NOTE Confidence: 0.9883555

00:00:00.000 --> 00:00:02.634 My name is Rachel Greenup and

NOTE Confidence: 0.9883555

00:00:02.634 --> 00:00:05.200 I'm a breast cancer surgeon.

NOTE Confidence: 0.9883555

00:00:05.200 --> 00:00:07.155 Breast cancer surgery is very

NOTE Confidence: 0.9883555

00:00:07.155 --> 00:00:10.013 unique and that we really have the

NOTE Confidence: 0.9883555

00:00:10.013 --> 00:00:12.491 opportunity to work with women and

NOTE Confidence: 0.9883555

00:00:12.491 --> 00:00:14.841 their families to make decisions that

NOTE Confidence: 0.9883555

00:00:14.841 --> 00:00:17.433 work best for them and their lives.

NOTE Confidence: 0.9883555

00:00:17.433 --> 00:00:19.911 There's so many treatment choices we

NOTE Confidence: 0.9883555

00:00:19.911 --> 00:00:22.690 have the opportunity to be involved in

NOTE Confidence: 0.9883555

00:00:22.690 --> 00:00:24.898 care at diagnosis and during treatment,

NOTE Confidence: 0.9883555

00:00:24.900 --> 00:00:27.588 but also because so many of our

NOTE Confidence: 0.9883555

00:00:27.588 --> 00:00:29.630 patients do well long term.

NOTE Confidence: 0.9883555

00:00:29.630 --> 00:00:31.098 We have the rare.

NOTE Confidence: 0.9883555

00:00:31.098 --> 00:00:33.890 Opportunity to be part of women's lives

NOTE Confidence: 0.9883555

00:00:33.890 --> 00:00:36.470 beyond treatment and to survivorship.

NOTE Confidence: 0.9883555

00:00:36.470 --> 00:00:39.382 So I am the daughter of two physicians

NOTE Confidence: 0.9883555

00:00:39.382 --> 00:00:42.054 and my parents love what they did

NOTE Confidence: 0.9883555

00:00:42.054 --> 00:00:44.890 so much that it was contagious.

NOTE Confidence: 0.9883555

00:00:44.890 --> 00:00:47.296 Their first visit with me is

NOTE Confidence: 0.9883555

00:00:47.296 --> 00:00:48.900 really reviewing their diagnosis,

NOTE Confidence: 0.9883555

00:00:48.900 --> 00:00:50.058 their treatment options,

NOTE Confidence: 0.9883555

00:00:50.058 --> 00:00:52.760 and what the course of treatment will

NOTE Confidence: 0.9883555

00:00:52.827 --> 00:00:55.317 look like from the surgical perspective.

NOTE Confidence: 0.9883555

00:00:55.320 --> 00:00:57.515 It's a really personal decision

NOTE Confidence: 0.9883555

00:00:57.515 --> 00:01:00.588 about whether women want to come meet

NOTE Confidence: 0.9883555

00:01:00.588 --> 00:01:02.988 their team alone or with support.

NOTE Confidence: 0.9883555

00:01:02.990 --> 00:01:05.886 Many of my patients find it to be

NOTE Confidence: 0.9883555

00:01:05.886 --> 00:01:09.358 such an overwhelming time that having.

NOTE Confidence: 0.9883555

00:01:09.360 --> 00:01:11.817 Friends or family there as a second

NOTE Confidence: 0.9883555

00:01:11.817 --> 00:01:14.535 set of ears can be really important
NOTE Confidence: 0.9883555

00:01:14.535 --> 00:01:16.911 as they work back through the
NOTE Confidence: 0.9883555

00:01:16.991 --> 00:01:19.306 series of complex decisions they'll
NOTE Confidence: 0.9883555

00:01:19.306 --> 00:01:21.621 make with their care team.
NOTE Confidence: 0.9883555

00:01:21.630 --> 00:01:24.178 But I am a health services researcher
NOTE Confidence: 0.9883555

00:01:24.178 --> 00:01:26.540 and I study cancer outcomes.
NOTE Confidence: 0.9883555

00:01:26.540 --> 00:01:29.708 My specific focus looks at the burden of
NOTE Confidence: 0.9883555

00:01:29.708 --> 00:01:32.257 Breast Cancer Care on patients lives,
NOTE Confidence: 0.9883555

00:01:32.260 --> 00:01:33.788 including time off work,
NOTE Confidence: 0.9883555

00:01:33.788 --> 00:01:35.698 the financial repercussions of a
NOTE Confidence: 0.9883555

00:01:35.698 --> 00:01:37.579 cancer diagnosis and treatment,
NOTE Confidence: 0.9883555

00:01:37.580 --> 00:01:38.843 including financial toxicity.
NOTE Confidence: 0.9883555

00:01:38.843 --> 00:01:41.578 I also study. Value in cancer care.
NOTE Confidence: 0.9883555

00:01:41.578 --> 00:01:44.400 As we think about providing high quality,
NOTE Confidence: 0.9883555

00:01:44.400 --> 00:01:46.350 patient centered care to women
NOTE Confidence: 0.9883555

00:01:46.350 --> 00:01:47.910 at the population level.

NOTE Confidence: 0.9883555

00:01:47.910 --> 00:01:51.030 So I've I'm very connected to my patients.

NOTE Confidence: 0.9883555

00:01:51.030 --> 00:01:53.382 Most of us who go into breast

NOTE Confidence: 0.9883555

00:01:53.382 --> 00:01:55.272 oncology care chose Breast Cancer

NOTE Confidence: 0.9883555

00:01:55.272 --> 00:01:57.702 Care because women are the decision

NOTE Confidence: 0.9883555

00:01:57.702 --> 00:01:59.610 makers in their families.

NOTE Confidence: 0.9883555

00:01:59.610 --> 00:02:01.956 They hold their families up and

NOTE Confidence: 0.9883555

00:02:01.956 --> 00:02:04.751 it's a time where they really need

NOTE Confidence: 0.9883555

00:02:04.751 --> 00:02:07.902 to let people take care of them and

NOTE Confidence: 0.9883555

00:02:07.902 --> 00:02:10.224 our Yale Cancer team can help.

NOTE Confidence: 0.9883555

00:02:10.230 --> 00:02:10.740 Do that.
