Society of Hematology meeting.

NOTE Confidence: 0.83262116

00:45:30.800 --> 00:45:34.380 And you know, he he was promoting the use of,

NOTE Confidence: 0.83262116

00:45:34.380 --> 00:45:36.522 you know, the chobit 19 vaccines

NOTE Confidence: 0.83262116

00:45:36.522 --> 00:45:38.668 for our patients with blood cancers.

NOTE Confidence: 0.83262116

00:45:38.670 --> 00:45:41.316 That being said, I'm not familiar with.

NOTE Confidence: 0.83262116

00:45:41.320 --> 00:45:44.032 And I don't think that you know they  
NOTE Confidence: 0.83262116

00:45:44.032 --> 00:45:46.674 included any patients who had, you know,  
NOTE Confidence: 0.83262116

00:45:46.674 --> 00:45:48.816 compromised immune systems in those studies.  
NOTE Confidence: 0.83262116

00:45:48.820 --> 00:45:51.580 So I think it's probably an area that's  
NOTE Confidence: 0.83262116

00:45:51.580 --> 00:45:53.674 evolving for our knowledge base and  
NOTE Confidence: 0.83262116

00:45:53.674 --> 00:45:56.117 one of the concerns that we sometimes  
NOTE Confidence: 0.83262116

00:45:56.117 --> 00:45:58.391 had for patients with blood cancers  
NOTE Confidence: 0.83262116

00:45:58.391 --> 00:46:00.942 is have any of the treatments they've  
NOTE Confidence: 0.83262116

00:46:00.942 --> 00:46:03.476 received is not going to impact their  
NOTE Confidence: 0.83262116

00:46:03.476 --> 00:46:05.600 ability to respond to the vaccine,  
NOTE Confidence: 0.83262116

00:46:05.600 --> 00:46:08.043 and I think that's an important question  
NOTE Confidence: 0.83262116

00:46:08.043 --> 00:46:10.239 that were that were still there.  
NOTE Confidence: 0.83262116

00:46:10.240 --> 00:46:12.500 We're still learning information about.  
NOTE Confidence: 0.83262116

00:46:12.500 --> 00:46:13.136 But I.  
NOTE Confidence: 0.83262116

00:46:13.136 --> 00:46:16.460 I hope that we it's not a live vaccine.  
NOTE Confidence: 0.83262116

00:46:16.460 --> 00:46:18.336 The ones we have available so far,

NOTE Confidence: 0.83262116

00:46:18.340 --> 00:46:19.985 so I hope that they will be

NOTE Confidence: 0.83262116

00:46:19.985 --> 00:46:21.820 available to all our patients safely.

NOTE Confidence: 0.8843108

00:46:22.930 --> 00:46:24.631 Great thank you and then sort of

NOTE Confidence: 0.8843108

00:46:24.631 --> 00:46:25.905 from your perspective from you

NOTE Confidence: 0.8843108

00:46:25.905 --> 00:46:27.155 know you're working in Orange.

NOTE Confidence: 0.8843108

00:46:27.160 --> 00:46:28.684 Any thoughts that things that you've

NOTE Confidence: 0.8843108

00:46:28.684 --> 00:46:30.400 come across that you wanted to share?

NOTE Confidence: 0.8913397

00:46:32.220 --> 00:46:35.060 Oh yeah, so this has been a fascinating

NOTE Confidence: 0.8913397

00:46:35.060 --> 00:46:37.450 right, and I think that one of the

NOTE Confidence: 0.8913397

00:46:37.450 --> 00:46:39.579 things that I just wanted to say

NOTE Confidence: 0.8913397

00:46:39.579 --> 00:46:42.364 thank you to all of our patients for

NOTE Confidence: 0.8913397

00:46:42.364 --> 00:46:44.694 their flexibility because every day

NOTE Confidence: 0.8913397

00:46:44.694 --> 00:46:47.476 I sometimes feels like a new email

NOTE Confidence: 0.8913397

00:46:47.476 --> 00:46:50.503 comes across or a new rule or new

NOTE Confidence: 0.8913397

00:46:50.503 --> 00:46:53.583 visitor restriction and we have to tell

NOTE Confidence: 0.8913397

00:46:53.583 --> 00:46:56.508 patients things at the last minute and.

NOTE Confidence: 0.8913397

00:46:56.510 --> 00:46:58.622 Ann are patient and have handled

NOTE Confidence: 0.8913397

00:46:58.622 --> 00:47:01.543 it with such stride an as as the

NOTE Confidence: 0.8913397

00:47:01.543 --> 00:47:03.348 speakers before may have mentioned.

NOTE Confidence: 0.8913397

00:47:03.350 --> 00:47:05.528 We're here for you whether we're

NOTE Confidence: 0.8913397

00:47:05.528 --> 00:47:08.030 making a phone call from you know,

NOTE Confidence: 0.8913397

00:47:08.030 --> 00:47:10.550 or a video visit, or you know,

NOTE Confidence: 0.8913397

00:47:10.550 --> 00:47:13.070 coming up with some creative alternative of,

NOTE Confidence: 0.8913397

00:47:13.070 --> 00:47:15.218 you know, including patients and family

NOTE Confidence: 0.8913397

00:47:15.218 --> 00:47:17.749 members you know we have not stopped,

NOTE Confidence: 0.8913397

00:47:17.750 --> 00:47:20.174 and but I really do appreciate

NOTE Confidence: 0.8913397

00:47:20.174 --> 00:47:21.386 everyone's flexibility because

NOTE Confidence: 0.8913397

00:47:21.386 --> 00:47:23.432 there's lot of pivots and changes

NOTE Confidence: 0.8913397

00:47:23.432 --> 00:47:25.310 that have happened along the way.

NOTE Confidence: 0.837916

00:47:27.650 --> 00:47:29.816 Kelsey, thank you Doctor Christy Gomez,

NOTE Confidence: 0.837916

00:47:29.820 --> 00:47:32.088 who works in Torrance and Christy

NOTE Confidence: 0.837916

00:47:32.088 --> 00:47:34.679 a number of questions that I could

NOTE Confidence: 0.837916

00:47:34.679 --> 00:47:37.031 offer and obviously we want to hear.

NOTE Confidence: 0.837916

00:47:37.040 --> 00:47:39.560 I also get your perspective from Torrington,

NOTE Confidence: 0.837916

00:47:39.560 --> 00:47:41.891 but let me just start couple of

NOTE Confidence: 0.837916

00:47:41.891 --> 00:47:43.990 questions that patients are asking both

NOTE Confidence: 0.837916

00:47:43.990 --> 00:47:46.060 for themselves and for their family

NOTE Confidence: 0.837916

00:47:46.060 --> 00:47:48.228 about during this challenging time.

NOTE Confidence: 0.837916

00:47:48.230 --> 00:47:49.980 Christy, what should we recommending

NOTE Confidence: 0.837916

00:47:49.980 --> 00:47:51.730 about people going for standard

NOTE Confidence: 0.837916

00:47:51.789 --> 00:47:53.253 screening like colonoscopy and

NOTE Confidence: 0.837916

00:47:53.253 --> 00:47:55.083 mammography and things like that?

NOTE Confidence: 0.837916

00:47:55.090 --> 00:47:57.540 What advice giving is that something we

NOTE Confidence: 0.837916

00:47:57.540 --> 00:47:59.778 should be recommending or not recommending?

NOTE Confidence: 0.837916

00:47:59.780 --> 00:48:00.557 What do you?

NOTE Confidence: 0.837916

00:48:00.557 --> 00:48:02.370 What do you think we should suggest

NOTE Confidence: 0.837916

00:48:02.426 --> 00:48:04.370 to patients and families about this?

NOTE Confidence: 0.82850254

00:48:05.510 --> 00:48:07.958 Charlie, thank you with this kind

NOTE Confidence: 0.82850254

00:48:07.958 --> 00:48:10.390 of is a beautiful segue into

NOTE Confidence: 0.82850254

00:48:10.390 --> 00:48:12.622 what I wanted to comment on.

NOTE Confidence: 0.82850254

00:48:12.622 --> 00:48:14.600 I want to highlight or

NOTE Confidence: 0.82850254

00:48:14.600 --> 00:48:16.970 recognize or honor for a second.

NOTE Confidence: 0.82850254

00:48:16.970 --> 00:48:18.945 The fatigue that comes with

NOTE Confidence: 0.82850254

00:48:18.945 --> 00:48:20.920 a new way of life.

NOTE Confidence: 0.82850254

00:48:20.920 --> 00:48:22.464 Now months into this,

NOTE Confidence: 0.82850254

00:48:22.464 --> 00:48:25.240 my oldest niece is in her senior

NOTE Confidence: 0.82850254

00:48:25.240 --> 00:48:28.200 year of high school and I am trying

NOTE Confidence: 0.82850254

00:48:28.200 --> 00:48:31.121 to challenge her to see that life

NOTE Confidence: 0.82850254

00:48:31.121 --> 00:48:33.586 goes on that senior year looks

NOTE Confidence: 0.82850254

00:48:33.586 --> 00:48:35.626 different than we are called.

NOTE Confidence: 0.82850254

00:48:35.630 --> 00:48:38.504 22 newness or creativity like hobby

NOTE Confidence: 0.82850254

00:48:38.504 --> 00:48:41.820 mentioned and so in the same light,

NOTE Confidence: 0.82850254

00:48:41.820 --> 00:48:46.650 life goes on an or health remains.

NOTE Confidence: 0.82850254

00:48:46.650 --> 00:48:47.232 Pivotal.

NOTE Confidence: 0.82850254

00:48:47.232 --> 00:48:50.724 Um and must be optimized in

NOTE Confidence: 0.82850254

00:48:50.724 --> 00:48:54.229 order number one to continue to.

NOTE Confidence: 0.82850254

00:48:54.230 --> 00:48:56.974 Be healthy in light of a potential risk

NOTE Confidence: 0.82850254

00:48:56.974 --> 00:49:01.860 of a virus and infection, but more that.

NOTE Confidence: 0.82850254

00:49:01.860 --> 00:49:04.770 Our body, our aging process.

NOTE Confidence: 0.82850254

00:49:04.770 --> 00:49:06.456 Our screening anniversary's

NOTE Confidence: 0.82850254

00:49:06.456 --> 00:49:10.390 need to be met and that safety

NOTE Confidence: 0.82850254

00:49:10.493 --> 00:49:13.498 has been our utmost commitment.

NOTE Confidence: 0.82850254

00:49:13.500 --> 00:49:19.387 I am working closely with the GI.

NOTE Confidence: 0.82850254

00:49:19.390 --> 00:49:21.595 Team locally and have they

NOTE Confidence: 0.82850254

00:49:21.595 --> 00:49:23.800 have guaranteed the safety of,

NOTE Confidence: 0.82850254

00:49:23.800 --> 00:49:24.682 for instance,

NOTE Confidence: 0.82850254

00:49:24.682 --> 00:49:26.005 endoscopies annual colonoscopies

NOTE Confidence: 0.82850254

00:49:26.005 --> 00:49:28.210 at our center in Torrington.  
NOTE Confidence: 0.82850254

00:49:28.210 --> 00:49:30.905 We have a local imaging center right  
NOTE Confidence: 0.82850254

00:49:30.905 --> 00:49:34.145 next door and our patients are so  
NOTE Confidence: 0.82850254

00:49:34.145 --> 00:49:36.149 appreciative that their breasts,  
NOTE Confidence: 0.82850254

00:49:36.150 --> 00:49:36.591 exams,  
NOTE Confidence: 0.82850254

00:49:36.591 --> 00:49:39.237 their mammograms and ultrasounds are done.  
NOTE Confidence: 0.82850254

00:49:39.240 --> 00:49:41.164 I'm seeing a patient.  
NOTE Confidence: 0.82850254

00:49:41.164 --> 00:49:45.139 She goes next door and gets the study.  
NOTE Confidence: 0.82850254

00:49:45.140 --> 00:49:51.730 Um, life goes on and we are asked to too.  
NOTE Confidence: 0.82850254

00:49:51.730 --> 00:49:54.286 Our called to continue to show  
NOTE Confidence: 0.82850254

00:49:54.286 --> 00:49:57.390 up to all that life is calling  
NOTE Confidence: 0.82850254

00:49:57.390 --> 00:50:00.435 us to in utmost safety an eye.  
NOTE Confidence: 0.82850254

00:50:00.440 --> 00:50:02.858 Everyone is pulling through with that.  
NOTE Confidence: 0.82850254

00:50:02.860 --> 00:50:05.278 Our colleagues in GI in radiology.  
NOTE Confidence: 0.82850254

00:50:05.280 --> 00:50:07.912 To me it's been the utmost important  
NOTE Confidence: 0.82850254

00:50:07.912 --> 00:50:09.710 recommendation to my patients.

NOTE Confidence: 0.82850254

00:50:09.710 --> 00:50:12.002 In some instances when the world

NOTE Confidence: 0.82850254

00:50:12.002 --> 00:50:14.140 stood still in the spring,

NOTE Confidence: 0.82850254

00:50:14.140 --> 00:50:15.304 things were delayed,

NOTE Confidence: 0.82850254

00:50:15.304 --> 00:50:17.244 and unfortunately we've seen some

NOTE Confidence: 0.82850254

00:50:17.244 --> 00:50:19.380 manifestations of her later presentations,

NOTE Confidence: 0.82850254

00:50:19.380 --> 00:50:20.988 so I encourage everyone.

NOTE Confidence: 0.82850254

00:50:20.988 --> 00:50:22.194 I invite you.

NOTE Confidence: 0.82850254

00:50:22.200 --> 00:50:25.488 I hold your hand in saying it is

NOTE Confidence: 0.82850254

00:50:25.488 --> 00:50:28.724 safe to do so, and you are important.

NOTE Confidence: 0.82850254

00:50:28.724 --> 00:50:30.408 Your health is important.

NOTE Confidence: 0.82850254

00:50:30.410 --> 00:50:33.082 So that you meet the challenges of of

NOTE Confidence: 0.82850254

00:50:33.082 --> 00:50:35.159 your health and any challenge that

NOTE Confidence: 0.82850254

00:50:35.159 --> 00:50:38.260 you have in these times of sheltering and.

NOTE Confidence: 0.851075

00:50:40.130 --> 00:50:42.188 Christy, thank you. That's very helpful.

NOTE Confidence: 0.851075

00:50:42.190 --> 00:50:43.915 Doctor James you from therapeutic

NOTE Confidence: 0.851075

00:50:43.915 --> 00:50:44.950 radiology radiation oncology.

NOTE Confidence: 0.851075

00:50:44.950 --> 00:50:46.822 We actually have some questions about

NOTE Confidence: 0.851075

00:50:46.822 --> 00:50:48.897 a number of questions that relate

NOTE Confidence: 0.851075

00:50:48.897 --> 00:50:50.445 to various radiation approaches.

NOTE Confidence: 0.851075

00:50:50.450 --> 00:50:52.406 In fact, one question specifically about

NOTE Confidence: 0.851075

00:50:52.406 --> 00:50:54.920 the role of IMRT for prostate cancer,

NOTE Confidence: 0.851075

00:50:54.920 --> 00:50:56.930 but in which I think would

NOTE Confidence: 0.851075

00:50:56.930 --> 00:50:59.049 be great for you to dress.

NOTE Confidence: 0.851075

00:50:59.050 --> 00:51:01.108 But you also maybe if you,

NOTE Confidence: 0.851075

00:51:01.110 --> 00:51:02.398 if you wouldn't mind.

NOTE Confidence: 0.851075

00:51:02.398 --> 00:51:04.775 James also is sharing some of your

NOTE Confidence: 0.851075

00:51:04.775 --> 00:51:07.013 thoughts about some of the newer

NOTE Confidence: 0.851075

00:51:07.013 --> 00:51:09.489 technologies that you and your team are

NOTE Confidence: 0.851075

00:51:09.489 --> 00:51:12.165 beginning to avail patients as as were.

NOTE Confidence: 0.851075

00:51:12.165 --> 00:51:14.370 Moving forward. Sure,

NOTE Confidence: 0.85828424

00:51:14.370 --> 00:51:16.428 so most of the innovations in

NOTE Confidence: 0.85828424

00:51:16.428 --> 00:51:18.593 radiation over the past couple years

NOTE Confidence: 0.85828424

00:51:18.593 --> 00:51:20.765 have mainly been in technique and

NOTE Confidence: 0.85828424

00:51:20.765 --> 00:51:23.506 trying to reduce the side effects

NOTE Confidence: 0.85828424

00:51:23.506 --> 00:51:25.450 associated with radiation treatment.

