NOTE Confidence: 0.90654534

00:00:00.000 --> 00:00:02.766 Hi, my name is Anne Chang.

NOTE Confidence: 0.90654534

00:00:02.770 --> 00:00:04.262 I'm an associate professor

NOTE Confidence: 0.90654534

00:00:04.262 --> 00:00:06.127 here at Yale Cancer Center.

NOTE Confidence: 0.90654534

00:00:06.130 --> 00:00:08.335 I also serve as deputy Chief Medical

NOTE Confidence: 0.90654534

00:00:08.335 --> 00:00:09.801 Officer and Chief Integration

NOTE Confidence: 0.90654534

00:00:09.801 --> 00:00:12.086 officer for Smilow Cancer Hospital.

NOTE Confidence: 0.90654534

00:00:12.090 --> 00:00:13.960 I treat lung cancer patients,

NOTE Confidence: 0.90654534

00:00:13.960 --> 00:00:16.438 both small cell lung cancer and

NOTE Confidence: 0.90654534

00:00:16.438 --> 00:00:18.740 non small cell lung cancer.

NOTE Confidence: 0.90654534

00:00:18.740 --> 00:00:21.593 I chose to go into lung cancer because I

NOTE Confidence: 0.90654534

00:00:21.593 --> 00:00:24.596 think it is tremendously exciting right now,

NOTE Confidence: 0.90654534

00:00:24.600 --> 00:00:26.505 both in understanding of the

NOTE Confidence: 0.90654534

00:00:26.505 --> 00:00:28.410 biology and in the treatments

NOTE Confidence: 0.90654534

00:00:28.478 --> 00:00:30.446 that we can offer to patients.
NOTE Confidence: 0.90654534

00:00:30.450 --> 00:00:32.970 Now, I've been here for for 10
NOTE Confidence: 0.90654534

00:00:32.970 --> 00:00:35.439 years at Yale and at when we
NOTE Confidence: 0.90654534

00:00:35.439 --> 00:00:38.140 started we did not have a network.
NOTE Confidence: 0.90654534

00:00:38.140 --> 00:00:40.336 We were only able to treat
NOTE Confidence: 0.90654534

00:00:40.336 --> 00:00:41.800 patients in New Haven.
NOTE Confidence: 0.90654534

00:00:41.800 --> 00:00:44.376 Now, 10 years later we have a robust
NOTE Confidence: 0.90654534

00:00:44.376 --> 00:00:46.190 smilow cancer hospital network.
NOTE Confidence: 0.90654534

00:00:46.190 --> 00:00:49.198 We're able to treat patients where they live.
NOTE Confidence: 0.90654534

00:00:49.200 --> 00:00:51.330 We're able to offer them access
NOTE Confidence: 0.90654534

00:00:51.330 --> 00:00:53.285 to clinical trials and the
NOTE Confidence: 0.90654534

00:00:53.285 --> 00:00:55.129 most cutting edge technologies.
NOTE Confidence: 0.90654534

00:00:55.130 --> 00:00:56.706 Again close to home,
NOTE Confidence: 0.90654534

00:00:56.706 --> 00:00:58.676 close to their support networks,
NOTE Confidence: 0.90654534

00:00:58.680 --> 00:01:01.816 and my role has really been in
NOTE Confidence: 0.90654534

00:01:01.816 --> 00:01:04.141 developing this network and helping

NOTE Confidence: 0.90654534

00:01:04.141 --> 00:01:07.277 to offer quality care and not only

NOTE Confidence: 0.90654534

00:01:07.277 --> 00:01:10.547 quality care but wrap around services so.

NOTE Confidence: 0.90654534

00:01:10.550 --> 00:01:11.406 Social work,

NOTE Confidence: 0.90654534

00:01:11.406 --> 00:01:14.830 nutrition and I think in our next level

NOTE Confidence: 0.90654534

00:01:14.914 --> 00:01:18.290 the the access to our top notch surgeons,

NOTE Confidence: 0.90654534

00:01:18.290 --> 00:01:19.206 radiation oncologists,

NOTE Confidence: 0.90654534

00:01:19.206 --> 00:01:21.038 survivorship programs all along

NOTE Confidence: 0.90654534

00:01:21.038 --> 00:01:23.681 the continuum of care to our

NOTE Confidence: 0.90654534

00:01:23.681 --> 00:01:25.169 patients throughout the state.

NOTE Confidence: 0.90654534

00:01:25.170 --> 00:01:27.683 I just think it's so important to

NOTE Confidence: 0.90654534

00:01:27.683 --> 00:01:30.538 be able to offer our services to

NOTE Confidence: 0.90654534

00:01:30.538 --> 00:01:33.697 all of our patients within the state

NOTE Confidence: 0.90654534

00:01:33.697 --> 00:01:36.347 who are from diverse backgrounds,

NOTE Confidence: 0.90654534

00:01:36.350 --> 00:01:38.930 and I think that it's important.

NOTE Confidence: 0.90654534

00:01:38.930 --> 00:01:41.816 It's a. It's certainly a mission.

NOTE Confidence: 0.90654534

00:01:41.820 --> 00:01:43.990 For Yale Cancer Center now and we

NOTE Confidence: 0.90654534

00:01:43.990 --> 00:01:46.158 hope to continue that going forward.
