NOTE Confidence: 0.90717834

 $00:00:00.000 \longrightarrow 00:00:02.670$  Hello, my name is Dan Boffa.

NOTE Confidence: 0.90717834

 $00{:}00{:}02.670 \dashrightarrow 00{:}00{:}05.230$  I'm a thoracic surgeon and I am the

NOTE Confidence: 0.90717834

00:00:05.230 --> 00:00:07.769 chief of thoracic surgery at Yale,

NOTE Confidence: 0.90717834

00:00:07.770 --> 00:00:08.955 New Haven Hospital.

NOTE Confidence: 0.90717834

 $00:00:08.955 \longrightarrow 00:00:11.325$  I specialize in cancer of the

NOTE Confidence: 0.90717834

00:00:11.325 --> 00:00:12.868 esophagus and of the lung.

NOTE Confidence: 0.90717834

 $00:00:12.870 \longrightarrow 00:00:14.742$  I really try to break things

NOTE Confidence: 0.90717834

 $00:00:14.742 \longrightarrow 00:00:17.325$  down in a way that is very

NOTE Confidence: 0.90717834

00:00:17.325 --> 00:00:19.415 simple and understandable to me,

NOTE Confidence: 0.90717834

 $00:00:19.420 \longrightarrow 00:00:21.860$  which my patients generally appreciate

NOTE Confidence: 0.90717834

 $00{:}00{:}21.860 \dashrightarrow 00{:}00{:}23.812$  because you're overwhelmed with

NOTE Confidence: 0.90717834

 $00:00:23.812 \longrightarrow 00:00:25.898$  so much information and things

NOTE Confidence: 0.90717834

 $00:00:25.898 \longrightarrow 00:00:28.184$  that are not familiar to you.

NOTE Confidence: 0.90717834

 $00{:}00{:}28.190 \dashrightarrow 00{:}00{:}30.630$  I will be honest and I'm going to

NOTE Confidence: 0.90717834

 $00{:}00{:}30.630 \dashrightarrow 00{:}00{:}32.947$  give you the straight answers because

NOTE Confidence: 0.90717834

 $00{:}00{:}32.947 \dashrightarrow 00{:}00{:}35.867$  I think we together have to come

NOTE Confidence: 0.90717834

00:00:35.867 --> 00:00:38.267 up with some some big decisions

NOTE Confidence: 0.90717834

 $00:00:38.267 \longrightarrow 00:00:40.830$  that are important and I think you

NOTE Confidence: 0.90717834

 $00{:}00{:}40.830 \dashrightarrow 00{:}00{:}43.610$  need to know what we're up against.

NOTE Confidence: 0.90717834

00:00:43.610 --> 00:00:46.242 We have a a broad research focus

NOTE Confidence: 0.90717834

 $00:00:46.242 \longrightarrow 00:00:47.370$  in our group.

NOTE Confidence: 0.90717834

 $00{:}00{:}47.370 \dashrightarrow 00{:}00{:}49.692$  We concentrate on trying to identify

NOTE Confidence: 0.90717834

 $00{:}00{:}49.692 \dashrightarrow 00{:}00{:}51.657$  the best treatments for cancers

NOTE Confidence: 0.90717834

 $00{:}00{:}51.657 \dashrightarrow 00{:}00{:}53.757$  of the lung and the esophagus.

NOTE Confidence: 0.90717834

 $00:00:53.760 \longrightarrow 00:00:56.413$  We also try to identify patterns of

NOTE Confidence: 0.90717834

 $00:00:56.413 \longrightarrow 00:00:59.449$  care that lead to the most appropriate.

NOTE Confidence: 0.90717834

00:00:59.450 --> 00:01:00.994 Environments taking care of

NOTE Confidence: 0.90717834

 $00:01:00.994 \longrightarrow 00:01:02.538$  the more complicated cases,

NOTE Confidence: 0.90717834

 $00{:}01{:}02.540 \dashrightarrow 00{:}01{:}05.164$  and we also do research to make sure

NOTE Confidence: 0.90717834

 $00:01:05.164 \longrightarrow 00:01:07.644$  that care is distributed fairly across

NOTE Confidence: 0.90717834

 $00:01:07.644 \longrightarrow 00:01:10.260$  all people in the United States,

NOTE Confidence: 0.90717834

 $00:01:10.260 \longrightarrow 00:01:12.654$  people have often ask me how

NOTE Confidence: 0.90717834

 $00:01:12.654 \longrightarrow 00:01:15.280$  we get the results that we do,

NOTE Confidence: 0.90717834

 $00:01:15.280 \longrightarrow 00:01:17.386$  and I've often considered myself an

NOTE Confidence: 0.90717834

 $00:01:17.386 \longrightarrow 00:01:19.909$  average surgeon who gets excellent results,

NOTE Confidence: 0.90717834

00:01:19.910 --> 00:01:22.076 and I'd much rather be that

NOTE Confidence: 0.90717834

 $00:01:22.076 \longrightarrow 00:01:24.150$  than the other way around,

NOTE Confidence: 0.90717834

 $00:01:24.150 \longrightarrow 00:01:26.950$  and the way that we do that is

NOTE Confidence: 0.90717834

 $00:01:26.950 \longrightarrow 00:01:29.502$  with a great team, my team.

NOTE Confidence: 0.90717834

 $00:01:29.502 \longrightarrow 00:01:31.282$  Spends a tremendous amount of

NOTE Confidence: 0.90717834

 $00{:}01{:}31.282 \dashrightarrow 00{:}01{:}33.487$  time and effort and energy in

NOTE Confidence: 0.90717834

00:01:33.487 --> 00:01:35.267 building expertise so that they

NOTE Confidence: 0.90717834

 $00{:}01{:}35.267 --> 00{:}01{:}37.170$  can take care of patients.

NOTE Confidence: 0.90717834

 $00:01:37.170 \longrightarrow 00:01:40.018$  And this is not a one person show.

NOTE Confidence: 0.90717834

 $00{:}01{:}40.020 \dashrightarrow 00{:}01{:}42.253$  We do it together and every day

NOTE Confidence: 0.90717834

 $00:01:42.253 \longrightarrow 00:01:44.774$  our goal is to get better so

NOTE Confidence: 0.90717834

 $00{:}01{:}44.774 \dashrightarrow 00{:}01{:}47.000$  that tomorrow we take better care

NOTE Confidence: 0.90717834

 $00:01:47.080 \longrightarrow 00:01:49.306$  of patients than we did today.