NOTE Confidence: 0.85828424

00:51:25.450 --> 00:51:27.826 The area that I mainly treat,

NOTE Confidence: 0.85828424

00:51:27.830 --> 00:51:31.018 prostate cancer we've been.

NOTE Confidence: 0.85828424

00:51:31.020 --> 00:51:32.780 Pioneering the use of something

NOTE Confidence: 0.85828424

00:51:32.780 --> 00:51:34.188 called space or hydrogel,

NOTE Confidence: 0.85828424

00:51:34.190 --> 00:51:36.242 which is to space the prostate

NOTE Confidence: 0.85828424

00:51:36.242 --> 00:51:38.394 away from the rectum to reduce

NOTE Confidence: 0.85828424

00:51:38.394 --> 00:51:40.169 side effects to the rectum.

NOTE Confidence: 0.85828424

00:51:40.170 --> 00:51:42.410 We put markers into the prostate to

NOTE Confidence: 0.85828424

00:51:42.410 --> 00:51:44.584 track the motion and really shrink

NOTE Confidence: 0.85828424

00:51:44.584 --> 00:51:46.504 the margins around the prostate.

NOTE Confidence: 0.85828424

00:51:46.510 --> 00:51:48.270 When we deliver radiation treatment.

NOTE Confidence: 0.85828424

00:51:48.270 --> 00:51:52.486 But one of the things that's been beneficial.

NOTE Confidence: 0.85828424

00:51:52.490 --> 00:51:54.870 Based on what we've done at Yale

NOTE Confidence: 0.85828424

00:51:54.870 --> 00:51:56.889 is to shorten radiation treatments

NOTE Confidence: 0.85828424

00:51:56.889 --> 00:51:59.643 and that is actually because of

NOTE Confidence: 0.85828424

00:51:59.643 --> 00:52:02.117 the kovid pandemic really shone a

NOTE Confidence: 0.85828424

00:52:02.117 --> 00:52:04.669 light on how we focused on trying

NOTE Confidence: 0.85828424

00:52:04.669 --> 00:52:06.972 to make the patients is trying to

NOTE Confidence: 0.85828424

00:52:06.972 --> 00:52:09.140 make the treatments as convenient

NOTE Confidence: 0.85828424

00:52:09.140 --> 00:52:11.060 for patients as possible,

NOTE Confidence: 0.85828424

00:52:11.060 --> 00:52:13.573 and reducing the number of times that

NOTE Confidence: 0.85828424

00:52:13.573 --> 00:52:15.908 they come in for radiation treatment

NOTE Confidence: 0.85828424

00:52:15.908 --> 00:52:19.161 has been one of the things that is

NOTE Confidence: 0.85828424

00:52:19.161 --> 00:52:21.657 recommended for how to deal with

NOTE Confidence: 0.85828424

00:52:21.657 --> 00:52:23.330 both treating patients properly.

NOTE Confidence: 0.85828424

00:52:23.330 --> 00:52:25.850 And minimizing their their virus risk.

NOTE Confidence: 0.85828424

00:52:25.850 --> 00:52:28.310 I can speak more about radiation

NOTE Confidence: 0.85828424

00:52:28.310 --> 00:52:29.540 technologies for hours,

NOTE Confidence: 0.85828424

00:52:29.540 --> 00:52:32.396 but I think I'll leave it there.

NOTE Confidence: 0.8414186

00:52:32.400 --> 00:52:33.630 Thank you, James.

NOTE Confidence: 0.8094653

00:52:35.760 --> 00:52:36.984 Kevin Billingsley, um?

NOTE Confidence: 0.8094653

00:52:36.984 --> 00:52:39.830 You know, as you may have heard,

NOTE Confidence: 0.8094653

00:52:39.830 --> 00:52:41.514 the state of Massachusetts,

NOTE Confidence: 0.8094653

00:52:41.514 --> 00:52:43.619 the governor just announced that

NOTE Confidence: 0.8094653

00:52:43.619 --> 00:52:45.529 they're they're putting a stop.

NOTE Confidence: 0.8094653

00:52:45.530 --> 00:52:49.870 If not a slowdown to elective surgeries.

NOTE Confidence: 0.8094653

00:52:49.870 --> 00:52:52.456 Any thoughts about what will happen

NOTE Confidence: 0.8094653

00:52:52.456 --> 00:52:55.107 in this latest surge with regard

NOTE Confidence: 0.8094653

00:52:55.107 --> 00:52:57.645 to surgeries that are at smilow?

NOTE Confidence: 0.8094653

00:52:57.650 --> 00:52:58.840 Charlie, I really

NOTE Confidence: 0.86295426

00:52:58.840 --> 00:53:01.640 appreciate that question because I

NOTE Confidence: 0.86295426

00:53:01.640 --> 00:53:04.440 having lived through the spring.

NOTE Confidence: 0.86295426

00:53:04.440 --> 00:53:09.430 When we had to delay so much surgery, it was.

NOTE Confidence: 0.86295426

00:53:09.430 --> 00:53:12.970 I think such a source of.

NOTE Confidence: 0.86295426

00:53:12.970 --> 00:53:15.832 I think it was a source of great stress

NOTE Confidence: 0.86295426

00:53:15.832 --> 00:53:19.105 and anxiety for many patients and families.

NOTE Confidence: 0.86295426

00:53:19.110 --> 00:53:22.690 And as a surgeon myself,

NOTE Confidence: 0.86295426

00:53:22.690 --> 00:53:26.870 I really have great reticence.

NOTE Confidence: 0.86295426

00:53:26.870 --> 00:53:30.181 Two to postpone a patient's operation in

NOTE Confidence: 0.86295426

00:53:30.181 --> 00:53:33.758 the setting of a of a cancer procedure.

NOTE Confidence: 0.86295426

00:53:33.760 --> 00:53:38.728 I think the good news is that with the

NOTE Confidence: 0.86295426

00:53:38.728 --> 00:53:43.244 tiered approach and the size of our

NOTE Confidence: 0.86295426

00:53:43.244 --> 00:53:46.204 hospital facilities across our network,

NOTE Confidence: 0.86295426

00:53:46.210 --> 00:53:49.425 it gives us incredible flexibility

NOTE Confidence: 0.86295426

00:53:49.425 --> 00:53:52.640 to move patients across inpatient

NOTE Confidence: 0.86295426

00:53:52.741 --> 00:53:55.816 units and and separate surgical

NOTE Confidence: 0.86295426

00:53:55.816 --> 00:53:59.688 patients from from covid patients or

NOTE Confidence: 0.86295426

00:53:59.688 --> 00:54:02.488 even patients under investigation.

NOTE Confidence: 0.86295426

00:54:02.490 --> 00:54:05.367 And at this point we are continuing

NOTE Confidence: 0.86295426

00:54:05.367 --> 00:54:08.067 to do our full operative schedule

NOTE Confidence: 0.86295426

00:54:08.067 --> 00:54:12.213 and we have no no plans to curtail

NOTE Confidence: 0.86295426

00:54:12.213 --> 00:54:13.919 surgical procedures.

NOTE Confidence: 0.86295426

00:54:13.920 --> 00:54:15.868 Now that being said,

NOTE Confidence: 0.86295426

00:54:15.868 --> 00:54:19.390 you know we are monitoring infection rates,

NOTE Confidence: 0.86295426

00:54:19.390 --> 00:54:20.378 hospitalization rates,

NOTE Confidence: 0.86295426

00:54:20.378 --> 00:54:23.342 Edie utilization rates on a really

NOTE Confidence: 0.86295426

00:54:23.342 --> 00:54:27.340 on daily basis, and you know the the.

NOTE Confidence: 0.86295426

00:54:27.340 --> 00:54:29.825 This pandemic can certainly throw

NOTE Confidence: 0.86295426

00:54:29.825 --> 00:54:32.356 us a curveball, but it.

NOTE Confidence: 0.86295426

00:54:32.356 --> 00:54:35.982 Our really our aim is to continue

NOTE Confidence: 0.86295426

00:54:35.982 --> 00:54:39.289 unrestricted access to surgical services.

NOTE Confidence: 0.8382668

00:54:40.300 --> 00:54:42.828 True, thank you Kevin Harvey. I really.

NOTE Confidence: 0.8382668

00:54:42.828 --> 00:54:45.740 I think it's a really good question that

NOTE Confidence: 0.8382668

00:54:45.813 --> 00:54:48.573 one of our patients is sharing that I.  
NOTE Confidence: 0.8382668

00:54:48.580 --> 00:54:50.020 I'm really pleased that  
NOTE Confidence: 0.8382668

00:54:50.020 --> 00:54:51.820 they're willing to share this.  
NOTE Confidence: 0.8382668

00:54:51.820 --> 00:54:54.492 A patient talks about her spouse who doesn't  
NOTE Confidence: 0.8382668

00:54:54.492 --> 00:54:57.217 like to talk about the patients cancer,  
NOTE Confidence: 0.8382668

00:54:57.220 --> 00:54:59.628 and I think sounds like by the  
NOTE Confidence: 0.8382668

00:54:59.628 --> 00:55:02.578 story wants to sort of be a brave  
NOTE Confidence: 0.8382668

00:55:02.578 --> 00:55:04.413 soul and reassure the spouse.  
NOTE Confidence: 0.8382668

00:55:04.420 --> 00:55:06.276 But doesn't you know,  
NOTE Confidence: 0.8382668

00:55:06.276 --> 00:55:10.308 it doesn't really want to talk about it and.  
NOTE Confidence: 0.8382668

00:55:10.310 --> 00:55:12.480 I think it's it as she says,  
NOTE Confidence: 0.8382668

00:55:12.480 --> 00:55:13.720 he's not in denial,  
NOTE Confidence: 0.8382668

00:55:13.720 --> 00:55:15.270 but uncomfortable talking about it.  
NOTE Confidence: 0.8382668

00:55:15.270 --> 00:55:17.006 And you know what?  
NOTE Confidence: 0.8382668

00:55:17.006 --> 00:55:20.150 Would you advise a couple like that?  
NOTE Confidence: 0.8382668

00:55:20.150 --> 00:55:20.590 Yeah,

NOTE Confidence: 0.8435089

00:55:20.590 --> 00:55:24.538 thank you for that that question.

NOTE Confidence: 0.8435089

00:55:24.540 --> 00:55:27.175 I think it's important to remember

NOTE Confidence: 0.8435089

00:55:27.175 --> 00:55:30.006 that many people have little experience

NOTE Confidence: 0.8435089

00:55:30.006 --> 00:55:32.430 with life threatening illnesses.

NOTE Confidence: 0.8435089

00:55:32.430 --> 00:55:35.370 They may not know what to

NOTE Confidence: 0.8435089

00:55:35.370 --> 00:55:38.840 say to you or how to act.

NOTE Confidence: 0.8435089

00:55:38.840 --> 00:55:42.060 For some people, it may be frightening

NOTE Confidence: 0.8435089

00:55:42.060 --> 00:55:45.740 to learn that their partner has cancer,

NOTE Confidence: 0.8435089

00:55:45.740 --> 00:55:48.698 others may have lost loved ones.

NOTE Confidence: 0.8435089

00:55:48.700 --> 00:55:51.455 Cancer and the diagnosis may

NOTE Confidence: 0.8435089

00:55:51.455 --> 00:55:54.210 may bring up painful memories.

NOTE Confidence: 0.8435089

00:55:54.210 --> 00:55:56.126 Um, For these reasons,

NOTE Confidence: 0.8435089

00:55:56.126 --> 00:55:59.552 some of some of your friends and

NOTE Confidence: 0.8435089

00:55:59.552 --> 00:56:02.765 family members may not be able to

NOTE Confidence: 0.8435089

00:56:02.765 --> 00:56:05.610 offer you support that you expect,

NOTE Confidence: 0.8435089

00:56:05.610 --> 00:56:08.949 and although that may be painful to  
NOTE Confidence: 0.8435089

00:56:08.949 --> 00:56:11.730 remember again at these reactions  
NOTE Confidence: 0.8435089

00:56:11.730 --> 00:56:12.990 may reflect.  
NOTE Confidence: 0.8435089

00:56:12.990 --> 00:56:14.818 Past experiences and losses  
NOTE Confidence: 0.8435089

00:56:14.818 --> 00:56:17.560 and not their feelings for you.  
NOTE Confidence: 0.8435089

00:56:17.560 --> 00:56:20.575 Some some friends and family  
NOTE Confidence: 0.8435089

00:56:20.575 --> 00:56:23.590 members make this in themselves.  
NOTE Confidence: 0.8435089

00:56:23.590 --> 00:56:25.860 There's a.  
NOTE Confidence: 0.8435089

00:56:25.860 --> 00:56:28.680 Surprise you with with with emotional  
NOTE Confidence: 0.8435089

00:56:28.680 --> 00:56:31.030 and physical support throughout your.  
NOTE Confidence: 0.8435089

00:56:31.030 --> 00:56:33.335 Your illness is important to  
NOTE Confidence: 0.8435089

00:56:33.335 --> 00:56:35.640 have these conversations to let  
NOTE Confidence: 0.8435089

00:56:35.726 --> 00:56:38.546 your husband or your wife know  
NOTE Confidence: 0.8435089

00:56:38.546 --> 00:56:39.956 on going communications.  
NOTE Confidence: 0.8435089

00:56:39.960 --> 00:56:42.907 Sometimes we try to protect our loved  
NOTE Confidence: 0.8435089

00:56:42.907 --> 00:56:45.130 ones by withholding information,

NOTE Confidence: 0.8435089

00:56:45.130 --> 00:56:48.420 thinking that that's going to help them.

NOTE Confidence: 0.8782796

00:56:50.740 --> 00:56:56.170 Also with your children. Over 4.

NOTE Confidence: 0.8782796

00:56:56.170 --> 00:56:58.340 You did with the children should be

NOTE Confidence: 0.8782796

00:56:58.340 --> 00:57:01.080 able to cope with your cancer diagnosis.

NOTE Confidence: 0.8782796

00:57:01.080 --> 00:57:04.190 It's important to share information.

NOTE Confidence: 0.8782796

00:57:04.190 --> 00:57:08.575 So it it it you know at the end of the day,

NOTE Confidence: 0.8782796

00:57:08.580 --> 00:57:10.410 the more that we communicate

NOTE Confidence: 0.8782796

00:57:10.410 --> 00:57:12.240 and share an even express,

NOTE Confidence: 0.8782796

00:57:12.240 --> 00:57:14.263 I would express to my husband or

NOTE Confidence: 0.8782796

00:57:14.263 --> 00:57:17.021 my wife that they may be having

NOTE Confidence: 0.8782796

00:57:17.021 --> 00:57:18.389 difficulty expressing themselves

NOTE Confidence: 0.8782796

00:57:18.389 --> 00:57:20.658 that you understand that it's OK,

NOTE Confidence: 0.8782796

00:57:20.660 --> 00:57:23.215 and when they're ready to talk that

NOTE Confidence: 0.8782796

00:57:23.215 --> 00:57:25.049 you're you're there to listen.

NOTE Confidence: 0.93846625

00:57:26.590 --> 00:57:28.800 Thank you, that's very helpful.

NOTE Confidence: 0.93846625

00:57:28.800 --> 00:57:30.690 Nancy, a couple of questions that  
NOTE Confidence: 0.93846625

00:57:30.690 --> 00:57:33.008 I think would be relevant to your  
NOTE Confidence: 0.93846625

00:57:33.008 --> 00:57:34.982 son is your area of expertise.  
NOTE Confidence: 0.93846625

00:57:34.990 --> 00:57:36.946 One is for patients who are,  
NOTE Confidence: 0.93846625

00:57:36.950 --> 00:57:38.900 you know, who are potentially going  
NOTE Confidence: 0.93846625

00:57:38.900 --> 00:57:40.534 undergoing surgery for, you know,  
NOTE Confidence: 0.93846625

00:57:40.534 --> 00:57:42.169 Melanoma or any other cancer.  
NOTE Confidence: 0.93846625

00:57:42.170 --> 00:57:43.970 Is there any greater risk in  
NOTE Confidence: 0.93846625

00:57:43.970 --> 00:57:46.210 terms of what's going on with the  
NOTE Confidence: 0.93846625

00:57:46.210 --> 00:57:47.830 pandemic and should other things  
NOTE Confidence: 0.93846625

00:57:47.830 --> 00:57:49.990 they need to be doing differently?  
NOTE Confidence: 0.93846625

00:57:49.990 --> 00:57:52.251 Should they delay their surgery and then  
NOTE Confidence: 0.93846625

00:57:52.251 --> 00:57:54.548 also related to your work in Melanoma?  
NOTE Confidence: 0.93846625

00:57:54.550 --> 00:57:56.506 A common tale is, you know,  
NOTE Confidence: 0.93846625

00:57:56.510 --> 00:57:59.000 somebody notices something on their skin.  
NOTE Confidence: 0.93846625

00:57:59.000 --> 00:57:59.882 But you know,

NOTE Confidence: 0.93846625

00:57:59.882 --> 00:58:02.405 do you want to go to the doctor

NOTE Confidence: 0.93846625

00:58:02.405 --> 00:58:04.340 and get it checked out?

