Friday, September 9, 2022
Location: 7.3.O - Orléans Auditorium
Time: 4:00PM – 5:30PM
Title: ESMO in collaboration with MASCC - Emerging toxicities to targeted therapies: Management strategies and future directions
Chair: Maryam Lustberg

Title: Safety management of Antibody-Drug-Conjugates
Lecture Time: 4:05PM – 4:20PM
Speaker: Maryam Lustberg

Saturday, September 10, 2022
Location: 4.A - Antibes Auditorium
Lecture Time: 9:05AM – 9:20AM
Title: Which impact of Her2-directed ADCs?
Speaker: Ian Krop

Monday, September 12, 2022
Location: 7.3.O – Orléans Auditorium
Lecture Time: 10:15AM – 11:45AM
Title: Detection, characterisation and targeting of minimal residual disease
Chair: Katerina Politi

Title: Persistor cells: What are they, biology and heterogeneity
Lecture Time: 10:20AM – 10:35AM
Speaker: Katerina Politi

Proffered Paper Session

Friday, September 9, 2022
Location: 7.2.F - Fécamp Auditorium
Lecture Time: 4:50PM – 5:00PM
Invited Discussant One LBA TBC and 728O
Speaker: David Braun
Friday, September 9, 2022  
Location: 7.3.O – Orléans Auditorium  
Lecture Time: 10:25AM – 10:35AM  
Title: A Phase I dose-escalation and expansion study evaluating the safety and efficacy of the MDM2–p53 antagonist BI 907828 in patients (pts) with solid tumours  
Speaker: Patricia LoRusso

Oral Sessions

Saturday, September 10, 2022  
Location: 7.1.D - Dijon Auditorium  
Lecture Time: 10:20AM – 10:25AM  
Title: Phase I Study of M6620 (VX-970, Berzosertib) in Combination with Cisplatin and XRT in Patients with Locally Advanced Head and Neck Squamous Cell Carcinoma  
Speaker: Aarti Bhatia

Saturday, September 10, 2022  
Location: Grenoble Auditorium  
Lecture time: 5:15PM – 5:30PM  
Title: Mini Oral session - Supportive and Palliative Care: Invited Discussant  
Speaker: Maryam Lustberg

Poster Sessions

Friday, September 9, 2022  
Location: Poster Area, Hall 4  
Lecture Time: 3:39PM – 3:40PM  
Title: Real-world management of immune-related adverse events in the community setting  
Presenter: Harriet Kluger

Saturday, September 10, 2022  
Location: Poster Area, Hall 4  
Lecture Time: 2:16PM – 2:17PM  
Title: Transcriptional profile changes in matched paired tumor samples after PARP inhibitor treatment in head and neck squamous cell carcinoma (HNSCC)  
Presenters: Myrto Moutafi and David Rimm

Sunday, September 11, 2022  
Location: Poster Area, Hall 4  
Lecture Time: 3:05PM – 3:06PM
Title: Overall survival (OS) in patients (pts) with metastatic hormone-sensitive prostate cancer (mHSPC) who received prior androgen deprivation therapy (ADT) and reached low prostate-specific antigen (PSA) levels treated further with enzalutamide (ENZA): post hoc analyses of ARCHES
Presenter: Daniel Petrylak

Monday, September 12, 2022
Location: Poster Area, Hall 4
Lecture Time: 12:34PM – 12:35PM
Title: Lung-MAP S1800A—Exploratory analysis of prior immunotherapy outcomes on OS with ramucirumab plus pembrolizumab for NSCLC with PD on prior ICI
Presenter: Roy S. Herbst

Industry Satellite Symposium

Monday, September 12, 2022
Location: 7.3.U Urval Auditorium
Lecture Time: 1:00PM – 2:30PM
Title: Sanofi and Regeneron - Decision-Making Discussions: IO in aNSCLC
Chair: Roy S. Herbst

Title: The role of biomarkers in selecting first-line therapy in aNSCLC
Lecture Time: 1:10PM – 1:25PM
Speaker: Roy S. Herbst

Title: First-line therapy in aNSCLC – Clinical cases forum - A case of unresectable locally aNSCLC, ineligible for surgical resection or definitive chemoradiation
Lecture Time: 1:45PM – 2:05PM
Speaker: Roy S. Herbst
