The Smilow Cancer Hospital Care Centers in Trumbull and Fairfield provide access to expert cancer care and treatment to patients and families along the Northern part of Fairfield County.

We recognize that a cancer diagnosis can affect every aspect of life for you and your loved ones; our dedicated physicians and support staff are committed to providing care for every area. In addition to extensive clinical services, our Smilow Cancer Hospital Care Centers offer complementary support services for patients, their family members, and caregivers.

PRACTICE AT A GLANCE

- A patient-centered focus on exceptional cancer care with 50+ staff members and oncology board certified clinicians
- Medical Oncology: Over 2,100 patient visits and 1,800 infusion visits per month
- Radiation Oncology: 1,000+ radiation patient visits monthly
- A Smilow Surgical Specialty Center, including lung, head & neck, gynecologic, and melanoma surgery
- The Norma Pfriem Breast Center, offering a full spectrum of breast services and treatment options for patients
- On site diagnostic imaging, pharmacy, and clinical trials
- Access to supportive care clinicians, including an oncology nurse coordinator, social workers, a dietician, clinical research staff, palliative care, and survivorship planning
- Access to Integrative Medicine services, including massage, Reiki, acupuncture, music therapy, and psychology