NOTE Confidence: 0.93846625

00:58:04.340 --> 00:58:07.020 And but at the same time you're concerned

NOTE Confidence: 0.8817952

00:58:07.020 --> 00:58:09.344 about it? So what do you do?

NOTE Confidence: 0.8817952

00:58:09.350 --> 00:58:11.372 So two questions for you sure

NOTE Confidence: 0.8817952

00:58:11.372 --> 00:58:13.030 definitely have it checked out.

NOTE Confidence: 0.8817952

00:58:13.030 --> 00:58:14.700 Dermatology is a big portion

NOTE Confidence: 0.8817952

00:58:14.700 --> 00:58:16.370 of of how we operate.

NOTE Confidence: 0.8817952

00:58:16.370 --> 00:58:18.020 If someone goes to their

NOTE Confidence: 0.8817952

00:58:18.020 --> 00:58:20.040 dermatologist and a biopsy is done,

NOTE Confidence: 0.8817952

00:58:20.040 --> 00:58:22.378 they are referred to the Melanoma team.

NOTE Confidence: 0.8817952

00:58:22.380 --> 00:58:25.220 It's important to keep track of the moles

NOTE Confidence: 0.8817952

00:58:25.220 --> 00:58:27.058 and discolorations that you may have,

NOTE Confidence: 0.8817952

00:58:27.060 --> 00:58:29.588 especially as one matures.

NOTE Confidence: 0.8817952

00:58:29.590 --> 00:58:31.852 Most of the sun damage that

NOTE Confidence: 0.8817952

00:58:31.852 --> 00:58:34.769 was done in our youth develops,  
NOTE Confidence: 0.8817952

00:58:34.770 --> 00:58:37.794 as you know, as we become adults.  
NOTE Confidence: 0.8817952

00:58:37.800 --> 00:58:40.392 So I encourage people to please  
NOTE Confidence: 0.8817952

00:58:40.392 --> 00:58:42.120 go to the dermatologist.  
NOTE Confidence: 0.8817952

00:58:42.120 --> 00:58:44.280 Don't delay that as far  
NOTE Confidence: 0.8817952

00:58:44.280 --> 00:58:46.008 as our surgical setting,  
NOTE Confidence: 0.8817952

00:58:46.010 --> 00:58:49.961 because we saw such a dip in March and  
NOTE Confidence: 0.8817952

00:58:49.961 --> 00:58:53.231 people did delay treatment and care  
NOTE Confidence: 0.8817952

00:58:53.231 --> 00:58:56.749 the we've noticed that some of the.  
NOTE Confidence: 0.8817952

00:58:56.750 --> 00:58:58.850 Areas are larger, deeper and bigger,  
NOTE Confidence: 0.8817952

00:58:58.850 --> 00:59:01.342 so I would hope that people would  
NOTE Confidence: 0.8817952

00:59:01.342 --> 00:59:03.719 realize that we are offering a  
NOTE Confidence: 0.8817952

00:59:03.719 --> 00:59:05.764 service in a safe environment.  
NOTE Confidence: 0.8817952

00:59:05.770 --> 00:59:07.840 And please do not delay care  
NOTE Confidence: 0.8817952

00:59:07.840 --> 00:59:10.039 because the area can change or  
NOTE Confidence: 0.8817952

00:59:10.039 --> 00:59:12.277 grow and present other issues that

NOTE Confidence: 0.8817952

00:59:12.277 --> 00:59:14.938 we could head off at an earlier

NOTE Confidence: 0.8817952

00:59:14.938 --> 00:59:16.410 stage if caught earlier.

NOTE Confidence: 0.8727445

00:59:18.210 --> 00:59:19.530 Thank you, Nancy Kim.

NOTE Confidence: 0.8727445

00:59:19.530 --> 00:59:21.180 Let me ask you you.

NOTE Confidence: 0.8727445

00:59:21.180 --> 00:59:22.962 Obviously I think we've talked a

NOTE Confidence: 0.8727445

00:59:22.962 --> 00:59:24.577 little bit about the Visitation

NOTE Confidence: 0.8727445

00:59:24.577 --> 00:59:26.785 policies and on the inpatient side.

NOTE Confidence: 0.8727445

00:59:26.790 --> 00:59:29.550 So what kind of things can we do for patients

NOTE Confidence: 0.8727445

00:59:29.614 --> 00:59:32.068 and their families who are hospitalized?

NOTE Confidence: 0.8727445

00:59:32.070 --> 00:59:34.554 Given the fact that we we need to take

NOTE Confidence: 0.8727445

00:59:34.554 --> 00:59:36.407 these policy's keep these policies

NOTE Confidence: 0.8727445

00:59:36.407 --> 00:59:38.669 in place to keep everyone safe.

NOTE Confidence: 0.8727445

00:59:38.670 --> 00:59:41.206 So what kind of things we can we

NOTE Confidence: 0.8727445

00:59:41.206 --> 00:59:44.178 do to help families through that?

NOTE Confidence: 0.8727445

00:59:44.180 --> 00:59:44.590 Entirely

NOTE Confidence: 0.90780514

00:59:44.590 --> 00:59:47.330 thank you for that question, and again,  
NOTE Confidence: 0.90780514

00:59:47.330 --> 00:59:50.210 we're really trying to make sure that we  
NOTE Confidence: 0.90780514

00:59:50.287 --> 00:59:52.915 are engaging and providing that support  
NOTE Confidence: 0.90780514

00:59:52.915 --> 00:59:55.520 for patients and their loved ones.  
NOTE Confidence: 0.90780514

00:59:55.520 --> 00:59:57.545 So we really are trying  
NOTE Confidence: 0.90780514

00:59:57.545 --> 00:59:58.760 to leverage technology.  
NOTE Confidence: 0.90780514

00:59:58.760 --> 01:00:01.567 So if our family We have the  
NOTE Confidence: 0.90780514

01:00:01.567 --> 01:00:03.963 ability to FaceTime and we can  
NOTE Confidence: 0.90780514

01:00:03.963 --> 01:00:06.539 also set up much similar to this.  
NOTE Confidence: 0.90780514

01:00:06.540 --> 01:00:08.906 A zoom you know where even when  
NOTE Confidence: 0.90780514

01:00:08.906 --> 01:00:10.784 our providers when our physicians  
NOTE Confidence: 0.90780514

01:00:10.784 --> 01:00:13.172 are rounding and and the family  
NOTE Confidence: 0.90780514

01:00:13.172 --> 01:00:15.604 Member wants to have their loved  
NOTE Confidence: 0.90780514

01:00:15.604 --> 01:00:17.554 one involved in that discussion,  
NOTE Confidence: 0.90780514

01:00:17.560 --> 01:00:19.460 we can zoom them in.  
NOTE Confidence: 0.90780514

01:00:19.460 --> 01:00:22.212 We end the patient doesn't have to have

NOTE Confidence: 0.90780514

01:00:22.212 --> 01:00:25.159 their own smartphone or their own tablet.

NOTE Confidence: 0.90780514

01:00:25.160 --> 01:00:28.107 We have the ability to provide that

NOTE Confidence: 0.90780514

01:00:28.107 --> 01:00:30.649 at certain points in the day for.

NOTE Confidence: 0.90780514

01:00:30.650 --> 01:00:33.770 For patients who do not have those devices,

NOTE Confidence: 0.90780514

01:00:33.770 --> 01:00:36.666 so we really try very hard to make

NOTE Confidence: 0.90780514

01:00:36.666 --> 01:00:39.618 sure that that we have that ability.

NOTE Confidence: 0.90780514

01:00:39.620 --> 01:00:42.007 We can do the good old fashioned

NOTE Confidence: 0.90780514

01:00:42.007 --> 01:00:44.831 phone call if people don't have the

NOTE Confidence: 0.90780514

01:00:44.831 --> 01:00:47.411 ability to do the video interaction,

NOTE Confidence: 0.90780514

01:00:47.420 --> 01:00:50.540 so we also have that availability and again,

NOTE Confidence: 0.90780514

01:00:50.540 --> 01:00:55.229 is Javier had mentioned, you know we do have.

NOTE Confidence: 0.90780514

01:00:55.230 --> 01:00:57.010 Are social workers available and

NOTE Confidence: 0.90780514

01:00:57.010 --> 01:00:59.211 our social workers are not just

NOTE Confidence: 0.90780514

01:00:59.211 --> 01:01:01.347 available to our patients but there

NOTE Confidence: 0.90780514

01:01:01.347 --> 01:01:03.484 they are available to our patients

NOTE Confidence: 0.90780514

01:01:03.484 --> 01:01:05.494 and their families and loved ones.  
NOTE Confidence: 0.90780514

01:01:05.500 --> 01:01:08.258 So I want to make sure that  
NOTE Confidence: 0.90780514

01:01:08.258 --> 01:01:10.020 you know that that.  
NOTE Confidence: 0.90780514

01:01:10.020 --> 01:01:11.675 That patients and families know  
NOTE Confidence: 0.90780514

01:01:11.675 --> 01:01:13.680 that we're here to support them,  
NOTE Confidence: 0.90780514

01:01:13.680 --> 01:01:15.787 so we just try really hard to  
NOTE Confidence: 0.90780514

01:01:15.787 --> 01:01:17.680 engage in any way possible.  
NOTE Confidence: 0.90780514

01:01:17.680 --> 01:01:18.940 A lot of times.  
NOTE Confidence: 0.90780514

01:01:18.940 --> 01:01:20.515 What's helpful if a patient  
NOTE Confidence: 0.90780514

01:01:20.515 --> 01:01:22.337 is going to be admitted.  
NOTE Confidence: 0.90780514

01:01:22.340 --> 01:01:24.664 I know sometimes our teams are asking,  
NOTE Confidence: 0.90780514

01:01:24.670 --> 01:01:26.994 you know what? What would you like?  
NOTE Confidence: 0.90780514

01:01:27.000 --> 01:01:29.997 I think setting up that plan ahead of time.  
NOTE Confidence: 0.90780514

01:01:30.000 --> 01:01:32.076 Is there someone in particular you  
NOTE Confidence: 0.90780514

01:01:32.076 --> 01:01:34.330 wants to give updates to every day?  
NOTE Confidence: 0.90780514

01:01:34.330 --> 01:01:37.178 Is there someone that you want to make

NOTE Confidence: 0.90780514

01:01:37.178 --> 01:01:40.339 sure that I'm here when you call them too?

NOTE Confidence: 0.90780514

01:01:40.340 --> 01:01:42.720 To provide any answers to any of

NOTE Confidence: 0.90780514

01:01:42.720 --> 01:01:44.461 their questions that they have

NOTE Confidence: 0.90780514

01:01:44.461 --> 01:01:46.423 while you're talking to them on

NOTE Confidence: 0.90780514

01:01:46.423 --> 01:01:48.430 the phone or face timing them.

NOTE Confidence: 0.90780514

01:01:48.430 --> 01:01:50.586 So I think there's lots of ways

NOTE Confidence: 0.90780514

01:01:50.586 --> 01:01:52.810 that we are trying to engage.

NOTE Confidence: 0.90780514

01:01:52.810 --> 01:01:55.838 It is hard of it. Paula talked about this.

NOTE Confidence: 0.90780514

01:01:55.838 --> 01:01:57.186 Nancy talked about this.

NOTE Confidence: 0.90780514

01:01:57.190 --> 01:01:59.206 Our physicians on the line here,

NOTE Confidence: 0.90780514

01:01:59.210 --> 01:02:00.900 talked about it. It is.

NOTE Confidence: 0.90780514

01:02:00.900 --> 01:02:03.182 It is something that is just very

NOTE Confidence: 0.90780514

01:02:03.182 --> 01:02:05.279 difficult for all of us because

NOTE Confidence: 0.90780514

01:02:05.279 --> 01:02:07.385 it's something that we find so

NOTE Confidence: 0.90780514

01:02:07.385 --> 01:02:09.438 meaningful in our work and we

NOTE Confidence: 0.90780514

01:02:09.438 --> 01:02:10.742 want our families involved.  
NOTE Confidence: 0.90780514

01:02:10.750 --> 01:02:12.980 In the Keran we get a lot of joy out  
NOTE Confidence: 0.90780514

01:02:13.049 --> 01:02:15.099 of interacting with our patients,  
NOTE Confidence: 0.90780514

01:02:15.100 --> 01:02:16.252 families and loved ones.  
NOTE Confidence: 0.90780514

01:02:16.252 --> 01:02:18.304 So this is this is very difficult  
NOTE Confidence: 0.90780514

01:02:18.304 --> 01:02:20.416 for us as well and we just want  
NOTE Confidence: 0.90780514

01:02:20.416 --> 01:02:22.060 to connect anyway we can,  
NOTE Confidence: 0.90780514

01:02:22.060 --> 01:02:24.472 so I would also say for any of the  
NOTE Confidence: 0.90780514

01:02:24.472 --> 01:02:26.990 patients or family members on the line here,  
NOTE Confidence: 0.90780514

01:02:26.990 --> 01:02:28.736 if there are any other suggestions  
NOTE Confidence: 0.90780514

01:02:28.736 --> 01:02:31.083 for us on how we can interact with  
NOTE Confidence: 0.90780514

01:02:31.083 --> 01:02:33.369 you and how we can engage with you,  
NOTE Confidence: 0.90780514

01:02:33.370 --> 01:02:35.690 we would love to hear those as well.  
NOTE Confidence: 0.90780514

01:02:35.690 --> 01:02:37.699 So please don't be shy about giving  
NOTE Confidence: 0.90780514

01:02:37.699 --> 01:02:39.170 us your thoughts and ideas.  
NOTE Confidence: 0.82775307

01:02:40.020 --> 01:02:41.672 Jim, thank you Apala.

NOTE Confidence: 0.82775307

01:02:41.672 --> 01:02:44.150 I think a very fair question.

NOTE Confidence: 0.82775307

01:02:44.150 --> 01:02:46.205 How are we screening our

NOTE Confidence: 0.82775307

01:02:46.205 --> 01:02:48.726 employees who are coming to work

NOTE Confidence: 0.82775307

01:02:48.726 --> 01:02:51.006 to make sure that everything is

NOTE Confidence: 0.82775307

01:02:51.006 --> 01:02:53.650 safe in our in our facilities?

NOTE Confidence: 0.8944957

01:02:54.680 --> 01:02:56.867 Absolutely, so all our employees

NOTE Confidence: 0.8944957

01:02:56.867 --> 01:02:59.052 are required to self check

NOTE Confidence: 0.8944957

01:02:59.052 --> 01:03:00.800 their temperatures twice daily.

NOTE Confidence: 0.8944957

01:03:00.800 --> 01:03:03.350 One prior to arriving to

NOTE Confidence: 0.8944957

01:03:03.350 --> 01:03:05.900 work and one after work.

NOTE Confidence: 0.8944957

01:03:05.900 --> 01:03:07.992 We also provided thermometers

NOTE Confidence: 0.8944957

01:03:07.992 --> 01:03:11.130 to those employees who were not

NOTE Confidence: 0.8944957

01:03:11.221 --> 01:03:13.706 able to afford a thermometer.

NOTE Confidence: 0.8944957

01:03:13.710 --> 01:03:15.810 We also had employed during the height

NOTE Confidence: 0.8944957

01:03:15.810 --> 01:03:18.049 of the pandemic a temperature check.

NOTE Confidence: 0.8944957

01:03:18.050 --> 01:03:19.830 Stations throughout all the  
NOTE Confidence: 0.8944957  
01:03:19.830 --> 01:03:21.610 network care center sites.  
NOTE Confidence: 0.8944957  
01:03:21.610 --> 01:03:23.840 Anytime an employee during their  
NOTE Confidence: 0.8944957  
01:03:23.840 --> 01:03:26.540 shift feels the least bit sick.  
NOTE Confidence: 0.8944957  
01:03:26.540 --> 01:03:28.432 Doesn't matter how insignificant  
NOTE Confidence: 0.8944957  
01:03:28.432 --> 01:03:32.169 it was a sneeze or cough or I'm  
NOTE Confidence: 0.8944957  
01:03:32.169 --> 01:03:34.599 just starting to get a headache.  
NOTE Confidence: 0.8944957  
01:03:34.600 --> 01:03:36.840 There immediately reported to the  
NOTE Confidence: 0.8944957  
01:03:36.840 --> 01:03:39.232 onsite leader and they are sent  
NOTE Confidence: 0.8944957  
01:03:39.232 --> 01:03:41.470 home and then they called our  
NOTE Confidence: 0.8944957  
01:03:41.550 --> 01:03:44.010 covid hotline for instructions.  
NOTE Confidence: 0.8944957  
01:03:44.010 --> 01:03:46.250 We have very detailed instructions  
NOTE Confidence: 0.8944957  
01:03:46.250 --> 01:03:48.490 as management team that is,  
NOTE Confidence: 0.8944957  
01:03:48.490 --> 01:03:50.790 but from our infection prevention  
NOTE Confidence: 0.8944957  
01:03:50.790 --> 01:03:52.170 experts at Yale.  
NOTE Confidence: 0.8944957  
01:03:52.170 --> 01:03:53.414 Related to exposure guidelines

NOTE Confidence: 0.8944957

01:03:53.414 --> 01:03:55.450 and we follow those to the T.

NOTE Confidence: 0.84953153

01:03:57.080 --> 01:04:00.626 Thank you Doctor Gomez question how?

NOTE Confidence: 0.84953153

01:04:00.630 --> 01:04:04.170 How does one access genetic testing,

NOTE Confidence: 0.84953153

01:04:04.170 --> 01:04:07.125 genetic counseling, and should all

NOTE Confidence: 0.84953153

01:04:07.125 --> 01:04:09.489 patients undergo genetic testing?

NOTE Confidence: 0.86206675

01:04:11.820 --> 01:04:14.260 So one of my my loves in in

NOTE Confidence: 0.86206675

01:04:14.260 --> 01:04:16.649 oncology is that we're really a

NOTE Confidence: 0.86206675

01:04:16.649 --> 01:04:19.187 team and something like tonight is

NOTE Confidence: 0.86206675

01:04:19.270 --> 01:04:21.778 the way we approach cancer care.

NOTE Confidence: 0.86206675

01:04:21.780 --> 01:04:24.988 And here at Yale, we have a strong

NOTE Confidence: 0.86206675

01:04:24.988 --> 01:04:26.759 genetics counseling team for me.

NOTE Confidence: 0.86206675

01:04:26.760 --> 01:04:29.560 There a click away and part of my

NOTE Confidence: 0.86206675

01:04:29.560 --> 01:04:32.041 assessment of patients is to obtain

NOTE Confidence: 0.86206675

01:04:32.041 --> 01:04:34.166 a very detailed family history

NOTE Confidence: 0.86206675

01:04:34.166 --> 01:04:36.817 that can give clues as to whether

NOTE Confidence: 0.86206675

01:04:36.817 --> 01:04:38.711 there is a familial syndrome.  
NOTE Confidence: 0.86206675

01:04:38.711 --> 01:04:41.938 That this cancer may have elicited from  
NOTE Confidence: 0.86206675

01:04:41.938 --> 01:04:45.018 or protein or risk to next generation.  
NOTE Confidence: 0.86206675

01:04:45.020 --> 01:04:47.045 Once children or grandchildren or  
NOTE Confidence: 0.86206675

01:04:47.045 --> 01:04:49.880 siblings as well. So that's number one.  
NOTE Confidence: 0.86206675

01:04:49.880 --> 01:04:52.310 We've got a strong genetics team.  
NOTE Confidence: 0.86206675

01:04:52.310 --> 01:04:54.740 To me it's a click away.  
NOTE Confidence: 0.86206675

01:04:54.740 --> 01:04:58.100 It's part of my initial and  
NOTE Confidence: 0.86206675

01:04:58.100 --> 01:05:00.340 subsequent evaluations of patient.  
NOTE Confidence: 0.86206675

01:05:00.340 --> 01:05:00.754 Secondly,  
NOTE Confidence: 0.86206675

01:05:00.754 --> 01:05:04.066 the next question is who gets tested or  
NOTE Confidence: 0.86206675

01:05:04.066 --> 01:05:06.936 when does that conversation come up?  
NOTE Confidence: 0.86206675

01:05:06.940 --> 01:05:09.900 I have a particular.  
NOTE Confidence: 0.86206675

01:05:09.900 --> 01:05:10.293 Affinity,  
NOTE Confidence: 0.86206675

01:05:10.293 --> 01:05:12.651 as you mentioned or or love  
NOTE Confidence: 0.86206675

01:05:12.651 --> 01:05:14.720 and interest in GI cancers.

NOTE Confidence: 0.86206675

01:05:14.720 --> 01:05:17.345 And as you are all likely familiar

NOTE Confidence: 0.86206675

01:05:17.345 --> 01:05:20.348 'cause it was all over the newspaper.

NOTE Confidence: 0.86206675

01:05:20.350 --> 01:05:23.566 New York Times headlines over two years ago.

NOTE Confidence: 0.86206675

01:05:23.570 --> 01:05:25.580 Colon cancers are manifesting themselves

NOTE Confidence: 0.86206675

01:05:25.580 --> 01:05:27.590 in younger and younger patients.

NOTE Confidence: 0.86206675

01:05:27.590 --> 01:05:29.888 Patients who have not yet had

NOTE Confidence: 0.86206675

01:05:29.888 --> 01:05:31.420 their first colonoscopy as

NOTE Confidence: 0.86206675

01:05:31.496 --> 01:05:33.616 initially prescribed at age 50.

NOTE Confidence: 0.86206675

01:05:33.620 --> 01:05:35.786 So when we see younger breast

NOTE Confidence: 0.86206675

01:05:35.786 --> 01:05:37.836 cancers when we see colon

NOTE Confidence: 0.86206675

01:05:37.836 --> 01:05:39.956 cancer in younger individuals.

NOTE Confidence: 0.86206675

01:05:39.960 --> 01:05:43.110 When we see families where there's multiple

NOTE Confidence: 0.86206675

01:05:43.110 --> 01:05:46.080 members with similar or linked tumor types,

NOTE Confidence: 0.86206675

01:05:46.080 --> 01:05:49.072 all of that signals to us these flags

NOTE Confidence: 0.86206675

01:05:49.072 --> 01:05:52.155 and we begin the discussion of a

NOTE Confidence: 0.86206675

01:05:52.155 --> 01:05:55.260 deeper family history and a referral.  
NOTE Confidence: 0.86206675

01:05:55.260 --> 01:05:56.864 Sometimes just to genetics,  
NOTE Confidence: 0.86206675

01:05:56.864 --> 01:06:00.060 even if it's not the classic syndromes.  
NOTE Confidence: 0.86206675

01:06:00.060 --> 01:06:02.694 But there's just some key members  
NOTE Confidence: 0.86206675

01:06:02.694 --> 01:06:05.373 that should be further looked at  
NOTE Confidence: 0.86206675

01:06:05.373 --> 01:06:07.930 and tested in addition to have  
NOTE Confidence: 0.86206675

01:06:07.930 --> 01:06:10.220 patients who've had multiple cancers.  
NOTE Confidence: 0.86206675

01:06:10.220 --> 01:06:12.220 Throughout their life and again,  
NOTE Confidence: 0.86206675

01:06:12.220 --> 01:06:14.385 they're not syndromes that fall  
NOTE Confidence: 0.86206675

01:06:14.385 --> 01:06:17.057 in link or textbook cases of  
NOTE Confidence: 0.86206675

01:06:17.057 --> 01:06:19.207 pancreas or breast and ovarian.  
NOTE Confidence: 0.86206675

01:06:19.210 --> 01:06:21.240 But that's just the fact that there's  
NOTE Confidence: 0.86206675

01:06:21.240 --> 01:06:22.880 multiple cancers in an individual.  
NOTE Confidence: 0.86206675

01:06:22.880 --> 01:06:25.008 I think that to warrant a consultation  
NOTE Confidence: 0.86206675

01:06:25.008 --> 01:06:26.862 with our genetics team, once again,  
NOTE Confidence: 0.86206675

01:06:26.862 --> 01:06:28.698 a team approach to cancer care.

NOTE Confidence: 0.721180835

01:06:29.520 --> 01:06:31.852 Great, thank you. Um?

NOTE Confidence: 0.721180835

01:06:31.852 --> 01:06:34.356 Doctor Martin, a question of if

NOTE Confidence: 0.721180835

01:06:34.356 --> 01:06:36.360 someone has been diagnosed with cancer

NOTE Confidence: 0.721180835

01:06:36.430 --> 01:06:38.440 and actually been treated for it.

NOTE Confidence: 0.721180835

01:06:38.440 --> 01:06:40.827 Are they at higher risk of getting

NOTE Confidence: 0.721180835

01:06:40.827 --> 01:06:42.509 covid and whether they are?

NOTE Confidence: 0.721180835

01:06:42.510 --> 01:06:43.208 They're not?

NOTE Confidence: 0.721180835

01:06:43.208 --> 01:06:45.651 What sort of things should they be

NOTE Confidence: 0.721180835

01:06:45.651 --> 01:06:47.590 doing to ensure that their risk

NOTE Confidence: 0.721180835

01:06:47.590 --> 01:06:49.970 of getting is as low as possible?

NOTE Confidence: 0.8397836

01:06:52.340 --> 01:06:53.990 Sure, thank you was the

NOTE Confidence: 0.8397836

01:06:53.990 --> 01:06:55.310 question that they are

NOTE Confidence: 0.8397836

01:06:55.310 --> 01:06:56.216 on treatment is.

NOTE Confidence: 0.8397836

01:06:56.216 --> 01:06:58.028 The question is specifically a patient

NOTE Confidence: 0.8397836

01:06:58.028 --> 01:06:59.930 I guess is completed treatment,

NOTE Confidence: 0.8397836

01:06:59.930 --> 01:07:02.900 but are they at higher risk of getting it?

NOTE Confidence: 0.8397836

01:07:02.900 --> 01:07:05.420 And I guess you could also speak to

NOTE Confidence: 0.8397836

01:07:05.420 --> 01:07:07.415 people even on treatment and what

NOTE Confidence: 0.8397836

01:07:07.415 --> 01:07:10.159 kind of things can they do to minimize

NOTE Confidence: 0.8397836

01:07:10.160 --> 01:07:12.470 their risk of getting it? Sure, sure.

NOTE Confidence: 0.8397836

01:07:12.470 --> 01:07:14.780 Yeah, that's a great question so you

NOTE Confidence: 0.8397836

01:07:14.780 --> 01:07:17.090 know for our patients with cancer who

NOTE Confidence: 0.8397836

01:07:17.090 --> 01:07:18.410 are actively undergoing treatment,

NOTE Confidence: 0.8397836

01:07:18.410 --> 01:07:19.475 such as chemotherapy,

NOTE Confidence: 0.8397836

01:07:19.475 --> 01:07:22.553 you know we do want to take extra

NOTE Confidence: 0.8397836

01:07:22.553 --> 01:07:24.637 precaution for those patients.

NOTE Confidence: 0.8397836

01:07:24.640 --> 01:07:27.184 You know, I think there's a number of

NOTE Confidence: 0.8397836

01:07:27.184 --> 01:07:29.660 things so that we are also aware of.

NOTE Confidence: 0.8397836

01:07:29.660 --> 01:07:31.940 You know that that increase the

NOTE Confidence: 0.8397836

01:07:31.940 --> 01:07:35.038 risk of of the severity of covid.

NOTE Confidence: 0.8397836

01:07:35.040 --> 01:07:37.524 I should also say things like

NOTE Confidence: 0.8397836

01:07:37.524 --> 01:07:39.180 more common health conditions,

NOTE Confidence: 0.8397836

01:07:39.180 --> 01:07:41.670 blood pressure and diabetes and obesity.

NOTE Confidence: 0.8397836

01:07:41.670 --> 01:07:43.158 So some you know,

NOTE Confidence: 0.8397836

01:07:43.158 --> 01:07:46.629 we often are looking at the total package,

NOTE Confidence: 0.8397836

01:07:46.630 --> 01:07:47.914 so to speak.

NOTE Confidence: 0.8397836

01:07:47.914 --> 01:07:50.482 You know we would continue to

NOTE Confidence: 0.8397836

01:07:50.482 --> 01:07:53.271 emphasize wearing masks and hand

NOTE Confidence: 0.8397836

01:07:53.271 --> 01:07:55.543 washing and practicing social

NOTE Confidence: 0.8397836

01:07:55.543 --> 01:07:58.169 distancing until you know we have.

NOTE Confidence: 0.8397836

01:07:58.170 --> 01:07:58.728 You know,

NOTE Confidence: 0.8397836

01:07:58.728 --> 01:08:00.960 and I think I think we just also

NOTE Confidence: 0.8397836

01:08:01.027 --> 01:08:02.977 want to address and see how

NOTE Confidence: 0.8397836

01:08:02.977 --> 01:08:04.946 some of the questions Doctor Fix

NOTE Confidence: 0.8397836

01:08:04.946 --> 01:08:06.740 in the in the chat about.

NOTE Confidence: 0.8397836

01:08:06.740 --> 01:08:08.948 You know the safety of the vaccine in

NOTE Confidence: 0.8397836

01:08:08.948 --> 01:08:11.017 patients with different types of cancers.

NOTE Confidence: 0.8397836

01:08:11.020 --> 01:08:11.905 And you know,

NOTE Confidence: 0.8397836

01:08:11.905 --> 01:08:13.675 I think just to clarify something

NOTE Confidence: 0.8397836

01:08:13.675 --> 01:08:15.610 I might have said before is,

NOTE Confidence: 0.8397836

01:08:15.610 --> 01:08:17.218 you know these are not the

NOTE Confidence: 0.8397836

01:08:17.218 --> 01:08:19.070 so far the vaccines that you

NOTE Confidence: 0.8397836

01:08:19.070 --> 01:08:20.506 mentioned previously or not.

NOTE Confidence: 0.8397836

01:08:20.510 --> 01:08:22.498 You know what we call live vaccines

NOTE Confidence: 0.8397836

01:08:22.498 --> 01:08:25.000 and so if we compare that to other

NOTE Confidence: 0.8397836

01:08:25.000 --> 01:08:26.962 non live vaccines that we use

NOTE Confidence: 0.8397836

01:08:26.962 --> 01:08:28.858 for you know previously I mean.

NOTE Confidence: 0.8397836

01:08:28.860 --> 01:08:29.400 We do.

NOTE Confidence: 0.8397836

01:08:29.400 --> 01:08:31.560 We do use those in patients with cancer,

NOTE Confidence: 0.8397836

01:08:31.560 --> 01:08:32.880 and so I'm optimistic that

NOTE Confidence: 0.8397836

01:08:32.880 --> 01:08:34.530 that's going to be our plan.

NOTE Confidence: 0.8515982

01:08:37.350 --> 01:08:38.589 Great, thank you.

NOTE Confidence: 0.8348727

01:08:40.820 --> 01:08:43.076 Thank you James. Two questions one.

NOTE Confidence: 0.8348727

01:08:43.080 --> 01:08:45.551 A very specific question, which is if

NOTE Confidence: 0.8348727

01:08:45.551 --> 01:08:47.861 you had radiation after a resection

NOTE Confidence: 0.8348727

01:08:47.861 --> 01:08:50.219 of your prostate for prostate cancer.

NOTE Confidence: 0.8348727

01:08:50.220 --> 01:08:52.978 Can you get radiation out areas and

NOTE Confidence: 0.8348727

01:08:52.978 --> 01:08:55.478 then another question that's come in is,

NOTE Confidence: 0.8348727

01:08:55.480 --> 01:08:58.592 you know there's been in the news notion

NOTE Confidence: 0.8348727

01:08:58.592 --> 01:09:01.869 of proton beam center and proton centers.

NOTE Confidence: 0.8348727

01:09:01.870 --> 01:09:03.260 You know what is that?

NOTE Confidence: 0.8348727

01:09:03.260 --> 01:09:04.364 Who should get it?

NOTE Confidence: 0.8348727

01:09:04.364 --> 01:09:05.744 Is it a good thing?

NOTE Confidence: 0.8328083

01:09:06.950 --> 01:09:08.760 So thanks for that question.

NOTE Confidence: 0.8328083

01:09:08.760 --> 01:09:11.112 So the first part you can you

NOTE Confidence: 0.8328083

01:09:11.112 --> 01:09:13.346 should not get re radiated to

NOTE Confidence: 0.8328083

01:09:13.346 --> 01:09:15.638 where the prostate used to be.

NOTE Confidence: 0.8328083

01:09:15.640 --> 01:09:18.680 If you got what's called salvage or adj  
NOTE Confidence: 0.8328083

01:09:18.680 --> 01:09:20.814 event radiation to the prostate bed  
NOTE Confidence: 0.8328083

01:09:20.814 --> 01:09:23.566 because we push the dose up to pretty  
NOTE Confidence: 0.8328083

01:09:23.566 --> 01:09:26.128 much the maximum tolerated dose for an  
NOTE Confidence: 0.8328083

01:09:26.128 --> 01:09:28.032 area that's been surgically reconnected.  
NOTE Confidence: 0.8328083

01:09:28.032 --> 01:09:31.048 But you can get other spots radiated if  
NOTE Confidence: 0.8328083

01:09:31.048 --> 01:09:35.490 cancer pops up in another spot, there's a.  
NOTE Confidence: 0.8328083

01:09:35.490 --> 01:09:37.270 Entity called Oligo metastatic,  
NOTE Confidence: 0.8328083

01:09:37.270 --> 01:09:39.495 which is increasingly talked about  
NOTE Confidence: 0.8328083

01:09:39.495 --> 01:09:41.939 but basically means only a few  
NOTE Confidence: 0.8328083

01:09:41.939 --> 01:09:43.874 sites of metastatic disease that's  
NOTE Confidence: 0.8328083

01:09:43.945 --> 01:09:45.277 I would say relative.  
NOTE Confidence: 0.8328083

01:09:45.280 --> 01:09:47.730 So knew that you should really have  
NOTE Confidence: 0.8328083

01:09:47.730 --> 01:09:49.737 a conversation with your oncologist  
NOTE Confidence: 0.8328083

01:09:49.737 --> 01:09:51.962 in your radiation oncologist about  
NOTE Confidence: 0.8328083

01:09:51.962 --> 01:09:54.206 whether you qualify for radiation

NOTE Confidence: 0.8328083

01:09:54.206 --> 01:09:56.296 of those oligo metastatic sites.

NOTE Confidence: 0.8328083

01:09:56.300 --> 01:10:00.524 If you are having pain in a site.

NOTE Confidence: 0.8328083

01:10:00.530 --> 01:10:02.528 Oh, and then certainly we can

NOTE Confidence: 0.8328083

01:10:02.528 --> 01:10:04.340 radiate in the traditional manner.

NOTE Confidence: 0.8328083

01:10:04.340 --> 01:10:06.398 But sometimes the treatment of oligo

NOTE Confidence: 0.8328083

01:10:06.398 --> 01:10:08.858 metastases is a little more aggressive and

NOTE Confidence: 0.8328083

01:10:08.858 --> 01:10:11.259 using a little bit more radiation dose.

NOTE Confidence: 0.8328083

01:10:11.260 --> 01:10:13.372 But it's a conversation you should

NOTE Confidence: 0.8328083

01:10:13.372 --> 01:10:15.060 personalize with your provider now.

NOTE Confidence: 0.8328083

01:10:15.060 --> 01:10:17.136 The second question that you ask,

NOTE Confidence: 0.8328083

01:10:17.140 --> 01:10:19.460 Doctor Fuchs about proton beam.

NOTE Confidence: 0.8328083

01:10:19.460 --> 01:10:22.850 Proton beam is actually a technology

NOTE Confidence: 0.8328083

01:10:22.850 --> 01:10:26.157 that's been around since the 60s

NOTE Confidence: 0.8328083

01:10:26.157 --> 01:10:29.468 and mass general was using a huge

NOTE Confidence: 0.8328083

01:10:29.468 --> 01:10:32.260 cyclotron to treat in a kind of a.

NOTE Confidence: 0.8328083

01:10:32.260 --> 01:10:33.010 Unflexible way,  
NOTE Confidence: 0.8328083

01:10:33.010 --> 01:10:35.260 I guess because of the technology  
NOTE Confidence: 0.8328083

01:10:35.260 --> 01:10:36.420 at the time.  
NOTE Confidence: 0.8328083

01:10:36.420 --> 01:10:37.174 Since then,  
NOTE Confidence: 0.8328083

01:10:37.174 --> 01:10:39.059 the technology has been miniaturized,  
NOTE Confidence: 0.8328083

01:10:39.060 --> 01:10:41.708 shaped, and an now there's second, 3rd,  
NOTE Confidence: 0.8328083

01:10:41.708 --> 01:10:43.598 and 4th generation proton machines.  
NOTE Confidence: 0.8328083

01:10:43.600 --> 01:10:45.868 Here in the state of Connecticut.  
NOTE Confidence: 0.8328083

01:10:45.870 --> 01:10:47.382 I think we're actively.  
NOTE Confidence: 0.8328083

01:10:47.382 --> 01:10:48.138 I mean,  
NOTE Confidence: 0.8328083

01:10:48.140 --> 01:10:50.768 it's public record we're actively seeking  
NOTE Confidence: 0.8328083

01:10:50.768 --> 01:10:54.150 to partner and build one of those machines.  
NOTE Confidence: 0.8328083

01:10:54.150 --> 01:10:56.300 Simply because we think it's  
NOTE Confidence: 0.8328083

01:10:56.300 --> 01:10:58.450 the right thing to do.  
NOTE Confidence: 0.8328083

01:10:58.450 --> 01:11:01.271 I think the benefit of that technology  
NOTE Confidence: 0.8328083

01:11:01.271 --> 01:11:04.050 is largely in kids with who you

NOTE Confidence: 0.8328083

01:11:04.050 --> 01:11:06.282 don't want to radiate any tiny

NOTE Confidence: 0.8328083

01:11:06.365 --> 01:11:08.769 amount of tissue unnecessarily,

NOTE Confidence: 0.8328083

01:11:08.770 --> 01:11:12.064 and there may be other benefits

NOTE Confidence: 0.8328083

01:11:12.064 --> 01:11:14.260 for adults as well.

NOTE Confidence: 0.8328083

01:11:14.260 --> 01:11:17.284 Folks with head neck cancers who require

NOTE Confidence: 0.8328083

01:11:17.284 --> 01:11:18.580 reradiation oesophageal cancers.

NOTE Confidence: 0.8328083

01:11:18.580 --> 01:11:21.470 Certain types of lung cancers.

NOTE Confidence: 0.8328083

01:11:21.470 --> 01:11:23.840 And maybe breast and prostate cancer,

NOTE Confidence: 0.8328083

01:11:23.840 --> 01:11:27.056 but those are a little bit more tricky

NOTE Confidence: 0.8328083

01:11:27.056 --> 01:11:30.158 because we do such a good job already.

NOTE Confidence: 0.8328083

01:11:30.160 --> 01:11:33.272 And so I think Yale is going to

NOTE Confidence: 0.8328083

01:11:33.272 --> 01:11:35.689 approach it in the right way,

NOTE Confidence: 0.8328083

01:11:35.690 --> 01:11:37.988 making it available to our patients

NOTE Confidence: 0.8328083

01:11:37.988 --> 01:11:40.762 while at the same time building up

NOTE Confidence: 0.8328083

01:11:40.762 --> 01:11:43.102 evidence to support its proper use

NOTE Confidence: 0.8328083

01:11:43.102 --> 01:11:46.345 so that we can be good stewards of  
NOTE Confidence: 0.8328083

01:11:46.345 --> 01:11:49.220 everybody's health care dollars.  
NOTE Confidence: 0.8328083

01:11:49.220 --> 01:11:51.110 Thank you.  
NOTE Confidence: 0.812853

01:11:51.110 --> 01:11:54.982 Nancy a patient asks who I guess had  
NOTE Confidence: 0.812853

01:11:54.982 --> 01:11:58.368 his who had a non localized Melanoma,  
NOTE Confidence: 0.812853

01:11:58.370 --> 01:12:00.790 removed surgically, who's getting exams,  
NOTE Confidence: 0.812853

01:12:00.790 --> 01:12:03.334 lymph node, checks blood work xrays  
NOTE Confidence: 0.812853

01:12:03.334 --> 01:12:07.194 but wants to know what is the latest  
NOTE Confidence: 0.812853

01:12:07.194 --> 01:12:09.794 research concerning getting an early  
NOTE Confidence: 0.812853

01:12:09.794 --> 01:12:12.410 diagnosis of recurrence of Melanoma.  
NOTE Confidence: 0.89429486

01:12:13.390 --> 01:12:15.856 Well, we recommend that if you've had  
NOTE Confidence: 0.89429486

01:12:15.856 --> 01:12:18.334 a Melanoma that you're followed by a  
NOTE Confidence: 0.89429486

01:12:18.334 --> 01:12:20.429 dermatologist every three or six months,  
NOTE Confidence: 0.89429486

01:12:20.430 --> 01:12:22.908 so that would be the first step  
NOTE Confidence: 0.89429486

01:12:22.908 --> 01:12:24.723 in catching anything that changed  
NOTE Confidence: 0.89429486

01:12:24.723 --> 01:12:26.763 on the surface of the skin.

NOTE Confidence: 0.89429486

01:12:26.770 --> 01:12:28.525 People have actually told us

NOTE Confidence: 0.89429486

01:12:28.525 --> 01:12:30.992 that they see a spot change and

NOTE Confidence: 0.89429486

01:12:30.992 --> 01:12:32.400 they call the dermatologist.

NOTE Confidence: 0.89429486

01:12:32.400 --> 01:12:34.506 So self examination is most important.

NOTE Confidence: 0.89429486

01:12:34.510 --> 01:12:35.914 Being away are now.

NOTE Confidence: 0.89429486

01:12:35.914 --> 01:12:38.676 If it's on your back and you have

NOTE Confidence: 0.89429486

01:12:38.676 --> 01:12:40.668 to have your partner or significant

NOTE Confidence: 0.89429486

01:12:40.668 --> 01:12:42.592 other participate in this of

NOTE Confidence: 0.89429486

01:12:42.592 --> 01:12:44.502 that's important so that there's.

NOTE Confidence: 0.89429486

01:12:44.510 --> 01:12:46.054 Over lines of communication

NOTE Confidence: 0.89429486

01:12:46.054 --> 01:12:47.984 within the family that keeps

NOTE Confidence: 0.89429486

01:12:47.984 --> 01:12:49.939 an eye on everyone's body.

NOTE Confidence: 0.89429486

01:12:49.940 --> 01:12:52.250 Surface area.

NOTE Confidence: 0.89429486

01:12:52.250 --> 01:12:56.280 But I think that to go back to what I'm

NOTE Confidence: 0.89429486

01:12:56.385 --> 01:13:00.209 driving at in a very long train here.

NOTE Confidence: 0.89429486

01:13:00.210 --> 01:13:01.715 The sooner we can get this,  
NOTE Confidence: 0.89429486

01:13:01.715 --> 01:13:04.475 the sooner we can get it in and.  
NOTE Confidence: 0.89429486

01:13:04.480 --> 01:13:06.274 Biopsied or resected the better off  
NOTE Confidence: 0.89429486

01:13:06.274 --> 01:13:08.413 we all are Melanoma as you know is  
NOTE Confidence: 0.89429486

01:13:08.413 --> 01:13:10.564 this is a sneaky little devil and it  
NOTE Confidence: 0.89429486

01:13:10.564 --> 01:13:12.630 can pop up again in other places,  
NOTE Confidence: 0.89429486

01:13:12.630 --> 01:13:15.123 so the more we can see it and keep  
NOTE Confidence: 0.89429486

01:13:15.123 --> 01:13:17.409 track of it the better off we are.  
NOTE Confidence: 0.89079855

01:13:18.790 --> 01:13:19.966 Thank you. Harvey,  
NOTE Confidence: 0.89079855

01:13:19.966 --> 01:13:22.710 a question about access to support groups.  
NOTE Confidence: 0.89079855

01:13:22.710 --> 01:13:24.026 You know what's this?  
NOTE Confidence: 0.89079855

01:13:24.026 --> 01:13:26.000 You know you alluded to it,  
NOTE Confidence: 0.89079855

01:13:26.000 --> 01:13:28.264 but it came in actually a couple of  
NOTE Confidence: 0.89079855

01:13:28.264 --> 01:13:30.280 folks asked about the availability.  
NOTE Confidence: 0.89079855

01:13:30.280 --> 01:13:31.920 How do they access it?  
NOTE Confidence: 0.89079855

01:13:31.920 --> 01:13:34.560 How does it work in the current scenario?

NOTE Confidence: 0.89079855

01:13:34.560 --> 01:13:35.508 The pandemic?

NOTE Confidence: 0.89079855

01:13:35.508 --> 01:13:39.840 And could you elaborate a little bit on that?

NOTE Confidence: 0.89079855

01:13:39.840 --> 01:13:44.679 Here so so thank you for the question.

NOTE Confidence: 0.89079855

01:13:44.680 --> 01:13:45.890 The support groups.

NOTE Confidence: 0.8856867

01:13:47.700 --> 01:13:50.136 Really important for a lot of us

NOTE Confidence: 0.8856867

01:13:50.136 --> 01:13:52.389 when we're going through a crisis

NOTE Confidence: 0.8856867

01:13:52.389 --> 01:13:55.028 and it allows us the opportunity to.

NOTE Confidence: 0.8856867

01:13:55.030 --> 01:13:57.080 Share similar experiences and and

NOTE Confidence: 0.8856867

01:13:57.080 --> 01:13:59.770 talk about the ways that we cope.

NOTE Confidence: 0.8856867

01:13:59.770 --> 01:14:01.840 We have been offering my win

NOTE Confidence: 0.8856867

01:14:01.840 --> 01:14:04.226 smile as social workers have been

NOTE Confidence: 0.8856867

01:14:04.226 --> 01:14:06.086 offering virtual support groups.

NOTE Confidence: 0.8856867

01:14:06.090 --> 01:14:08.796 Those are available and probably the

NOTE Confidence: 0.8856867

01:14:08.796 --> 01:14:12.408 best way to access it is when is just to

NOTE Confidence: 0.82516843

01:14:12.410 --> 01:14:15.570 to be able to call the hospital and

NOTE Confidence: 0.82516843

01:14:15.570 --> 01:14:18.682 ask for the social work Department and we  
NOTE Confidence: 0.82516843

01:14:18.682 --> 01:14:21.890 can connect in some of those support groups.  
NOTE Confidence: 0.82516843

01:14:21.890 --> 01:14:25.082 I'm leaving just one second I'm going to.  
NOTE Confidence: 0.82516843

01:14:25.082 --> 01:14:28.313 Pull up the phone number that will get  
NOTE Confidence: 0.82516843

01:14:28.313 --> 01:14:30.760 the folks to the Social Department.  
NOTE Confidence: 0.82516843

01:14:30.760 --> 01:14:33.000 So number is 203.  
NOTE Confidence: 0.82516843

01:14:33.000 --> 01:14:37.277 688 2195 the number again is 203-688-2195.  
NOTE Confidence: 0.82516843

01:14:37.280 --> 01:14:40.010 That's the social work Department and would  
NOTE Confidence: 0.82516843

01:14:40.010 --> 01:14:43.389 be happy to connect it to a support group.  
NOTE Confidence: 0.82516843

01:14:43.390 --> 01:14:45.300 Whether it's in the hospital,  
NOTE Confidence: 0.82516843

01:14:45.300 --> 01:14:46.830 outside of the community.  
NOTE Confidence: 0.8506642

01:14:48.410 --> 01:14:52.646 Great, thank you. To see Doctor Martin,  
NOTE Confidence: 0.8506642

01:14:52.646 --> 01:14:54.841 you actually mentioned the fact  
NOTE Confidence: 0.8506642

01:14:54.841 --> 01:14:57.605 that as we I guess, the meeting of  
NOTE Confidence: 0.8506642

01:14:57.605 --> 01:14:59.580 the American Society of Hematology,  
NOTE Confidence: 0.8506642

01:14:59.580 --> 01:15:02.544 where a lot of the latest

NOTE Confidence: 0.8506642

01:15:02.544 --> 01:15:05.149 advancements in the treatment of of.

NOTE Confidence: 0.8506642

01:15:05.150 --> 01:15:08.446 Blood cancers is being discussed as we speak.

NOTE Confidence: 0.8506642

01:15:08.450 --> 01:15:09.908 Anything you want to share in

NOTE Confidence: 0.8506642

01:15:09.908 --> 01:15:11.519 terms of some exciting things that

NOTE Confidence: 0.8506642

01:15:11.519 --> 01:15:12.989 you're seeing from that meeting?

NOTE Confidence: 0.84615827

01:15:14.980 --> 01:15:16.926 Sure, so so firstly we had so

NOTE Confidence: 0.84615827

01:15:16.926 --> 01:15:19.431 many of our own physicians at

NOTE Confidence: 0.84615827

01:15:19.431 --> 01:15:21.027 presenting really up-to-date,

NOTE Confidence: 0.84615827

01:15:21.030 --> 01:15:24.340 amazing research at the meeting.

NOTE Confidence: 0.84615827

01:15:24.340 --> 01:15:26.860 And we've got such a strong team here,

NOTE Confidence: 0.84615827

01:15:26.860 --> 01:15:29.380 so I was very proud to see that.

NOTE Confidence: 0.84615827

01:15:29.380 --> 01:15:31.585 I think some of the things that

NOTE Confidence: 0.84615827

01:15:31.585 --> 01:15:33.170 are happening are, you know,

NOTE Confidence: 0.84615827

01:15:33.170 --> 01:15:34.770 expanding use of of immunotherapy

NOTE Confidence: 0.84615827

01:15:34.770 --> 01:15:36.390 drugs into our blood cancers

NOTE Confidence: 0.84615827

01:15:36.390 --> 01:15:37.890 is a very exciting area.  
NOTE Confidence: 0.83712333

01:15:39.930 --> 01:15:42.534 You know, I think there was a  
NOTE Confidence: 0.83712333

01:15:42.534 --> 01:15:44.050 really interesting sessions talking  
NOTE Confidence: 0.83712333

01:15:44.120 --> 01:15:46.560 about the role of what we call our  
NOTE Confidence: 0.83712333

01:15:46.560 --> 01:15:48.402 microbiome and the role of you  
NOTE Confidence: 0.83712333

01:15:48.402 --> 01:15:50.154 know that our our own bacteria.  
NOTE Confidence: 0.83712333

01:15:50.160 --> 01:15:52.140 And are you know how that  
NOTE Confidence: 0.83712333

01:15:52.140 --> 01:15:54.450 impacts our health overall and.  
NOTE Confidence: 0.83712333

01:15:54.450 --> 01:15:57.706 Um our blood cancers and and you know,  
NOTE Confidence: 0.83712333

01:15:57.710 --> 01:16:00.014 knew new combinations of dizzying numbers  
NOTE Confidence: 0.83712333

01:16:00.014 --> 01:16:02.200 of combinations of drugs available.  
NOTE Confidence: 0.83712333

01:16:02.200 --> 01:16:05.464 So I think the future is really bright,  
NOTE Confidence: 0.83712333

01:16:05.470 --> 01:16:08.270 and I think I'm very proud to  
NOTE Confidence: 0.83712333

01:16:08.270 --> 01:16:10.696 see that our own, you know,  
NOTE Confidence: 0.83712333

01:16:10.696 --> 01:16:12.561 professors and doctors were a  
NOTE Confidence: 0.83712333

01:16:12.561 --> 01:16:14.849 big part of the conference.

NOTE Confidence: 0.92673516

01:16:16.390 --> 01:16:17.070 Thank you.

NOTE Confidence: 0.7939009

01:16:19.230 --> 01:16:21.999 Doctor billingslea for

NOTE Confidence: 0.7939009

01:16:21.999 --> 01:16:24.094 patients who aren't having any

NOTE Confidence: 0.7939009

01:16:24.094 --> 01:16:26.280 symptoms that relate to Covid,

NOTE Confidence: 0.7939009

01:16:26.280 --> 01:16:29.696 but believe that they may have come in

NOTE Confidence: 0.7939009

01:16:29.696 --> 01:16:33.360 contact with somebody who is positive.

NOTE Confidence: 0.7939009

01:16:33.360 --> 01:16:34.440 What should they do?

NOTE Confidence: 0.81786877

01:16:38.920 --> 01:16:40.880 If I'm understanding the

NOTE Confidence: 0.81786877

01:16:40.880 --> 01:16:43.395 question correctly, you're asking about

NOTE Confidence: 0.81786877

01:16:43.395 --> 01:16:47.230 patients who have a known exposure who are

NOTE Confidence: 0.81786877

01:16:47.230 --> 01:16:49.680 undergoing treatment or undergoing treatment,

NOTE Confidence: 0.81786877

01:16:49.680 --> 01:16:52.614 but so at patient's follow patient

NOTE Confidence: 0.81786877

01:16:52.614 --> 01:16:55.060 who's who's who recognizes they've

NOTE Confidence: 0.81786877

01:16:55.060 --> 01:16:57.507 been near somebody who's positive,

NOTE Confidence: 0.81786877

01:16:57.507 --> 01:16:59.463 but they're not necessarily

NOTE Confidence: 0.81786877

01:16:59.463 --> 01:17:00.930 having symptoms themselves.

NOTE Confidence: 0.89672935

01:17:05.140 --> 01:17:08.770 For that group of patients.

NOTE Confidence: 0.89672935

01:17:08.770 --> 01:17:12.746 One of the things it is is.

NOTE Confidence: 0.89672935

01:17:12.750 --> 01:17:15.075 Particularly critical is the level

NOTE Confidence: 0.89672935

01:17:15.075 --> 01:17:18.542 of exposure and if it is where

NOTE Confidence: 0.89672935

01:17:18.542 --> 01:17:20.646 it is particularly difficult,

NOTE Confidence: 0.89672935

01:17:20.650 --> 01:17:23.345 is is for folks who have an

NOTE Confidence: 0.89672935

01:17:23.345 --> 01:17:26.661 exposure to a family member or a

NOTE Confidence: 0.89672935

01:17:26.661 --> 01:17:29.241 close relative where they have

NOTE Confidence: 0.89672935

01:17:29.241 --> 01:17:32.019 close and sustained exposure,

NOTE Confidence: 0.89672935

01:17:32.020 --> 01:17:34.414 and in those situations we are

NOTE Confidence: 0.89672935

01:17:34.414 --> 01:17:36.611 dealing with a greater likelihood

NOTE Confidence: 0.89672935

01:17:36.611 --> 01:17:38.691 of transmission and it's

NOTE Confidence: 0.89672935

01:17:38.691 --> 01:17:41.291 absolutely critical that in those

NOTE Confidence: 0.89672935

01:17:41.367 --> 01:17:43.927 situations people self quarantine.

NOTE Confidence: 0.89672935

01:17:43.930 --> 01:17:47.269 For a sustained period of time and

NOTE Confidence: 0.89672935

01:17:47.269 --> 01:17:50.500 we're still saying a full 14 days now.

NOTE Confidence: 0.89672935

01:17:50.500 --> 01:17:54.325 What I want people to be mindful of though,

NOTE Confidence: 0.89672935

01:17:54.330 --> 01:17:57.730 is that even if there is a risk,

NOTE Confidence: 0.89672935

01:17:57.730 --> 01:18:01.130 we still want you to be cared for,

NOTE Confidence: 0.89672935

01:18:01.130 --> 01:18:03.622 and that's where you need to be

NOTE Confidence: 0.89672935

01:18:03.622 --> 01:18:06.269 in contact with the your oncology

NOTE Confidence: 0.89672935

01:18:06.269 --> 01:18:08.774 providers offices and if necessary,

NOTE Confidence: 0.89672935

01:18:08.780 --> 01:18:11.748 we will see you in the SREC.

NOTE Confidence: 0.89672935

01:18:11.750 --> 01:18:14.160 The Smilow Rapid Evaluation Clinic

NOTE Confidence: 0.89672935

01:18:14.160 --> 01:18:17.767 where we can evaluate you or care for

NOTE Confidence: 0.89672935

01:18:17.767 --> 01:18:20.760 you in a very safe environment and not.

NOTE Confidence: 0.89672935

01:18:20.760 --> 01:18:22.790 Risk exposure to other patients.

NOTE Confidence: 0.8269083

01:18:24.700 --> 01:18:27.468 Thank you, well, I this isn't a question,

NOTE Confidence: 0.8269083

01:18:27.470 --> 01:18:29.885 but Nancy if you didn't see it,

NOTE Confidence: 0.8269083

01:18:29.890 --> 01:18:31.645 someone actually wrote not a

NOTE Confidence: 0.8269083

01:18:31.645 --> 01:18:34.131 question but a shout out to the  
NOTE Confidence: 0.8269083

01:18:34.131 --> 01:18:36.117 amazing Nancy who is a wonderful,  
NOTE Confidence: 0.8269083

01:18:36.120 --> 01:18:39.768 compassionate person in life saver so.  
NOTE Confidence: 0.8269083

01:18:39.770 --> 01:18:43.070 High praise and well thank you.  
NOTE Confidence: 0.8269083

01:18:43.070 --> 01:18:44.910 So um hobby, a question.  
NOTE Confidence: 0.8269083

01:18:44.910 --> 01:18:47.118 I mean some folks you know.  
NOTE Confidence: 0.8269083

01:18:47.120 --> 01:18:48.588 Obviously there are folks  
NOTE Confidence: 0.8269083

01:18:48.588 --> 01:18:50.423 who who live with others,  
NOTE Confidence: 0.8269083

01:18:50.430 --> 01:18:53.328 but there are patients we have who  
NOTE Confidence: 0.8269083

01:18:53.328 --> 01:18:55.489 actually are single live alone.  
NOTE Confidence: 0.8269083

01:18:55.490 --> 01:18:57.308 And this is a tough time.  
NOTE Confidence: 0.8269083

01:18:57.310 --> 01:18:59.188 You know whether you're having dealing  
NOTE Confidence: 0.8269083

01:18:59.188 --> 01:19:01.548 with cancer or not to be living alone.  
NOTE Confidence: 0.8269083

01:19:01.550 --> 01:19:03.966 And what advice do you have for those?  
NOTE Confidence: 0.84781474

01:19:07.170 --> 01:19:08.795 Thank you, so yeah,  
NOTE Confidence: 0.84781474

01:19:08.795 --> 01:19:10.820 it's it's a tough situation.

NOTE Confidence: 0.84781474

01:19:10.820 --> 01:19:13.641 I think it's important to know that

NOTE Confidence: 0.84781474

01:19:13.641 --> 01:19:16.890 none of us are alone that the

NOTE Confidence: 0.84781474

01:19:16.890 --> 01:19:19.320 folks on this panel Smilow hospital,

NOTE Confidence: 0.84781474

01:19:19.320 --> 01:19:22.050 social workers, and there are so

NOTE Confidence: 0.84781474

01:19:22.050 --> 01:19:24.275 many other resources that are

NOTE Confidence: 0.84781474

01:19:24.275 --> 01:19:26.851 available to all of us and at times

NOTE Confidence: 0.84781474

01:19:26.851 --> 01:19:29.446 I understand that we may feel.

NOTE Confidence: 0.84781474

01:19:29.450 --> 01:19:30.833 Overall, we're not.

NOTE Confidence: 0.84781474

01:19:30.833 --> 01:19:34.060 There's an opportunity for us to reach

NOTE Confidence: 0.84781474

01:19:34.146 --> 01:19:37.242 out and to be able to connect to these.

NOTE Confidence: 0.84781474

01:19:37.250 --> 01:19:40.282 Which is and so I encourage folks that

NOTE Confidence: 0.84781474

01:19:40.282 --> 01:19:43.310 are feeling that way to make the call

NOTE Confidence: 0.84781474

01:19:43.310 --> 01:19:45.970 into each out another risk for nothing.

NOTE Confidence: 0.881323

01:19:48.500 --> 01:19:50.240 Thank you, let me just say

NOTE Confidence: 0.881323

01:19:50.240 --> 01:19:51.650 that and we're going to.

NOTE Confidence: 0.881323

01:19:51.650 --> 01:19:53.519 We're going to try to get to  
NOTE Confidence: 0.881323

01:19:53.519 --> 01:19:55.080 as many questions as possible,  
NOTE Confidence: 0.881323

01:19:55.080 --> 01:19:57.348 but there are a number of questions  
NOTE Confidence: 0.881323

01:19:57.348 --> 01:19:59.631 that a number of our panel so  
NOTE Confidence: 0.881323

01:19:59.631 --> 01:20:01.176 they tried to answer with.  
NOTE Confidence: 0.881323

01:20:01.180 --> 01:20:03.574 A variety of folks who have  
NOTE Confidence: 0.881323

01:20:03.574 --> 01:20:05.170 been diagnosed with him,  
NOTE Confidence: 0.881323

01:20:05.170 --> 01:20:06.768 a logically concedes colon  
NOTE Confidence: 0.881323

01:20:06.768 --> 01:20:08.758 cancer of variety of cancers.  
NOTE Confidence: 0.881323

01:20:08.760 --> 01:20:11.944 Asking, is it safe to get the vaccine?  
NOTE Confidence: 0.881323

01:20:11.950 --> 01:20:14.990 Will the vaccine work?  
NOTE Confidence: 0.881323

01:20:14.990 --> 01:20:17.084 Let me just say that this  
NOTE Confidence: 0.881323

01:20:17.084 --> 01:20:18.480 is an evolving field.  
NOTE Confidence: 0.881323

01:20:18.480 --> 01:20:21.078 First, the VAC vaccine is safe.  
NOTE Confidence: 0.881323

01:20:21.080 --> 01:20:23.250 As Doctor Martin alluded to,  
NOTE Confidence: 0.881323

01:20:23.250 --> 01:20:25.420 it's not an active virus,

NOTE Confidence: 0.881323

01:20:25.420 --> 01:20:27.595 it's it's actually in some

NOTE Confidence: 0.881323

01:20:27.595 --> 01:20:30.220 respects an RNA or or something

NOTE Confidence: 0.881323

01:20:30.220 --> 01:20:32.420 like that that simply expresses

NOTE Confidence: 0.881323

01:20:32.420 --> 01:20:34.969 the capsid protein is a protein,

NOTE Confidence: 0.881323

01:20:34.970 --> 01:20:36.176 so you can't.

NOTE Confidence: 0.881323

01:20:36.176 --> 01:20:39.750 You can't get Covid from the Covid vaccine,

NOTE Confidence: 0.881323

01:20:39.750 --> 01:20:42.738 and there's reason to believe that

NOTE Confidence: 0.881323

01:20:42.738 --> 01:20:46.166 the majority of people who get the

NOTE Confidence: 0.881323

01:20:46.166 --> 01:20:48.848 vaccine will will benefit from it.

NOTE Confidence: 0.881323

01:20:48.850 --> 01:20:50.740 To Doctor Martin's point earlier,

NOTE Confidence: 0.881323

01:20:50.740 --> 01:20:53.316 the sort of sub studies the details on

NOTE Confidence: 0.881323

01:20:53.316 --> 01:20:55.259 individuals with certain malignancies.

NOTE Confidence: 0.881323

01:20:55.260 --> 01:20:57.140 Wonder when a bomber transplant,

NOTE Confidence: 0.881323

01:20:57.140 --> 01:20:57.960 you know?

NOTE Confidence: 0.881323

01:20:57.960 --> 01:21:00.420 I think that the level effectiveness

NOTE Confidence: 0.881323

01:21:00.420 --> 01:21:02.802 still probably needs to be sorted out,  
NOTE Confidence: 0.881323

01:21:02.802 --> 01:21:05.120 but there's every reason to believe  
NOTE Confidence: 0.881323

01:21:05.120 --> 01:21:07.320 that people would benefit from it.  
NOTE Confidence: 0.881323

01:21:07.320 --> 01:21:09.959 You know when and how much remains  
NOTE Confidence: 0.881323

01:21:09.959 --> 01:21:11.090 to be determined,  
NOTE Confidence: 0.881323

01:21:11.090 --> 01:21:13.352 but my guess is when it  
NOTE Confidence: 0.881323

01:21:13.352 --> 01:21:14.860 becomes available in 2021,  
NOTE Confidence: 0.881323

01:21:14.860 --> 01:21:17.626 we're going to recommend that people  
NOTE Confidence: 0.881323

01:21:17.626 --> 01:21:20.720 get it because there's no risk to you.  
NOTE Confidence: 0.881323

01:21:20.720 --> 01:21:22.820 In terms of getting covid,  
NOTE Confidence: 0.881323

01:21:22.820 --> 01:21:25.340 one question that came up is,  
NOTE Confidence: 0.881323

01:21:25.340 --> 01:21:28.010 well, if you had covid.  
NOTE Confidence: 0.881323

01:21:28.010 --> 01:21:29.694 Should you get the vaccine  
NOTE Confidence: 0.881323

01:21:29.694 --> 01:21:31.379 and the answer is yes,  
NOTE Confidence: 0.881323

01:21:31.380 --> 01:21:33.115 because apparently the data that  
NOTE Confidence: 0.881323

01:21:33.115 --> 01:21:35.262 came out today from the Pfizer

NOTE Confidence: 0.881323

01:21:35.262 --> 01:21:36.997 vaccine was there actually a

NOTE Confidence: 0.881323

01:21:36.997 --> 01:21:39.360 number of people who had covid that

NOTE Confidence: 0.881323

01:21:39.360 --> 01:21:41.481 still got in trial and they didn't

NOTE Confidence: 0.881323

01:21:41.490 --> 01:21:43.090 appreciate they've been exposed to

NOTE Confidence: 0.881323

01:21:43.090 --> 01:21:45.101 covid and there was no increased

NOTE Confidence: 0.881323

01:21:45.101 --> 01:21:46.876 harm to getting the vaccine.

NOTE Confidence: 0.881323

01:21:46.880 --> 01:21:49.224 Even if you had Coke so and we

NOTE Confidence: 0.881323

01:21:49.224 --> 01:21:51.600 don't know how long immunity lasts,

NOTE Confidence: 0.881323

01:21:51.600 --> 01:21:54.456 so there's no reason you can't

NOTE Confidence: 0.881323

01:21:54.456 --> 01:21:55.884 get the vaccine.

NOTE Confidence: 0.881323

01:21:55.890 --> 01:21:57.768 Another question came up, which is.

NOTE Confidence: 0.881323

01:21:57.770 --> 01:22:00.596 I think this is an optimistic point of view.

NOTE Confidence: 0.881323

01:22:00.600 --> 01:22:02.798 Is that if you get the vaccine,

NOTE Confidence: 0.881323

01:22:02.800 --> 01:22:04.992 does that mean you don't have to

NOTE Confidence: 0.881323

01:22:04.992 --> 01:22:07.280 wear a mask and that's a really

NOTE Confidence: 0.881323

01:22:07.280 --> 01:22:09.390 interesting question and believe it or not,  
NOTE Confidence: 0.881323

01:22:09.390 --> 01:22:11.592 it's actually the title of a New  
NOTE Confidence: 0.881323

01:22:11.592 --> 01:22:13.790 York Times article today that I saw.  
NOTE Confidence: 0.881323

01:22:13.790 --> 01:22:15.596 So maybe that person saw the  
NOTE Confidence: 0.881323

01:22:15.596 --> 01:22:17.559 article and the New York Times.  
NOTE Confidence: 0.881323

01:22:17.560 --> 01:22:19.160 Not that they're necessarily the  
NOTE Confidence: 0.881323

01:22:19.160 --> 01:22:21.010 arbiters on this recommend that yes,  
NOTE Confidence: 0.881323

01:22:21.010 --> 01:22:22.963 you do have to wear a mask  
NOTE Confidence: 0.881323

01:22:22.963 --> 01:22:24.779 if you get the vaccine.  
NOTE Confidence: 0.881323

01:22:24.780 --> 01:22:25.130 Why?  
NOTE Confidence: 0.881323

01:22:25.130 --> 01:22:27.230 Because what we know is that  
NOTE Confidence: 0.881323

01:22:27.230 --> 01:22:28.280 it is protective.  
NOTE Confidence: 0.881323

01:22:28.280 --> 01:22:29.050 For you,  
NOTE Confidence: 0.881323

01:22:29.050 --> 01:22:31.360 but we don't know whether that  
NOTE Confidence: 0.881323

01:22:31.360 --> 01:22:34.508 stops you from even if you're  
NOTE Confidence: 0.881323

01:22:34.508 --> 01:22:36.227 asymptomatic from transmitting.

NOTE Confidence: 0.881323

01:22:36.230 --> 01:22:37.175 So for now,

NOTE Confidence: 0.881323

01:22:37.175 --> 01:22:39.380 when you and we're all hopefully going

NOTE Confidence: 0.881323

01:22:39.444 --> 01:22:41.908 to get this vaccine when you get it

NOTE Confidence: 0.881323

01:22:41.908 --> 01:22:43.730 until further instructions come,

NOTE Confidence: 0.881323

01:22:43.730 --> 01:22:46.462 we're still going to have to wear a

NOTE Confidence: 0.881323

01:22:46.462 --> 01:22:48.508 mask until everyone says it's safe.

NOTE Confidence: 0.881323

01:22:48.510 --> 01:22:50.550 So and I know, you know,

NOTE Confidence: 0.881323

01:22:50.550 --> 01:22:53.270 I can let me just tell you there's a lot

NOTE Confidence: 0.8686371

01:22:53.345 --> 01:22:55.595 of great questions about the vaccine

NOTE Confidence: 0.8686371

01:22:55.595 --> 01:22:58.050 when it's going to be available,

NOTE Confidence: 0.8686371

01:22:58.050 --> 01:23:01.794 and I think what we know is it's safe.

NOTE Confidence: 0.8686371

01:23:01.800 --> 01:23:03.395 Yeah, 95% effective and people

NOTE Confidence: 0.8686371

01:23:03.395 --> 01:23:04.990 ask what does that mean?

NOTE Confidence: 0.8686371

01:23:04.990 --> 01:23:06.760 It means that compared to the

NOTE Confidence: 0.8686371

01:23:06.760 --> 01:23:08.500 people who got the placebo,

NOTE Confidence: 0.8686371

01:23:08.500 --> 01:23:11.254 there was a 95% reduction in their risk of  
NOTE Confidence: 0.8686371

01:23:11.254 --> 01:23:13.461 getting covid and Moreover the data says  
NOTE Confidence: 0.8686371

01:23:13.461 --> 01:23:16.159 that even for the rare individual got it,  
NOTE Confidence: 0.8686371

01:23:16.160 --> 01:23:18.068 their case was far less severe.  
NOTE Confidence: 0.8686371

01:23:18.070 --> 01:23:19.660 This is really exciting and  
NOTE Confidence: 0.8686371

01:23:19.660 --> 01:23:20.614 it's really encouraging.  
NOTE Confidence: 0.8686371

01:23:20.620 --> 01:23:23.164 So I I think that you know it.  
NOTE Confidence: 0.8686371

01:23:23.170 --> 01:23:26.806 It offers a lot of hope.  
NOTE Confidence: 0.8686371

01:23:26.810 --> 01:23:29.418 You know, I think there's probably as much.  
NOTE Confidence: 0.8686371

01:23:29.420 --> 01:23:30.720 I mean our colleague.  
NOTE Confidence: 0.8686371

01:23:30.720 --> 01:23:32.350 Any of my colleagues can  
NOTE Confidence: 0.8686371

01:23:32.350 --> 01:23:34.005 comment on the vaccine war,  
NOTE Confidence: 0.8686371

01:23:34.005 --> 01:23:36.920 'cause I know so many questions have come in.  
NOTE Confidence: 0.8686371

01:23:36.920 --> 01:23:38.550 We're going to learn more,  
NOTE Confidence: 0.8686371

01:23:38.550 --> 01:23:40.500 but so far all the news,  
NOTE Confidence: 0.8686371

01:23:40.500 --> 01:23:41.800 including today's is good.

NOTE Confidence: 0.8686371  
01:23:41.800 --> 01:23:43.758 And you know, you can ask,  
NOTE Confidence: 0.8686371  
01:23:43.758 --> 01:23:45.388 you know, ask your doctor,  
NOTE Confidence: 0.8686371  
01:23:45.388 --> 01:23:46.692 your nurse, your providers.  
NOTE Confidence: 0.8686371  
01:23:46.692 --> 01:23:49.300 We will continue to have these forms and  
NOTE Confidence: 0.8686371  
01:23:49.300 --> 01:23:51.260 keep you informed about the vaccine.  
NOTE Confidence: 0.8686371  
01:23:51.260 --> 01:23:53.535 And just as soon as we can,  
NOTE Confidence: 0.8686371  
01:23:53.540 --> 01:23:56.708 we're going to make it available to you so.  
NOTE Confidence: 0.8686371  
01:23:56.710 --> 01:23:57.414 Stay tuned,  
NOTE Confidence: 0.8686371  
01:23:57.414 --> 01:24:00.230 you know the cavalry is on his way,  
NOTE Confidence: 0.8686371  
01:24:00.230 --> 01:24:02.771 but I just I just wanted to  
NOTE Confidence: 0.8686371  
01:24:02.771 --> 01:24:05.263 interrupt the flow just because so  
NOTE Confidence: 0.8686371  
01:24:05.263 --> 01:24:07.897 many good questions are coming up.  
NOTE Confidence: 0.8686371  
01:24:07.900 --> 01:24:10.080 And obviously, we're we're.  
NOTE Confidence: 0.8686371  
01:24:10.080 --> 01:24:12.805 We're committed to making sure  
NOTE Confidence: 0.8686371  
01:24:12.805 --> 01:24:15.429 that you get access to that.  
NOTE Confidence: 0.86357427

01:24:17.820 --> 01:24:19.192 Nancy, you know, actually,  
NOTE Confidence: 0.86357427

01:24:19.192 --> 01:24:21.250 maybe because you're on the line.  
NOTE Confidence: 0.86357427

01:24:21.250 --> 01:24:23.308 Alot of questions about Melanoma too.  
NOTE Confidence: 0.86357427

01:24:23.310 --> 01:24:25.366 Probably see coming through some of  
NOTE Confidence: 0.86357427

01:24:25.366 --> 01:24:27.076 which we relate to immunotherapy.  
NOTE Confidence: 0.86357427

01:24:27.080 --> 01:24:28.800 And and I, you know,  
NOTE Confidence: 0.86357427

01:24:28.800 --> 01:24:31.194 I suppose there's there's several of them.  
NOTE Confidence: 0.86357427

01:24:31.200 --> 01:24:33.237 And so maybe as opposed to covering  
NOTE Confidence: 0.86357427

01:24:33.237 --> 01:24:34.970 each one and specifically,  
NOTE Confidence: 0.86357427

01:24:34.970 --> 01:24:37.371 maybe you can just give us a  
NOTE Confidence: 0.86357427

01:24:37.371 --> 01:24:38.856 thumbnail on, you, know,  
NOTE Confidence: 0.86357427

01:24:38.856 --> 01:24:41.244 the state of immunotherapy for for  
NOTE Confidence: 0.86357427

01:24:41.244 --> 01:24:44.280 Melanoma and where you see that going. I  
NOTE Confidence: 0.8612093

01:24:44.280 --> 01:24:48.303 see it as a very promising future for us.  
NOTE Confidence: 0.8612093

01:24:48.310 --> 01:24:51.294 The anti PD one zanan and all of  
NOTE Confidence: 0.8612093

01:24:51.294 --> 01:24:54.130 the newest treatments are amazing.

NOTE Confidence: 0.8612093

01:24:54.130 --> 01:24:57.042 Doctor Olino is using T back which

NOTE Confidence: 0.8612093

01:24:57.042 --> 01:24:59.807 is an injection into the tumors

NOTE Confidence: 0.8612093

01:24:59.807 --> 01:25:02.197 themselves which has been very

NOTE Confidence: 0.8612093

01:25:02.200 --> 01:25:04.986 promising little off label but she's

NOTE Confidence: 0.8612093

01:25:04.986 --> 01:25:08.360 had great results with it so there's

NOTE Confidence: 0.8612093

01:25:08.456 --> 01:25:11.794 a lot of new things on the horizon

NOTE Confidence: 0.8612093

01:25:11.794 --> 01:25:14.770 and I think when Doctor Arian.

NOTE Confidence: 0.8612093

01:25:14.770 --> 01:25:15.992 Started the Department.

NOTE Confidence: 0.8612093

01:25:15.992 --> 01:25:19.256 There wasn't as much to offer people today.

NOTE Confidence: 0.8612093

01:25:19.260 --> 01:25:21.708 There is a lot to offer.

NOTE Confidence: 0.8612093

01:25:21.710 --> 01:25:25.670 Someone who has a Melanoma.

NOTE Confidence: 0.8612093

01:25:25.670 --> 01:25:27.924 I I can't give you specifics or

NOTE Confidence: 0.8612093

01:25:27.924 --> 01:25:30.672 not the top of my head I get so

NOTE Confidence: 0.8612093

01:25:30.672 --> 01:25:32.790 excited that I get overwhelmed,

NOTE Confidence: 0.8612093

01:25:32.790 --> 01:25:35.086 but there's there's always knew an positive

NOTE Confidence: 0.8612093

01:25:35.086 --> 01:25:36.860 things happening within the Department.  
NOTE Confidence: 0.86103463

01:25:37.660 --> 01:25:40.675 Yeah, no idea. I think it's it's so true.  
NOTE Confidence: 0.86103463

01:25:40.680 --> 01:25:42.815 I mean, we've you all have done  
NOTE Confidence: 0.86103463

01:25:42.815 --> 01:25:44.862 a really exciting work and it's  
NOTE Confidence: 0.86103463

01:25:44.862 --> 01:25:46.282 obviously changed the landscape  
NOTE Confidence: 0.86103463

01:25:46.282 --> 01:25:48.409 and given a lot of patients.  
NOTE Confidence: 0.86103463

01:25:48.410 --> 01:25:51.738 Hope so. Thank you.  
NOTE Confidence: 0.86103463

01:25:51.740 --> 01:25:54.359 James I I store question fly by I don't  
NOTE Confidence: 0.86103463

01:25:54.359 --> 01:25:57.369 know if you saw it about sort of an  
NOTE Confidence: 0.86103463

01:25:57.369 --> 01:25:59.152 ultrasound approach for prostate and  
NOTE Confidence: 0.86103463

01:25:59.152 --> 01:26:01.609 you know maybe you saw the question.  
NOTE Confidence: 0.86103463

01:26:01.610 --> 01:26:03.260 I'm sorry I'm digging through,  
NOTE Confidence: 0.86103463

01:26:03.260 --> 01:26:04.568 but maybe you know  
NOTE Confidence: 0.85094297

01:26:04.570 --> 01:26:07.770 I I answered it.  
NOTE Confidence: 0.85094297

01:26:07.770 --> 01:26:10.914 I I'm not aware of HIFU being used,  
NOTE Confidence: 0.85094297

01:26:10.920 --> 01:26:13.688 but I do know Doctor Preston Sprenkle and

NOTE Confidence: 0.85094297

01:26:13.688 --> 01:26:16.519 the folks in urology are looking into

NOTE Confidence: 0.85094297

01:26:16.519 --> 01:26:19.200 what's called focal partial gland therapy.

NOTE Confidence: 0.85094297

01:26:19.200 --> 01:26:22.128 I know he's used cryotherapy in the past

NOTE Confidence: 0.85094297

01:26:22.128 --> 01:26:24.648 and there's they're working on potentially

NOTE Confidence: 0.85094297

01:26:24.648 --> 01:26:27.859 other techniques we I think as a group,

NOTE Confidence: 0.85094297

01:26:27.860 --> 01:26:30.429 largely think of it as in the

NOTE Confidence: 0.85094297

01:26:30.429 --> 01:26:32.853 experimental range and not really a

NOTE Confidence: 0.85094297

01:26:32.853 --> 01:26:35.349 whole gland there a curatives treatment,

NOTE Confidence: 0.85094297

01:26:35.350 --> 01:26:36.954 but it's something under

NOTE Confidence: 0.85094297

01:26:36.954 --> 01:26:38.959 investigation and I would encourage.

NOTE Confidence: 0.85094297

01:26:38.960 --> 01:26:42.040 Reaching out to one of the urologists here,

NOTE Confidence: 0.85094297

01:26:42.040 --> 01:26:43.845 Doctor Preston Sprinkle comes to

NOTE Confidence: 0.85094297

01:26:43.845 --> 01:26:46.143 mind as somebody who could comment

NOTE Confidence: 0.85094297

01:26:46.143 --> 01:26:47.427 about vocal therapy.

NOTE Confidence: 0.85094297

01:26:47.430 --> 01:26:48.585 Partial gland treatment,

NOTE Confidence: 0.85094297

01:26:48.585 --> 01:26:50.510 including HIFU for prostate cancer.  
NOTE Confidence: 0.85094297

01:26:50.510 --> 01:26:51.280 Thank you,  
NOTE Confidence: 0.8290043

01:26:51.280 --> 01:26:53.975 Kim. There was a question about you,  
NOTE Confidence: 0.8290043

01:26:53.980 --> 01:26:56.290 know whether we're all we're back,  
NOTE Confidence: 0.8290043

01:26:56.290 --> 01:26:57.388 practicing and swallowing,  
NOTE Confidence: 0.8290043

01:26:57.388 --> 01:26:59.584 and maybe you can answer that  
NOTE Confidence: 0.8290043

01:26:59.584 --> 01:27:01.324 question directly, but also,  
NOTE Confidence: 0.8290043

01:27:01.324 --> 01:27:04.138 you know, given the fact that when  
NOTE Confidence: 0.8290043

01:27:04.138 --> 01:27:06.693 there was a surgeon April we had  
NOTE Confidence: 0.8290043

01:27:06.693 --> 01:27:09.450 to move off some floors and your.  
NOTE Confidence: 0.8290043

01:27:09.450 --> 01:27:11.640 Thoughts about where we're going now?  
NOTE Confidence: 0.87119853

01:27:13.330 --> 01:27:16.018 Sure, Charlie, thank you. So we  
NOTE Confidence: 0.87119853

01:27:16.020 --> 01:27:18.714 have most of our care back  
NOTE Confidence: 0.87119853

01:27:18.714 --> 01:27:20.506 in their original locations,  
NOTE Confidence: 0.87119853

01:27:20.510 --> 01:27:23.156 but there are still some clinics and  
NOTE Confidence: 0.87119853

01:27:23.156 --> 01:27:26.386 some of our infusion services that are

NOTE Confidence: 0.87119853

01:27:26.386 --> 01:27:29.410 still in our satellite locations that

NOTE Confidence: 0.87119853

01:27:29.490 --> 01:27:32.184 were originally in the Smilow Cancer

NOTE Confidence: 0.87119853

01:27:32.184 --> 01:27:35.580 Hospital and that is really due to the

NOTE Confidence: 0.87119853

01:27:35.580 --> 01:27:38.582 number of patients that are the non

NOTE Confidence: 0.87119853

01:27:38.582 --> 01:27:41.167 cancer patient population at Yale,

NOTE Confidence: 0.87119853

01:27:41.170 --> 01:27:42.682 New Haven Hospital.

NOTE Confidence: 0.87119853

01:27:42.682 --> 01:27:44.698 So we are staying.

NOTE Confidence: 0.87119853

01:27:44.700 --> 01:27:46.268 We are continuing having

NOTE Confidence: 0.87119853

01:27:46.268 --> 01:27:47.836 some of those clinics,

NOTE Confidence: 0.87119853

01:27:47.840 --> 01:27:50.078 and some of those infusion services

NOTE Confidence: 0.87119853

01:27:50.078 --> 01:27:52.825 off of the main campus to accommodate

NOTE Confidence: 0.87119853

01:27:52.825 --> 01:27:55.583 the care that we need to provide

NOTE Confidence: 0.87119853

01:27:55.665 --> 01:27:57.640 not only to covid patients,

NOTE Confidence: 0.87119853

01:27:57.640 --> 01:28:00.377 but because of the increase in covid.

NOTE Confidence: 0.87119853

01:28:00.380 --> 01:28:02.204 With this second surge,

NOTE Confidence: 0.87119853

01:28:02.204 --> 01:28:04.028 it's other patients requiring  
NOTE Confidence: 0.87119853

01:28:04.028 --> 01:28:06.007 hospital care that we're needing  
NOTE Confidence: 0.87119853

01:28:06.007 --> 01:28:08.338 to make sure that we have room  
NOTE Confidence: 0.87119853

01:28:08.411 --> 01:28:10.787 for on York Street campus, so.  
NOTE Confidence: 0.87119853

01:28:10.787 --> 01:28:15.643 So that is something that we watch daily.  
NOTE Confidence: 0.87119853

01:28:15.650 --> 01:28:19.410 We hope that we have a good plan in place.  
NOTE Confidence: 0.87119853

01:28:19.410 --> 01:28:21.642 The hospital has really then the  
NOTE Confidence: 0.87119853

01:28:21.642 --> 01:28:23.502 entire health system has really  
NOTE Confidence: 0.87119853

01:28:23.502 --> 01:28:25.950 done a great job and trying to make  
NOTE Confidence: 0.87119853

01:28:25.950 --> 01:28:28.539 sure that we are not disrupting  
NOTE Confidence: 0.87119853

01:28:28.539 --> 01:28:30.307 services unless absolutely needed.  
NOTE Confidence: 0.87119853

01:28:30.310 --> 01:28:33.460 So we do have a strong plan in place as  
NOTE Confidence: 0.87119853

01:28:33.551 --> 01:28:36.708 the covid as the second wave continues.  
NOTE Confidence: 0.87119853

01:28:36.710 --> 01:28:39.454 We have been doing a lot of  
NOTE Confidence: 0.87119853

01:28:39.454 --> 01:28:41.476 predictive modeling and we're really  
NOTE Confidence: 0.87119853

01:28:41.476 --> 01:28:44.164 hopeful that that we won't have to

NOTE Confidence: 0.87119853

01:28:44.164 --> 01:28:46.856 do a whole lot of more movement.

NOTE Confidence: 0.87119853

01:28:46.860 --> 01:28:47.245 Again,

NOTE Confidence: 0.87119853

01:28:47.245 --> 01:28:49.170 we're living through something that

NOTE Confidence: 0.87119853

01:28:49.170 --> 01:28:51.818 none of us have ever lived through

NOTE Confidence: 0.87119853

01:28:51.818 --> 01:28:54.233 before so we never can say never.

NOTE Confidence: 0.87119853

01:28:54.240 --> 01:28:56.880 But we are hopeful that we can continue

NOTE Confidence: 0.87119853

01:28:56.880 --> 01:29:00.137 the way we're delivering our care right now,

NOTE Confidence: 0.87119853

01:29:00.140 --> 01:29:02.884 and that at some point we will return

NOTE Confidence: 0.87119853

01:29:02.884 --> 01:29:05.635 those other services back to the York

NOTE Confidence: 0.87119853

01:29:05.635 --> 01:29:08.050 Street campus and continue with our

NOTE Confidence: 0.87119853

01:29:08.050 --> 01:29:10.850 robust network sites as well so you know,

NOTE Confidence: 0.87119853

01:29:10.850 --> 01:29:14.027 we have our eye on the future while we're

NOTE Confidence: 0.87119853

01:29:14.027 --> 01:29:16.430 continuing to manage through this, but.

NOTE Confidence: 0.87119853

01:29:16.430 --> 01:29:18.530 We have really an eye.

NOTE Confidence: 0.87119853

01:29:18.530 --> 01:29:20.490 I think somebody mentioned this before that

NOTE Confidence: 0.87119853

01:29:20.490 --> 01:29:22.740 we really do appreciate the flexibility.  
NOTE Confidence: 0.87119853

01:29:22.740 --> 01:29:24.684 I think it was Doctor Gomez  
NOTE Confidence: 0.87119853

01:29:24.684 --> 01:29:25.656 that mentioned this.  
NOTE Confidence: 0.87119853

01:29:25.660 --> 01:29:27.280 The flexibility of our patients,  
NOTE Confidence: 0.87119853

01:29:27.280 --> 01:29:29.260 they really have gone through a  
NOTE Confidence: 0.87119853

01:29:29.260 --> 01:29:31.518 lot with us through this and there  
NOTE Confidence: 0.87119853

01:29:31.518 --> 01:29:33.759 are times where we have to notify  
NOTE Confidence: 0.87119853

01:29:33.759 --> 01:29:35.374 patients quickly that things are  
NOTE Confidence: 0.87119853

01:29:35.374 --> 01:29:36.998 going to change a little.  
NOTE Confidence: 0.87119853

01:29:37.000 --> 01:29:39.135 We are really trying to minimize that  
NOTE Confidence: 0.87119853

01:29:39.135 --> 01:29:41.416 as much as possible and feel like  
NOTE Confidence: 0.87119853

01:29:41.416 --> 01:29:44.448 we're going in a pretty good place right now,  
NOTE Confidence: 0.87119853

01:29:44.450 --> 01:29:47.690 but we do always have to have a cautious I.  
NOTE Confidence: 0.8278196

01:29:48.290 --> 01:29:50.930 Great thank you Paula. Sort of.  
NOTE Confidence: 0.8278196

01:29:50.930 --> 01:29:53.600 On a related note, given the  
NOTE Confidence: 0.8278196

01:29:53.600 --> 01:29:56.210 numbers creeping up again in covid,

NOTE Confidence: 0.8278196

01:29:56.210 --> 01:29:57.970 any changes you anticipate

NOTE Confidence: 0.8278196

01:29:57.970 --> 01:30:00.170 across the Care center network.

NOTE Confidence: 0.87522626

01:30:01.400 --> 01:30:02.309 Well, certainly we

NOTE Confidence: 0.87522626

01:30:02.310 --> 01:30:04.518 want to make sure that the right visit

NOTE Confidence: 0.87522626

01:30:04.518 --> 01:30:07.078 type is given to the right patient with

NOTE Confidence: 0.87522626

01:30:07.078 --> 01:30:09.890 the right physician at the right time.

NOTE Confidence: 0.87522626

01:30:09.890 --> 01:30:12.346 So we do look at our schedules ahead

NOTE Confidence: 0.87522626

01:30:12.346 --> 01:30:15.161 of time and there likely will be some

NOTE Confidence: 0.87522626

01:30:15.161 --> 01:30:18.300 patients that will be asked to do a Tele

NOTE Confidence: 0.87522626

01:30:18.300 --> 01:30:20.532 health visit either by phone or video.

NOTE Confidence: 0.87522626

01:30:20.532 --> 01:30:22.308 That is about to change to

NOTE Confidence: 0.87522626

01:30:22.308 --> 01:30:23.959 a new platform zoom.

NOTE Confidence: 0.87522626

01:30:23.960 --> 01:30:26.123 So we're hoping that some of the

NOTE Confidence: 0.87522626

01:30:26.123 --> 01:30:27.817 technology glitches that we experienced

NOTE Confidence: 0.87522626

01:30:27.817 --> 01:30:29.935 with the current platform will be

NOTE Confidence: 0.87522626

01:30:29.935 --> 01:30:31.689 illuminated with the zoom platform  
NOTE Confidence: 0.87522626

01:30:31.689 --> 01:30:33.344 because we know it's disappointing  
NOTE Confidence: 0.87522626

01:30:33.344 --> 01:30:35.346 when you can't see your physician  
NOTE Confidence: 0.87522626

01:30:35.346 --> 01:30:37.700 and he or she cannot see you,  
NOTE Confidence: 0.87522626

01:30:37.700 --> 01:30:40.115 but again, those will be selected on.  
NOTE Confidence: 0.87522626

01:30:40.120 --> 01:30:42.339 Patients that it's the right type of  
NOTE Confidence: 0.87522626

01:30:42.339 --> 01:30:44.788 visit for them right now and all the  
NOTE Confidence: 0.87522626

01:30:44.788 --> 01:30:47.403 network sites and at the 20 York Street  
NOTE Confidence: 0.87522626

01:30:47.403 --> 01:30:49.641 North Pavilion were all following very  
NOTE Confidence: 0.87522626

01:30:49.641 --> 01:30:51.010 strict social distancing guidelines.  
NOTE Confidence: 0.87522626

01:30:51.010 --> 01:30:54.310 So we're flexing our staff in and out of our  
NOTE Confidence: 0.87522626

01:30:54.310 --> 01:30:56.290 locations that includes our support team.  
NOTE Confidence: 0.87522626

01:30:56.290 --> 01:30:58.551 So when we have high volumes of  
NOTE Confidence: 0.87522626

01:30:58.551 --> 01:31:00.559 social work needs or making sure  
NOTE Confidence: 0.87522626

01:31:00.559 --> 01:31:02.820 that we're moving someone out in a  
NOTE Confidence: 0.87522626

01:31:02.890 --> 01:31:04.870 staff around to move that social

NOTE Confidence: 0.87522626

01:31:04.870 --> 01:31:07.180 worker in so that we can provide

NOTE Confidence: 0.87522626

01:31:07.180 --> 01:31:08.830 our patients everything they need.

NOTE Confidence: 0.87522626

01:31:08.830 --> 01:31:11.350 Data site but I don't anticipate many.

NOTE Confidence: 0.87522626

01:31:11.350 --> 01:31:13.307 More changes to our patients other

NOTE Confidence: 0.87522626

01:31:13.307 --> 01:31:15.596 than we're just continue to ask for

NOTE Confidence: 0.87522626

01:31:15.596 --> 01:31:17.498 that patience on our pre screening

NOTE Confidence: 0.87522626

01:31:17.498 --> 01:31:19.690 and at the door screening and that

NOTE Confidence: 0.87522626

01:31:19.690 --> 01:31:21.778 we continue to monitor our visitors.

NOTE Confidence: 0.87522626

01:31:21.780 --> 01:31:24.220 'cause we do work in very enclosed spaces

NOTE Confidence: 0.87522626

01:31:24.220 --> 01:31:26.999 and we just want to keep everybody safe.

NOTE Confidence: 0.8373750999999999

01:31:27.640 --> 01:31:28.608 Thank you Paula Kevin.

NOTE Confidence: 0.8373750999999999

01:31:28.608 --> 01:31:31.204 I I I I may have created this confusion

NOTE Confidence: 0.8373750999999999

01:31:31.204 --> 01:31:33.364 when I asked you the question

NOTE Confidence: 0.8373750999999999

01:31:33.364 --> 01:31:35.713 about the Governor of Massachusetts

NOTE Confidence: 0.8373750999999999

01:31:35.713 --> 01:31:37.637 slowing down elective surgeries,

NOTE Confidence: 0.8373750999999999

01:31:37.640 --> 01:31:39.754 a question a couple of questions came  
NOTE Confidence: 0.8373750999999999

01:31:39.754 --> 01:31:42.278 up as his cancer surgery elective.  
NOTE Confidence: 0.8373750999999999

01:31:42.280 --> 01:31:44.624 I mean is is that the is that  
NOTE Confidence: 0.8373750999999999

01:31:44.624 --> 01:31:46.560 fall in that bailiwicks?  
NOTE Confidence: 0.8373750999999999

01:31:46.560 --> 01:31:47.988 Maybe you could clarify  
NOTE Confidence: 0.8373750999999999

01:31:47.988 --> 01:31:49.416 that for the audience.  
NOTE Confidence: 0.8680792

01:31:53.590 --> 01:31:57.255 I it's not a straightforward  
NOTE Confidence: 0.8680792

01:31:57.255 --> 01:31:59.454 question to answer.  
NOTE Confidence: 0.8680792

01:31:59.460 --> 01:32:04.728 By strict criteria.  
NOTE Confidence: 0.8680792

01:32:04.730 --> 01:32:09.188 Much of cancer surgery we would.  
NOTE Confidence: 0.8680792

01:32:09.190 --> 01:32:11.622 Neroly define is elective,  
NOTE Confidence: 0.8680792

01:32:11.622 --> 01:32:16.945 meaning that it is not an acute surgical  
NOTE Confidence: 0.8680792

01:32:16.945 --> 01:32:21.595 emergency caused by something such as.  
NOTE Confidence: 0.8680792

01:32:21.600 --> 01:32:25.896 Bleeding or intestinal obstruction.  
NOTE Confidence: 0.8680792

01:32:25.896 --> 01:32:29.910 However, is any of us recognize?  
NOTE Confidence: 0.9161415

01:32:31.940 --> 01:32:34.229 When you are a patient or family,

NOTE Confidence: 0.9161415

01:32:34.230 --> 01:32:36.790 there is nothing about.

NOTE Confidence: 0.9161415

01:32:36.790 --> 01:32:40.630 Cancer care or cancer surgery that.

NOTE Confidence: 0.9161415

01:32:40.630 --> 01:32:45.466 Feels or can be considered elective.

NOTE Confidence: 0.9161415

01:32:45.470 --> 01:32:48.903 So. Although.

NOTE Confidence: 0.9161415

01:32:48.903 --> 01:32:53.818 That terminology may be applied.

NOTE Confidence: 0.9161415

01:32:53.820 --> 01:32:56.730 I would not say that we.

NOTE Confidence: 0.9161415

01:32:56.730 --> 01:32:59.000 On our surgical teams here,

NOTE Confidence: 0.9161415

01:32:59.000 --> 01:33:00.816 consider any procedure for

NOTE Confidence: 0.9161415

01:33:00.816 --> 01:33:02.178 cancer truly elective.

NOTE Confidence: 0.9161415

01:33:02.180 --> 01:33:04.740 We would say that.

NOTE Confidence: 0.9161415

01:33:04.740 --> 01:33:06.660 That that is.

NOTE Confidence: 0.9161415

01:33:06.660 --> 01:33:09.570 At least urgent.

NOTE Confidence: 0.9161415

01:33:09.570 --> 01:33:09.940 Thank

NOTE Confidence: 0.8599205

01:33:09.940 --> 01:33:12.916 you, well, you know it's it's just about

NOTE Confidence: 0.8599205

01:33:15.459 --> 01:33:18.030 will probably call it a quick call.  
NOTE Confidence: 0.8599205

01:33:18.030 --> 01:33:19.870 It quits at this time,  
NOTE Confidence: 0.8599205

01:33:19.870 --> 01:33:22.812 but let me just first and foremost thank
